Understanding Human Sexuality 11th Edition:

Ebook: Understanding Human Sexuality Hyde; DeLamater, 2016-04-16 Ebook Understanding Human Sexuality

Human Sexuality Ami Rokach, Karishma Patel, 2021-01-22 Human sexuality touches us all pun intended We all either enjoy it struggle with it or may have been victims of it Sexuality is not just about sex but about human sexual function the physiology of sex the hormones involved and how they affect us and the cultural norms related to it Sexual function and dysfunction are closely tied to one's self esteem self respect and to relationships with intimate partners Human Sexuality Function Dysfunction Paraphilias and Relationships explores the interplay of intimacy and sexuality how it can enhance relationships and how it can negatively affect them or be affected by them When individuals or partners encounter sexual problems or dysfunctions it can have a long lasting affect both biologically and psychologically Dr Rokach explores the causes and the reasons that these dysfunctions are maintained and successful treatment methods Chapters on sexual offenses and paraphilias and what treatment options are available to sexual offenders are also included This book is the first book to place sexuality where it belongs within the context of relationships demonstrating how sexuality relates to intimacy by both enhancing and negatively affecting it Explains psychological biological and sociological theories of sexuality Addresses sexual dysfunctions according to various models of sex therapy Discusses the biological developmental and sociological theories of sexual orientation Explores the specific hormones in male and female sexual behavior

The Psychology of Women and Gender Nicole M. Else-Quest, Janet Shibley Hyde, 2021-01-20 A psychology of women textbook that fully integrates transgender research issues and concerns With clear comprehensive and cutting edge coverage The Psychology of Women and Gender Half the Human Experience delivers an authoritative analysis of classical and up to date research from a feminist psychological viewpoint Authors Nicole M Else Quest and Janet Shibley Hyde examine the cultural and biological similarities and differences between genders noting how these characteristics can affect issues of equality Students will come away with a strong foundation for understanding the dynamic influences of gender sexual orientation and ethnicity in the context of psychology and society The Tenth Edition further integrates intersectionality throughout every chapter updates language for more transgender inclusion and incorporates new content from guidelines put forth from the American Psychological Association

The Psychology of Love and Hate in Intimate Relationships Katherine Aumer, 2016-06-23 Social psychology has made great advancements in understanding how our romantic relationships function and to some extent dissolve However the social and behavioral sciences in much of western scholarship often focus exclusively on the more positive aspects of intimate relationships and less so on more controversial or unconventional aspects The goal of this volume is to explore and illuminate some of these underrepresented aspects aspects such as non monogamy female orgasm sadism and hate that often function alongside love in intimate relationships Ultimately by looking at intimate relationships in this way the volume contributes to and advocates for a more holistic and comprehensive view of intimate relationships Throughout the

volume contributors from social clinical and evolutionary psychology cover love and hate from a variety of sometimes opposing perspectives The first section covers love and the changing landscape of intimate relationships Its chapters review the current literature and research of understudied topics like non monogamy female orgasm sexual fantasies and the viewpoint of love as something other than positive The second section explores hate and how hate can operate in intimate relationships for example the appearance of sadistic behavior and debates the nature of hate as either a motivation or emotion The volume concludes by looking at ways in which the appearance of hate in relationships can be dealt with and overcome successfully Taken together these two sections reflect the full variety of experiences within intimate relationships With the aim of exploring how love and hate can and frequently do work together **The Psychology of Love and Hate in Intimate Relationships** is a fascinating psychological exploration of intimate relationships in modern times It is an invaluable resource to academics and students specializing in psychology gender and sociology including clinicians and therapists and all those interested in increasing our knowledge of intimate relationships

Systemic Sex Therapy Katherine M. Hertlein, Nancy Gambescia, Gerald R. Weeks, 2015-02-20 This comprehensive textbook intended for graduate students in couple and family therapy programs as well as for clinicians of diverse orientations offers descriptive discussions of sex therapy based on the Intersystem Approach as developed by Gerald Weeks The Intersystem Approach considers the biology psychology couple dyad family of origin and larger contextual factors of any sexual disorder or issue It is grounded in systems theory and represents a new understanding of human sexuality and sexual problems Appropriate for anyone who wants to progress to a more comprehensive and integrative understanding of sexual dysfunctions this text will teach the reader how to treat the couple rather than the individual Now in a second edition **Systemic Sex Therapy** presents 12 updated chapters and two new chapters bringing the material up to date with the DSM 5 Each chapter examines the definition and description of a disorder its etiology assessment treatment research and future directions Experts in the field discuss issues ranging from pharmacology sexual compulsivity therapy with lesbian and gay couples to chapters on male and female lack of desire A standard text in the field **Systemic Sex Therapy** integrates couple and sex therapy to inform the treatment of sexual problems and to give beginning and experienced clinicians the abilities and confidence they need to produce viable change in their patients lives

Females, Males, and Sexuality Kathryn Kelley, 2015-05-28 **Females Males and Sexuality** examines the differences and similarities between males and females in their sexual attitudes fantasies and behaviors Long a controversial subject the differences between the sexes remains a source of unanswered questions and provocative debates The views of eight behavioral scientists are combined in this volume to provide biological social and socio biological perspectives on gender and sexuality Sex variations in attitudes and behaviors are integrated in the introductory chapter It provides a theoretical framework for describing current findings presented in subsequent chapters as well as predicting the likelihood of sex differences in future studies In other chapters research on the premenstrual syndrome hormones and sexual

expectations are analyzed In chapters on attitudes about contraception female contraceptive behavior serves as a model for organizing predictions about such behavior in males *Women's Health Care in Advanced Practice Nursing, Second Edition* Ivy M. Alexander, PhD, APRN, ANP-BC, FAANP, FAAN, Versie Johnson-Mallard, PhD, ARNP, WHNP-BC, FAANP, Elizabeth Kostas-Polston, PhD, APRN, WHNP-BC, FAANP, Catherine Ingram Fogel, PhD, RNC, FAAN, Nancy Fugate Woods, PhD, RN, FAAN, 2016-08-19 Replete with vital information the second edition of this authoritative women s health text provides graduate nursing students and nurse practitioners with the resources to deliver optimal health to women of all ages Edited by a team of highly distinguished clinicians scholars and educators chapters retain a distinctive sociocultural lens that gives a view of women s health as it relates to women s lives and identities Eighteen new chapters address clinical primary care topics genetics environmental and occupational health promotion health considerations for female caregivers transgender care urologic health concerns dementia care and more An instructor s toolkit includes multiple resources to enhance critical thinking and case studies engage critical thinking skills to apply the multidimensional content in context This uniquely comprehensive resource examines women s health through a variety of clinical practice and theoretical frameworks such as feminism feminist theory and globalization The second edition retains the important focus on prevention managing symptoms and health problems that are unique to women Chapters address relevant legal issues health throughout the life span nutrition and exercise sleep difficulties mental health LGBTQ health fertility substance abuse violence against women and dozens of specific health disorders NEW TO THE SECOND EDITION Updated to include the most current evidence based primary care management guidelines in women s health Includes 18 new chapters addressing health promotion and symptom management Provides a robust instructor s toolkit to foster critical thinking Organized to enhance easy retrieval of numerous clinical topics Includes theoretical frameworks for women s health health promotion and prevention and women s health management Presents brand new information on genetics transgender health endocrine related problems health considerations for caregivers and dementia care KEY FEATURES Distills cutting edge information on women s health issues through a sociocultural framework Offers a comprehensive investigation of key topics in women s health Edited by renowned scholar educators for advanced practice nursing students **Lifespan Development** Michele Hoffnung, Robert J.
