

James William Martin

A large oil rig is engulfed in flames, with thick black smoke billowing into the sky. Two other oil rigs are nearby, one of which is spraying a powerful jet of water onto the burning rig.

UNEXPECTED CONSEQUENCES

Why the Things We Trust *Fail*

Unexpected Consequences

Prue Vines, Arno Akkermans

Unexpected Consequences:

Unexpected Consequences James William Martin, 2011-09-12 In this book interrelationships between more than 40 recent catastrophic events are explored discussing failures of structures and machines information technology regulatory agencies security designs and more The world is full of wonderful products and services that occasionally disappoint and even harm us *Unexpected Consequences Why The Things We Trust Fail* explores the reasons these failures occur examining them from technological human and organizational perspectives Using more than 40 recent catastrophic events to illustrate its points the book discusses structural and machine failure but also the often overlooked failure of people and of systems related to such things as information technology healthcare and security As the book demonstrates faulty technology played a surprisingly small part in many of the scrutinized disasters Author James William Martin finds cognitive factors and organizational dynamics including ethics are major contributors to most unexpected and catastrophic failures causing loss of life and extensive property damage With that fresh perspective in mind Martin is able to suggest remedies that address service failure and just may help prevent future disasters from taking place

Unexpected Consequences of Compensation Law Prue Vines, Arno Akkermans, 2020-09-03 This book explores the performance of compensation law in addressing the needs of the injured Compensation procedure can be dangerous to your health and may fail to compensate without aggravation creating other problems This book takes a refreshing and insightful approach to the law of compensation considering from an interdisciplinary perspective the actual effect of compensation law on people seeking compensation Tort law workers compensation medical law industrial injury law and other schemes are examined and unintended consequences for injured people are considered These include ongoing physical and mental illness failure to rehabilitate the impact on social security entitlements medical care as well as the impact on those who serve the lawyers administrators medical practitioners etc All are explored in this timely and fascinating book The contributors include lawyers psychologists and medical practitioners from multiple jurisdictions including Australia the Netherlands Canada Italy and the UK [The Nature of Change Or the Law of Unintended Consequences](#) John Mansfield, 2010 This absorbing book provides a broad introduction to the surprising nature of change and explains how the Law of Unintended Consequences arises from the waves of change following one simple change Change is a constant topic of discussion whether be it on climate politics technology or any of the many other changes in our lives However does anyone truly understand what change is Over time mankind has deliberately built social and technology based systems that are goal directed there are goals to achieve and requirements to be met Building such systems is man's way of planning for the future and these plans are based on predicting the behavior of the system and its environment at specified times in the future Unfortunately in a truly complex social or technical environment this planned predictability can break down into a morass of surprising and unexpected consequences Such unpredictability stems from the propagation of the effects of change through the influence of one event on another The

Nature of Change explains in detail the mechanism of change and will serve as an introduction to complex systems or as complementary reading for systems engineering This textbook will be especially useful to professionals in system building or business change management and to students studying systems in a variety of fields such as information technology business law and society

Unintended Consequences Marianne Dickie,Dorota Gozdecka,Sudrishti Reich,2016-08-23 This book arose from an inaugural conference on Migration Law and Policy at the ANU College of Law The conference brought together academics and practitioners from a diverse range of disciplines and practice The book is based on a selection of the papers and presentations given during that conference Each explores the unexpected unwanted and sometimes tragic outcomes of migration law and policy identifying ambiguities uncertainties and omissions affecting both temporary and permanent migrants Together the papers present a myriad of perspectives providing a sense of urgency that focuses on the immediate and political consequences of an Australian migration milieu created without due consideration and exposing the daily reality under the migration program for individuals and for society as a whole

Unintended Consequences of Human Actions Elena Ermolaeva,Jessica Ross,2012-07-10 Using a mixed method approach Unintended Consequences of Human Actions documents a wide range of unintended and unanticipated consequences of human actions The major message is the urgent need to review a range of possible outcomes of human actions During these fragile times looking down the road has become imperative

