**Urban Space in the Middle Ages and the Early Modern Age** Albrecht Classen, 2009 The contributors to this new volume explore the wide gamut of characteristic features determining the rise of the city as a central living space since the high Middle Ages and extend the investigation up to the eighteenth century Historians liter **Die wahrhaft königliche Stadt** Daniela Kah, 2017-11-13 English In Eine wahrhaft königliche Stadt Daniela Kah describes how contemporary residents and visitors were able to experience and perceive the presence of the Holy Roman Empire or its representatives e.g. the king in three late medieval cities Augsburg Nurnberg and Lebeck After receiving privileges from the king these cities initiated large construction projects designed to assert their imperial status These projects had a major impact on everyday life and made the Empire visible and graspable within the city However in the 13th century the cities increasingly deployed symbols and signs to represent their self understanding as imperial Being immediate to the Empire or being privileged provided important political economic and social benefits Therefore it became very important to the cities to represent their status in visible form For this reason the Empire achieved a permanent and lasting presence in free imperial cities Deutsch In Eine wahrhaft königliche Stadt beschreibt Daniela Kah wie das mittelalterliche Reich oder seine Repräsentanten wie zum Beispiel der König in den Reichsstädten Augsburg Nurnberg und Lebeck für die zeitgenössischen Bewohner und Besucher erfahrbar war und wahrgenommen wurde Zunächst führte die Vergabe von königlichen Privilegien zu groß angelegten repräsentativen Bauprojekten in den Städten die das Reich so im städtischen Alltag erkennbar werden ließen Ab dem 13. Jahrhundert kam es dazu dass die Städte vermehrt Symbole und Zeichen im Stadtraum anbrachten die ihr Selbstverständnis visualisieren Der Status unmittelbar dem Reich zugehörig beziehungsweise vom Reich privilegiert zu sein wurde aufgrund seiner politischen wirtschaftlichen und prestigesteigernden Bedeutung ein wichtiger Bezugspunkt der zur dauerhaften Präsenz des Reichs in den Reichsstädten führte The Trial of Jan Hus Thomas A. Fudge, 2013-04-30 Six hundred years ago the Czech priest Jan Hus 1371-1415 traveled out of Bohemia never to return After a five year legal ordeal that took place in Prague in the papal curia and finally in southern Germany the case of Jan Hus was heard by one of the largest and most magnificent church gatherings in medieval history the Council of Constance Before a huge audience Hus was burned alive as a stubborn and disobedient heretic His trial sparked intense reactions and opinions ranging from satisfaction to accusations of judicial murder Thomas A. Fudge offers the first English language examination of the indictment relevant canon law and questions of procedural legality In the modern world there is instinctive sympathy for a man burned alive for his convictions and it is presumed that any court that sanctioned such an action must have been irregular Was Hus guilty of heresy Were his doctrinal convictions contrary to established ideas espoused by the Latin Church Was his trial legal Despite its historical significance and the controversy it provoked the trial of Jan Hus has never before been the subject of a thorough legal analysis or assessed against prevailing canonical legislation and procedural law in the later Middle Ages The Trial of Jan Hus

shows how this popular and successful priest became a criminal suspect and a convicted felon and why he was publicly executed providing critical insight into what may have been the most significant heresy trial of the Middle Ages **The Routledge History of the Renaissance** William Caferro, 2017-03-27 Drawing together the latest research in the field The Routledge History of the Renaissance treats the Renaissance not as a static concept but as one of ongoing change within an international framework It takes as its unifying theme the idea of exchange and interchange through the movement of goods ideas disease and people across social religious political and physical boundaries Covering a broad range of temporal periods and geographic regions the chapters discuss topics such as the material cultures of Renaissance societies the increased popularity of shopping as a pastime in fourteenth century Italy military entrepreneurs and their networks across Europe the emergence and development of the Ottoman empire from the early fourteenth to the late sixteenth century and women and humanism in Renaissance Europe The volume is interdisciplinary in nature combining historical methodology with techniques from the fields of anthropology sociology psychology and literary criticism It allows for juxtapositions of approaches that are usually segregated into traditional subfields such as intellectual political gender military and economic history Capturing dynamic new approaches to the study of this fascinating period and illustrated throughout with images figures and tables this comprehensive volume is a valuable resource for all students and scholars of the Renaissance

**Jean Gerson - Apostle of Unity: His Church Politics and Ecclesiology** G.H.M. Posthumus Meyjes, 2022-08-22 The first part of this study on the famous chancellor of the Paris University contains a chronological survey of Gerson's position in the development of the church politics of his days It is shown how he became a convinced adherent of a conciliar solution of the Western schism without betraying the idea of the Church as hierarchical entity In the second part his ecclesiological ideas are treated more systematically Gerson's critical attitude towards canon lawyers and papal absolutism is examined followed by an analysis of the background of his ideas about the Church as hierarchy and as mystical body his conciliar thought his concept of tradition and his sources The author tries to make clear that Gerson far from being a radical rather should be considered as a careful and conservative theologian The book comprises a revised and extended version of an originally in Dutch written thesis for which the author was awarded the Mallinckrodt prize of the University of Groningen

**Medieval Ethiopian Kingship, Craft, and Diplomacy with Latin Europe** Verena Krebs, 2021-03-17 This book explores why Ethiopian kings pursued long distance diplomatic contacts with Latin Europe in the late Middle Ages It traces the history of more than a dozen embassies dispatched to the Latin West by the kings of Solomonic Ethiopia a powerful Christian kingdom in the medieval Horn of Africa Drawing on sources from Europe Ethiopia and Egypt it examines the Ethiopian kings motivations for sending out their missions in the fifteenth and early sixteenth centuries and argues that a desire to acquire religious treasures and foreign artisans drove this early intercontinental diplomacy Moreover the Ethiopian initiation of contacts with the distant Christian sphere of Latin Europe appears to have been intimately connected to a local

political agenda of building monumental ecclesiastical architecture in the North East African highlands and asserted the Ethiopian rulers claim of universal kingship and rightful descent from the biblical king Solomon Shedding new light on the self identity of a late medieval African dynasty at the height of its power this book challenges conventional narratives of African European encounters on the eve of the so called Age of Exploration
