The Tibetan Book of the Dead Donald S. Lopez, 2011-02-07 How an eccentric spiritualist from Trenton

New Jersey helped create the most famous text of Tibetan Buddhism The Tibetan Book of the Dead is the most famous Buddhist text in the West having sold more than a million copies since it was first published in English in 1927 Carl Jung wrote a commentary on it Timothy Leary redesigned it as a guidebook for an acid trip and the Beatles quoted Leary's version in their song Tomorrow Never Knows More recently the book has been adopted by the hospice movement enshrined by Penguin Classics and made into an audiobook read by Richard Gere Yet as acclaimed writer and scholar of Buddhism Donald Lopez writes The Tibetan Book of the Dead is not really Tibetan it is not really a book and it is not really about death In this compelling introduction and short history Lopez tells the strange story of how a relatively obscure and malleable collection of Buddhist texts of uncertain origin came to be so revered and so misunderstood in the West The central character in this story is Walter Evans Wentz 1878 1965 an eccentric scholar and spiritual seeker from Trenton New Jersey who despite not knowing the Tibetan language and never visiting the country crafted and named The Tibetan Book of the Dead In fact Lopez argues Evans Wentz's book is much more American than Tibetan owing a greater debt to Theosophy and Madame Blavatsky than to the lamas of the Land of Snows Indeed Lopez suggests that the book's perennial appeal stems not only from its origins in magical and mysterious Tibet but also from the way Evans Wentz translated the text into the language of a very American spirituality