Sociology as Analysis of the Unintended Adriana Mica,2018-06-27 Sociology of unintended consequences is commonly depicted as a framework for understanding the outcomes that run counter to the initial intentions of social actors because of factors such as ignorance error and complexity This conventional approach however is now undergoing change under the influence of more encompassing shifts in framing in social sciences Indeed in the last few years the study of the unintended has evidently moved from the question What are the sources of the unintended to the inquiry What is it that makes the unintended possible or What risks but also opportunities do the unintended entail Explaining this puzzle in relation to the internal dynamics of sociology of unintended consequences Adriana Mica makes an erudite journey in relation to its three main analytical frameworks their semantic shifts setbacks and theoretical revivals Certainly through the examination of the use of protective headgear in boxing this volume renders explicitly the possibilistic turn not only in the specific research of the unintended but in sociology more generally Presenting the contributions of leading sociology theorists in a new light Sociology as Analysis of the Unintended will appeal to graduate students and researchers interested in fields such as theoretical sociology sociology of substantive issues and sociology of sport

The Unintended Consequences of Interregionalism Elisa Lopez-Lucia, Frank Mattheis,2020-12-30 This edited book brings a new analytical angle to the study of comparative regionalism by focussing on the unintended consequences of interregional relations The book satisfies the need to go beyond the consideration of the success or failure of international policies It sheds light on complex interactions involving multiple actors individual and institutional driven by various representations interests and

strategies and which often result in unintended consequences that powerfully affect the socio political context in which they unfold By providing a new conceptual framework to understand how interregionalism brings about social change the book examines the effects on the individual and institutional actors of interregional relations and the effects on the social structures that constitute interregionalism It also examines interregionalism s transformational character for structures of regional and international governance as well as societies This book will be of key interest to scholars and students in the fields of comparative regionalism interregionalism EU studies international and regional organisations global governance and more broadly to international relations international politics and comparative area studies Unintended Consequences

Kenneth J. Hagan,Ian J. Bickerton,2007-04-25 In this timely groundbreaking study the authors examine ten major wars fought by the United States from the Revolutionary War to the ongoing Iraq War and analyze the conflicts unintended consequences **Nature Of Change Or The Law Of Unintended Consequences, The: An Introductory Text To Designing Complex Systems And Managing Change** John Mansfield,2010-03-22 This absorbing book provides a broad introduction to the surprising nature of change and explains how the Law of Unintended Consequences arises from the waves of change following one simple change Change is a constant topic of discussion whether be it on climate politics technology or any of the many other changes in our lives However does anyone truly understand what change is Over time mankind has deliberately built social and technology based systems that are goal directed there are goals to achieve and requirements to be met Building such systems is man s way of planning for the future and these plans are based on predicting the behavior of the system and its environment at specified times in the future Unfortunately in a truly complex social or technical environment this planned predictability can break down into a morass of surprising and unexpected consequences Such unpredictability stems from the propagation of the effects of change through the influence of one event on another The Nature of Change explains in detail the mechanism of change and will serve as an introduction to complex systems or as complementary reading for systems engineering This textbook will be especially useful to professionals in system building or business change management and to students studying systems in a variety of fields such as information technology business law and society a **Unintended Consequences of EU External Action** Olga Burlyuk,Gergana Noutcheva,2020-06-09

This book offers a conceptualisation of unintended consequences and addresses a set of common research questions highlighting the nature what the causes why and the modes of management how of unintended consequences of the European Union s EU external action The chapters in the book engage with conceptual and empirical dimensions of the topic as well as scholarly and policy implications thereof They do so by looking at EU external action across various policy domains including trade migration development state building democracy promotion and rule of law reform and geographic areas including the USA Russia the Western Balkans the southern and eastern European neighbourhood and Africa The book contributes to the study of the EU as an international actor by broadening the notion of its impact abroad to include the

unintended consequences of its in actions and by shedding new light on the conceptual paradigms that explain EU external action This book fills the gap in IR and EU scholarship concerning unintended consequences in an international context and will be of interest to anyone studying this important phenomenon It was originally published as a special issue of The International Spectator Italian Journal of International Affairs Chapters 1 3 7 8 and 9 are available Open Access at <https://www.routledge.com/products/9780367346492> **Unintended Consequences and the Social Sciences** Lorenzo

