Declarations of Independence Joanne Brown, Nancy St. Clair, 2002 Female empowerment especially among girls is one of the most significant issues to come out of the 90's and one that will continue to play a significant role in the new millennium But how do we define empowerment And more importantly how do we identify its characteristics within literature With problems like teenage eating disorders and pregnancy still very much at the core of American society it is no surprise that a book as important as Declarations of Independence is the latest addition to Scarecrow Press's Studies in Young Adult Literature Authors Brown and St Clair use their collective expertise to uncover and trace the development of the young female protagonist from the role of submissive fairy tale maiden to the spunkier more independent girls who now appear with increasing frequency in young adult literature This next generation of heroines is the model with which today's readers can readily identify and who the authors believe become agents of social change for young women Through careful research that draws on recent scholarship about female adolescent development situates this shift to stronger female protagonists within a larger cultural context The empowered

girls of this title are defined through close reading of a variety of stories and genres in which they appear historical and multicultural fiction social realism romance and adventure fantasy and memoir with emphasis on books published after 1990 The result is a collection of essays on literature about adolescent girls who have real feelings passions and sometimes rebellious attitudes and who act upon those feelings passions and attitudes to take control of their lives unlike most of their predecessors whose fulfillment lay mainly in achieving beauty and suitors With an annotated list of titles for suggested reading following each chapter *Declarations of Independence* is the ideal resource for middle and high school teachers for school and public librarians a *Teaching Young Adult Literature Today* Judith A. Gross, 2014-05-21 **Young Adult Resources Today** Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail; instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in integrating theory, research, and practice; integrating implications for practice throughout the book; integrating knowledge of resources with professional practice as informed by research; integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres: movies, magazines, web sites, social media, and gaming. The final chapter covers navigating information landscapes focusing on real and virtual YA spaces, readers advisory programming, and collaboration. Special attention is paid to program planning and evaluation. **Thematic Guide to Young Adult Literature** Alice L.

Trupe, 2006-05-30 Contemporary young adult literature is a relatively new genre. This guide provides an overview of the burgeoning field, focusing primarily on fiction. Each of the 32 chapters is devoted to a theme of special significance to young adults and provides brief critical discussions of several related literary works. Chapters close with lists of fiction for further reading. An appendix groups works according to additional themes, and a selected bibliography cites relevant critical studies.

Library Media Connection, 2001 **Medium**, 2002 Living the Blues Frank Marshall Davis, 2003-04-15 Frank Marshall Davis was a prominent poet, journalist, jazz critic, and civil rights activist on the Chicago and Atlanta scene from the 1920s through the 1940s. He was an intimate of Langston Hughes and Richard Wright and an influential editor at the Chicago Evening Bulletin, the Chicago Whip, the Chicago Star, and the Atlanta World. He renounced his writing career in 1948 and moved to Hawaii, forgotten until the Black Arts Movement rediscovered him in the 1960s. Because of his early self-exile from the literary limelight, Davis's life and work have been shrouded in mystery. Living the Blues offers us a chance to rediscover this talented poet and writer and stands as an important example of black autobiography, similar in form, style, and message to those of Langston Hughes and Richard Wright. Both a social commentary and intellectual exploration into African American life in the twentieth century.
