The Trickster, Magician & Grieving Man Glen A. Mazis,1993 **The Masculinity Conspiracy** Joseph Gelfer,2011-08-14 What if the biggest conspiracy in human history had gone completely unnoticed What if that conspiracy was responsible for some of the biggest problems the world faces today Wouldn't you want to know Wouldn't you want to do something about it Well guess what You can The Masculinity Conspiracy argues that nearly every assumption about masculinity in contemporary society is wrong The result is nothing short of exposing a worldwide conspiracy that has been preventing humanity from reaching its fullest potential **Merleau-Ponty, Interiority and Exteriority, Psychic Life and the World** Dorothea Olkowski,James Morley,1999-09-09 Explores Merleau Ponty's approach of taking the phenomenon of the body out of the dualistic constraints of interior and exterior and the consequences thereof **Earthbodies** Glen A. Mazis,2012-02-01 Earthbodies describes how our bodies are open circuits to a sensual magic and planetary care that when closed off leads to disastrous detours such as illness, disease and toxicity In doing so it answers a variety of questions Can we understand our bodies without understanding how they are part of a rhythmic flow with the rest of the planet How can we decide how to treat the animals around us when we fail to realize the nature of our kinship with them Without hearing the voices of the earth, rocks and ocean waves how can we dialogue with the planet or understand ourselves Why are we so fascinated with film versions of nightmarish ghouls and vampires How can celebrities impact more on our lives than our own families What kind of human connection can we expect from the Internet How is it that some of our adolescent boys shoot down their schoolmates Despite our apparent cynicism is our culture overly sentimental What kind of ethics would help us find a moral way to achieve an inclusive global community and cherish the environment **The Care of Men** Christie Cozad Neuger,James Newton Poling,1997 Authors Neuger and Newton Poling explore the various crises afflicting men today Changing role expectations, gender expectations and diminishing economic opportunities force men to find new foundations for self-esteem and identity **Get 'em All! Kill 'em!** Bruce Wilshire,2005-01-01 Why do groups become genocidal and try to incapacitate all members of an alien group even sometimes killing fetuses Prematurely alluding to evil or to the Devil blocks the possibility for further inquiry Get Em All Kill Em is the first systematic attempt to explain what up until now has seemed to be inexplicable phenomena *The Good And Evil Serpent* James H. Charlesworth,2010-01-01 The serpent of ancient times was more often associated with positive attributes like healing and eternal life than it was with negative meanings This groundbreaking book explores in plentiful detail the symbol of the serpent from 40 000 BCE to the present and from diverse regions in the world In doing so it emphasizes the creativity of the biblical authors' use of symbols and argues that we must today reexamine our own archetypal conceptions with comparable creativity From publisher description **Wild Hunger** Bruce Wilshire,1999-10-27 Why is it that even amidst affluence and power our culture is plagued by a variety of addiction In this pioneering book the author searches for answers by giving serious attention to our genetic legacy

from our hunter gatherer ancestors as well as to the unique ways we adapt to our environment through the practice of science addiction including drugs alcohol cigarettes and gambling suggesting that wilderness exploration in the arts myths and ceremonies can help us rediscover what it means to be human creatures Bringing together the insights of philosophy religion cultural anthropology behavioural biology and the vast socio medical literature on addiction The author ingeniously explores the limits of our adaptive capacity and the costs of depleting the natural regenerative functions of the body

Numen, Old Men Joseph Gelfer, 2016-09-17 Since the early 1990s there have been various movements designed to encourage masculine spirituality All these movements share a concern that spirituality has become too feminine and that men's experiences of the spiritual are being marginalized The task of masculine spirituality is to promote authentic masculine characteristics within a spiritual context Numen Old Men examines these characteristics to argue that masculine spirituality is thinly veiled patriarchy The mythopoetic evangelical and Catholic men's movements are shown to promote a hetero patriarchal spirituality by appealing to either combative and oppressive neo Jungian archetypes or biblical models of man as the leader of the family Numen Old Men examines spiritualities that aim to honour and transcend both the masculine and feminine and offers gay spirituality as an example of masculine spirituality that resists patriarchy **Enduring Critical**

Poses Gordon Henry Jr., Margaret Noodin, David Stirrup, 2021-02-01 Enduring Critical Poses examines the stories poems plays and histories centered in the Great Lakes region of North America where the Anishinaabeg live in a space Basil Johnston referred to as Maazikamikwe a maternal earth The Anishinaabeg are a confederacy of many communities including the Odawa Saulteaux Ojibwe Potawatomi Ojibwe Cree and Algonquin peoples who share cultural practices and related languages Bringing together senior scholars and new voices on the Anishinaabe intellectual landscape this volume specifically explores Ojibwe Odawa and Potawatomi culture language and literary heritage Through a tribal centric framework the contributors connect various branches of Native American literary studies and celebrate Anishinaabe narrative diversity to offer a single overarching story of Anishinaabe survival and endurance *The Dynamics of Intersubjectivity* Faten Haouioui, 2021-10-11

This collection revises subjectivity in the light of postmodern theories of the subject The contributors gathered here present and discuss a number of different but interrelated subjectivities As such they reconceptualize the theory of subjectivity according to various texts and contexts such as the subjectivity of discourses the subject under subjugation and the intersubjective construction of the other It introduces a dynamic subjectivity to minority literature colonial postcolonial texts and travel literature to name but a few The dynamics of intersubjectivity provide a space for subjectivities to negotiate and interrelate Moreover this collection shows that intersubjectivity is hybrid yet flexible by nature [Divinanimality](#) Stephen D. Moore, 2014-09-15 A turn to the animal is underway in the humanities most obviously in such fields as philosophy literary studies cultural studies and religious studies One important catalyst for this development has been the remarkable body of animal theory issuing from such thinkers as Jacques Derrida and Donna Haraway What might the resulting interdisciplinary

field commonly termed animality studies mean for theology biblical studies and other cognate disciplines Is it possible to move from animal theory to creaturely theology This volume is the first full length attempt to grapple centrally with these questions It attempts to triangulate philosophical and theoretical reflections on animality and humanity with theological reflections on divinity If the animal human distinction is being rethought and retheorized as never before then the animal human divine distinctions need to be rethought retheorized and retheologized along with it This is the task that the multidisciplinary team of theologians biblical scholars philosophers and historians assembled in this volume collectively undertakes They do so frequently with recourse to Derrida s animal philosophy and also with recourse to an eclectic range of other relevant thinkers such as Haraway Giorgio Agamben Emmanuel Levinas Gloria Anzaldua Helene Cixous A N Whitehead and Lynn White Jr The result is a volume that will be essential reading for religious studies audiences interested in ecological issues animality studies and posthumanism as well as for animality studies audiences interested in how constructions of the divine have informed constructions of the nonhuman animal through history
