There When He Needs You Neil I. Bernstein, 2008-05-13 Men want to be better fathers and today they're trying harder than ever They jog

behind strollers leave work early for parent teacher conferences and roughhouse with their kids before they've had a chance to change out of their suits. But many men aren't building the relationships with their sons that they'd hoped for. And sons are finding it hard to confide in fathers who must devote so much of their time to building careers that both keep them from their families and keep their families comfortable. Many fathers admit that they don't have a clue what's going on in their sons' lives from ball game schedules to online communities to fears and anxieties about school friends and relationships. Fathers often walk around burdened with guilt worried they're just not able to do the right thing even though they're trying to be equal partners in parenting with their wives. There When He Needs You is the first book to tell the truth about the challenges that fathers of sons face today including the intergenerational legacies of self-doubt that they anxiously carry from themselves having had distant unavailable fathers. A self-treatment program as well as a psychological X-ray of today's father. There When He Needs You shows you how to create and strengthen a real meaningful bond with your son. Through real life stories of real life dads who have lost and found their way you as a father will learn to reorder your priorities express yourself more openly connect with your loved ones and become the role model that your son needs. Wives will learn how to gently help their husbands do this no nagging threatening or criticizing while becoming their husband's best friend cheerleader and coach. Turning the father-son dynamic inside out. There When He Needs You helps fathers sons and mothers to understand their roles in the family and create relationships that fuel closeness and trust. There When He Needs You will open your eyes tickle your funny bone and touch your heart. Ultimately you'll understand what it really means to be a father to your son and discover new ways to be there for him.

Trastorno disocial César Armando Rey Anacona, 2022-08-17. A pesar de que los avances tecnológicos han generado una notable mejora en la calidad de vida de la población mundial, las cifras de crimen y violencia parecen incrementarse de la misma manera. Esto se debe quizás a la pérdida de valores sociales, al desempleo, a la pobreza, a la marginación social y a la desintegración familiar que dan como resultado un aumento en el número de niños y adolescentes que evidencian una conducta antisocial. Es importante notar que este tipo de conducta es voluntaria y que por tanto se puede prevenir. Pero antes es necesario determinar cuáles son las condiciones biológicas, psicológicas, sociales y culturales que favorecen este tipo de comportamiento con el fin de establecer estrategias de prevención eficaces que permitan evitar los altos costos morales, sociales y económicos que se derivan de ella. La presente obra, *Trastorno Disocial: Evaluación, tratamiento y prevención de la conducta antisocial en niños y adolescentes*, reseña que la prevención de la violencia y el crimen pasa por la comprensión de los orígenes de dicha conducta, así como en la identificación de los niños y adolescentes que exhiben tempranamente estas dificultades para un tratamiento preventivo integral a futuro. Coherentemente, el texto se divide en tres secciones que cubren de manera clara y precisa temas como los aspectos conceptuales y descriptivos, los factores de riesgo, el diagnóstico, la evaluación y el tratamiento en busca de la prevención de la conducta antisocial en niños y adolescentes. Esta obra

se hace indispensable para la labor de aquellos profesionales que diariamente enfrentan este problema como son psicólogos trabajadores sociales pedagogos y estudiantes
