ontology allowed Rosmini to elaborate theories and epistemologies from a unitary perspective in various fields of knowledge. This volume indicates the implications of the unbreakable bond between Rosmini's philosophy and theology in disciplines such as pedagogical science, political science and juridical science. Following the favorable resolution of the Rosminian question, the Catholic Church beatified Rosmini in 2007 and in 2018 indicated his theoretical-practical approach as a universal education model to be followed. Through essays by major experts in Rosmini's thought, this curatorship offers an international public a brief, reasoned overview of Rosmini's thinking on these disciplines, finally translated into English so that this perspective can be understood and explored with particular regard to the possibility of encouraging ecumenical comparison between Rosmini's suspended middle and, for example, that of Radical Orthodoxy.

Meet the Puritans Joel R. Beeke, Fraser E. Jones, Randall J. Pederson, 2025-10-21

Whether you're meeting them for the first time or returning with questions, this is the indispensable guide to the lives and works of the Puritans. If your impression of the Puritans comes from grim portraits, high collars, and joyless sermons, *Meet the Puritans* will surprise you in the best way. Behind those caricatures lies a warm, Christ-centered spiritual tradition shaped by people who loved Scripture, treasured grace, and sought to glorify God in every part of life. The Puritans took life seriously because they took God seriously. Grace and guilt, love and sacrifice, heaven and hell weren't abstractions to them; they were urgent realities. Today, when conviction of sin is dismissed as gloom, when earnest faith is pitied, and when diligent obedience is labeled as legalism, we desperately need their witness. If you hunger for depth, for holiness, for real communion with God, open these pages. Let these lives challenge you, and these writings nourish you. Take the time to meet the Puritans; you'll find in them deep truths, godly examples, and an exalted Christ. This New Edition includes 45 new biographies for a total of 190 English and American Puritans, seventeenth-century Scottish Presbyterians, and Dutch Further Reformation divines. 278 New Summaries of Puritan works with annotated bibliographies of modern reprints. Comprehensive Revision of the entire previous edition. 200 New Titles Added to the select bibliography of secondary sources. New Expanded Glossary plus an updated expanded list of Puritan publishers. The definitive reference for engaging the Puritan tradition, praised by pastors, scholars, and serious readers alike. Substantial enough for study, accessible enough for devotional use. *Meet the Puritans* is that rare kind of reference book that invites you to actually read it. If you're serious about reading the Puritans or simply looking for a clear starting point, this is the place to begin.

‘Umar al-Suhrawardī Aydogan Kars, Ashkan Bahrani, 2021-12-06

Abū al-Umar al-Suhrawardī (1145–1234) is the author of a classic work of Muslim piety, a key figure in the rise of institutional Sufism in the form of orders called *arqas*, and the influential eponym of one of these famous orders. This book presents studies, editions, and English translations of his shorter treatises that were originally penned in Arabic and Persian. Relying on global archival research, the book discovers materials that shed new light on his teachings and networks.

as it traces the context sources and reception of his works Carefully identifying the authentic works of Umar al Suhraward the book presents significant new information on a key moment in the history of Muslim piety and mysticism *America*,1910 The Jesuit review of faith and culture Nov 13 2017 *Bookseller and Stationer* ,1922 **Balthasar and Prayer** Travis LaCouter,2021-12-02 This study renders an original and constructive Catholic theology of prayer drawing on the work of Hans Urs von Balthasar 1905 1988 Travis LaCouter explores the trinitarian Christological ecclesial anthropological and eschatological dimensions of prayer in Balthasar s theology and shows how these combine to give a powerful account of prayer s proper theological scope and purpose There is also a critical dimension of prayer which is arguably underdeveloped in some of Balthasar s key texts but which LaCouter shows to have significant dialogical potential with contemporary accounts of parrhesia since Foucault This approach demonstrates the centrality of prayer to Balthasar s entire theological system and does so in a way which itself constitutes an exercise in Catholic systematics This study is also distinctive for establishing a method of proceeding through Balthasar s sprawling oeuvre and the similarly vast secondary literature by arguing for three categories of texts in Balthasar s writings and separately three waves of Balthasar readers Thus this study is a resource not just for those interested in prayer but for anyone interested in reading Balthasar today **The Hope of Life After Death** M. Jeff Brannon,2022-11-15 In a world full of suffering and death humans long for abundant life In this ESBT volume Jeff Brannon explores how the hope of life after death is woven throughout Scripture As we follow the biblical themes of creation fall and redemption we begin to understand the doctrine of resurrection and what it means for Christian faith and discipleship **The academy** ,1873