Infantino,2023-08-14 Illustrating the knowledge and ideas of thinkers such as Mandeville Hume Montesquieu and Smith this book fully investigates the entire panorama of social sciences as well as providing a clear and concise analysis of the history of the social sciences from the point at which evolutionary theory entered the field **Unintended Consequences of**

Internationalization in Higher Education Shahrzad Kamyab,Rosalind Latiner Raby,2023-02-08 By presenting case studies of internationalization in institutions of higher education around the world this volume identifies unforeseen or unintended impacts within and across countries With contributions from Africa Asia Europe Latin America Middle East and North America the volume considers the nature and origin of positive and negative unintended consequences of internationalization policy and practice in national contexts while also offering uniquely comparative insights Chapters consider how internationalization is reflected in curricula teaching research and mobility initiatives to highlight common pitfalls as well as best practice for effective sustainable and equitable internationalization globally Using a critical lens the book explores how internationalization offers opportunities for learning for entrepreneurial change and for knowledge dissemination and generates paradoxes and dilemmas in terms of political and ethical issues for individuals communities and the institutions themselves Foregrounding the study of internationalization in countries not typically studied this book is a valuable resource for researchers and academics with an interest in internationalization comparative and international education and the sociology of education **Foreign Aid and Its Unintended Consequences** Dirk-Jan Koch,2023-09-27

Foreign aid and international development frequently bring with it a range of unintended consequences both negative and positive This book delves into these consequences providing a fresh and comprehensive guide to understanding and addressing them The book starts by laying out a theoretical framework based on complexity thinking before going on to explore the ten most prevalent kinds of unintended effects of foreign aid backlash effects conflict effects migration and resettlement effects price effects marginalization effects behavioural effects negative spillover effects governance effects environmental effects and ripple effects Each chapter revolves around a set of concrete case studies analysing the mechanisms underpinning the unintended effects and proposing ways in which policymakers practitioners and evaluators can tackle negative side effects and maximize positive side effects The book also includes personal testimonies a succinct overview of unintended effects and suggestions for further reading Providing a clear overview of what side effects to anticipate when planning executing and evaluating aid this book will be an important resource for students development

practitioners and policymakers alike The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Unintended Consequences of Constitutional Amendment David E. Kyvig, 2000 Constitutional amendments like all laws may lead to unanticipated and even undesired outcomes In this collection of original essays a team of distinguished historians political scientists and legal scholars led by award winning constitutional historian David E Kyvig examines significant instances in which reform produced something other than the foreseen result An opening essay examines the intentions of the Constitution's framers in creating an amending mechanism and then explores unexpected uses of that instrument Thereafter authors focus on the Bill of Rights and subsequent amendments addressing such subjects as criminal justice procedures the presidential election system the Civil War's impact on race and gender relations the experiment in national prohibition women's suffrage and finally limits on the presidency Together these contributions illuminate aspects of constitutional stability and evolution challenging current thinking about reform within the formal system of change provided by Article V of the Constitution Forcefully demonstrating that constitutional law is not immune to unanticipated consequences the eight scholars underscore the need for care responsibility and historical awareness in altering the nation's fundamental law

Bending the Law of Unintended Consequences Richard M. Adler, 2020-02-10 This title provides managers executives and other professionals with an innovative method for critical decision making The book explains the reasons for decision failures using the Law of Unintended Consequences This account draws on the work of sociologist Robert K Merton psychologists Amos Tversky and Daniel Kahneman and economist Herbert Simon to identify two primary causes cognitive biases and bounded rationality It introduces an innovative method for test driving decisions that addresses both causes by combining scenario planning and what if simulations This method enables professionals to learn safely from virtual mistakes rather than real ones It also provides four sample test drives of realistic critical decisions as well as two instructional videos to illustrate this new method This book provides leaders and their support teams with important new tools for analyzing and refining complex decisions that are critical to organizational well being and survival **An**

Exploration of Unintended Consequences Ajit Chaudhuri, 2024-12-02 This is a collection of five warm and sentimental novelettes that provide an unapologetic male gaze despite the raconteur in three of them being women upon the actions of ordinary people and the consequences of these actions intended and unintended upon their lives In the process it takes the reader on a whirlwind tour of India from the eastern states of Bihar and Jharkhand to the western city of Mumbai and from the line of control in Kashmir to the southern city of Chennai covering a span of time from the license raj days of the 1980s to the lockdown and its aftermath in the 2020s and describing the lives of a range of people from the English speaking elite to others from less educated and exposed sections of society The collection is a must read for those looking to introduce themselves to the parts of the country and its people that they may not be familiar with and to values and attitudes different

to their own **Unintended Consequences of Electronic Medical Records** Barbara Cook Overton,2019-12-13

