Gottlieb,2025-01-09 Women on the Right explores the complex relationships between conservative and right wing politics social action and women actors from the late 19th to the late 20th century Edited by Clarisse Berthezène Laura Lee Downs and Julie V Gottlieb each essay examines the spectrum of women's engagement with right wing politics from centrist and progressive conservatism groups to authoritarianism and fascism This book uses local and national case studies to explore a wide range of women's social and political mobilizations Using a bottom up perspective it stays focused on the ideas ambitions and practices of the actors themselves Key points of comparison include the very different roles played by religious institutions and associations the broader regional and national contexts and the dynamics that favour or not the eventual construction of welfare states Women on the Right consistently adopts a multinational and multidimensional approach by bringing together a team of expert contributors to engage in a discussion of the comparative and transnational features of right wing women's political thought and practice The result is a unique contribution to the historical understanding of women's participation in and ideas about conservative activism Letras de liberación José Calderón Salazar,1955 **Latin America's Radical Left** Aldo Marchesi,2018 This book examines a generation of leftist militants who in the 1960s advocated revolutionary violence for social change in South America A Social History of Spanish Labour José A. Piqueras,Vicent Sanz-Rozalén,2008-01-01 Focusing on organization resistance and political culture this collection represents some of the best examples of recent Spanish historiography in the field of modern Spanish labor movements Topics range from socialism to anarchism from the formation of the liberal state in the 19th century to the Civil War and from women in the work place to the fate of the unions under Franco El derecho a la memoria Felipe Gómez Isa,2006 En los últimos tiempos estamos asistiendo tanto en nuestro país como en la esfera internacional a un interés creciente por las cuestiones relacionadas con el derecho a la reparación y el papel que puede jugar la memoria como elemento necesario para que florezca la verdad se haga justicia y así se pongan las bases para una auténtica reconciliación La memoria se ha convertido en una categoría filosófica política y jurídica convirtiendo el recuerdo en un auténtico deber moral en un antidoto contra la barbarie y el olvido en que han caído muchas veces las víctimas de las violaciones de los derechos humanos más básicos Este proyecto de investigación pretende una aproximación interdisciplinar y global al complejo fenómeno de la reparación y la memoria histórica Tras la aproximación moral que figura en el prólogo del psiquiatra Carlos Castilla del Pino nos adentramos en el análisis del derecho a la reparación en el ámbito internacional que ha registrado una espectacular evolución en los últimos tiempos de la mano de las Naciones Unidas El segundo capítulo aborda una mirada interdisciplinar al

complejo fenómeno de la memoria con atalayas tan diversas como la filosofía la política la psicología social la literatura o el cine. A continuación cedemos la voz a las memorias excluidas aquellas que se han visto marginadas desde las narrativas oficiales de la historia las mujeres los pueblos indígenas las minorías nacionales o los homosexuales son algunos de los grupos a los que hemos querido convocar a este proceso de recuperación furtiva de memorias políticamente incorrectas. En el cuarto capítulo hemos querido arrojar luz sobre el actual debate en torno a la memoria histórica en España y finalmente hemos otorgado un lugar preferente a la auténtica protagonista en todo proceso de reparaciones y de recuperación de la memoria la sociedad civil y en particular las víctimas. **Jorge** Alexandre Dumas, Jean Pierre Félicien Mallefille, 1852