Unintended Consequences of Electronic Medical Records An Emergency Room Ethnography argues that while electronic medical records EMRs were supposed to improve health care delivery EMRs unintended consequences have affected emergency medicine providers and patients in alarming ways Higher healthcare costs decreased physician productivity increased provider burnout lower levels of patient satisfaction and more medical mistakes are just a few of the consequences Barbara Cook Overton observes while studying one emergency room s EMR adoption With data collected over six years Overton demonstrates how EMRs harm health care organizations and thrust providers into the midst of incompatible rule systems without appropriate strategies for coping with these challenges thus robbing them of agency Using structuration theory and its derivatives to frame her analysis Overton explores the ways providers communicatively and performatively receive and manage EMRs in emergency rooms Scholars of communication and medicine will find this book particularly useful

Entities and Structures in the Embedding Process Qingong Wei,Hanlin Li,2018-11-19 This book provides a rare integrative interpretation of government enterprise relations in China offering readers a comprehensive understanding of the topic Focusing on the government and its principal goals it describes the transition of government enterprise relations and highlights the embedding of the entities of government and enterprises in specific political economic and social environments Further it analyzes how the government s institutional arrangement regulates the behavior of various types of enterprises with different structures and the logic mechanisms such institutional arrangements use to change and shape government enterprise relations Based on these issues and logic mechanisms the book points out the complexity of government enterprise relations and the diversity of their transition path thus reflecting some typical features in the overall reform of China and discussing specific factors related to China s social development experience

Evaluation of Quality in Health Care for DNPs, Third Edition Joanne V. Hickey,Eileen R. Giardino,2021-07-06 Now in its third edition this award winning text work is the only advanced practice nursing text to present effective systematic and in depth evaluations of all aspects of health care quality Comprehensive in scope it distills best practice information from numerous sources to facilitate utmost competency for APN and DNP graduates The third edition keeps pace with the rapidly evolving healthcare market by presenting a more comprehensive range of evaluation strategies for analyzing quality safety and value in healthcare practice and programs It provides a completely new chapter on evaluation of simulation programs to improve clinician competency and patient care technology An increased focus on the application of quality improvement is woven throughout including the quality improvement research continuum and an emphasis on interdisciplinary collaboration and teamwork New case studies specific examples from a variety of QI projects and content specifically geared to improve teamwork also add to the book s outstanding value The text also delves into the theoretical basis of evaluation and its application as an integral part of contemporary practice It includes evaluation models that enable nurses to address

economic and financial viability and guides readers through the translation of outcomes from evaluation into health care policy. Additionally, the text now includes PowerPoints for instructors. New to the Third Edition: New chapter: Evaluation of Simulation to Support Ongoing Competency in the HC Workforce. Additional case studies and specific examples from QI projects. Increased focus on teamwork and collaboration. Enhanced discussion of theoretical foundations of evaluation approaches. New focus on program evaluation and dissemination of findings. Key Features: Addresses AACN competencies and scope of practice. Helps students integrate best and evidence-based practices into care. Provides guidance on practical methods and tools for Quality Improvement Project. Presents evaluation models enabling nurses to address economic and financial viability. Includes evaluations of organizations' systems, standards for practice, health care redesign, and the challenges of electronic medical records.

How Technologies Harm Mark A. Wood, 2025-10-30. Technologies contribute to harms in a variety of ways, but can we ever say they are harmful in and of themselves? This book offers a new way to understand how technologies, while not intrinsically harmful, are laden with values and dispositions that can contribute to negative outcomes. Building on insights from postphenomenology, realist social theory, and the philosophy of action, it provides a framework for examining technology-harm relations: relations with technology that are harmful by virtue of what they contribute to bringing about. It is for anyone seeking to design, regulate, research, or simply use technology in a way that prioritizes well-being.
