Tuer Mort R Volutionnaire Paul Laurent Assoun:

The Afterlives of the Terror Ronen Steinberg, 2019-09-15 The Afterlives of the Terror explores how those who experienced the mass violence of the French Revolution struggled to come to terms with it Focusing on the Reign of Terror Ronen Steinberg challenges the presumption that its aftermath was characterized by silence and enforced collective amnesia Instead he shows that there were painful complex and sometimes surprisingly honest debates about how to deal with its legacies As The Afterlives of the Terror shows revolutionary leaders victims families and ordinary citizens argued about accountability retribution redress and commemoration Drawing on the concept of transitional justice and the scholarship on the major traumas of the twentieth century Steinberg explores how the French tried but ultimately failed to leave this difficult past behind He argues that it was the same democratizing radicalizing dynamic that led to the violence of the Terror which also gave rise to an unprecedented interrogation of how society is affected by events of enormous brutality In this sense the modern question of what to do with difficult pasts is one of the unanticipated consequences of the eighteenth century s age of democratic revolutions Thanks to generous funding from Michigan State University and its participation in TOME Toward an Open Monograph Ecosystem the ebook editions of this book are available as Open Access OA volumes available on the Cornell University Press website and other Open Access repositories

The Politics of Destruction

François Bafoil, 2021-09-03 When applied to social science psychoanalytic concepts make it possible to analyze totalitarian action and its derivative authoritarian action by highlighting what such regimes have in common the destruction of frames of reference for space and time their replacement of those reference points with a restrictive surreality and the assignation of individuals in the social space in terms of the love or hatred attributed to them by those in power Whether in Stalinist Bolshevism posited here as the matrix of the totalitarian personality in its extreme form of totalitarianism with the Islamic State or in a more diluted variant in the Polish ruling party Law and Justice PiS each is characterized by the negation of temporal and spatial distance and therefore by the negation of causal links displacement and transformation of experience These components are specific to the unconscious which in dreams as Freud considered acts upon factual datum denies it and reproduces it in another way one that conforms more closely to the dreamer s desires For this reason the politics that arise from these regimes have much in common with a hallucination

Colonial Trauma Karima Lazali, 2021-01-22 Colonial Trauma is a path breaking account of the psychosocial effects of colonial domination Following the work of Frantz Fanon Lazali draws on historical materials as well as her own clinical experience as a psychoanalyst to shed new light on the ways in which the history of colonization leaves its traces on contemporary postcolonial selves Lazali found that many of her patients experienced difficulties that can only be explained as the effects of colonial trauma dating from the French colonization of Algeria and the postcolonial period Many French feel weighed down by a colonial history that they are aware of but which they have not experienced directly Many Algerians are traumatized by the way that the French colonial state

imposed new names on people and the land thereby severing the links with community history and genealogy and contributing to feelings of loss abandonment and injustice Only by reconstructing this history and uncovering its consequences can we understand the impact of colonization and give individuals the tools to come to terms with their past By demonstrating the power of psychoanalysis to illuminate the subjective dimension of colonial domination this book will be of great interest to anyone concerned with the long term consequences of colonization and its aftermath Juger la reine

Emmanuel de Waresquiel, 2016 Il a fallu la Révolution trois jours et deux nuits du 14 au 16 octobre 1793 pour juger et exécuter Marie Antoinette Elle était condamnée d'avance Ce face face dramatique entre l'ancienne reine de France et ses juges dans la salle de la Liberté du Tribunal révolutionnaire de Paris tient tout la fois du huis clos du dialogue de sourds et de la preuve de force C'est bien sûr le procès d'une reine c'est aussi celui d'une transgression c'est enfin celui d'une femme et c'est celui d'une mère Emmanuel de Waresquiel le raconte la lumière de sources jusqu'alors inédites en montrant tour tour l'accusé et ses accusateurs leurs peurs leurs courages et leurs certitudes leurs fantasmes et leurs haines Il en fait la fois un tournant de la Révolution et l'un des moments paroxystiques de la Terreur Un miroir aussi comme si tout était dessin en noir et blanc les hommes et les femmes la vertu et la trahison l'égalité et le privilège la nation et l'Europe la République et la monarchie Les grandes fractures françaises ont en commun d'avoir toutes des tragédies Elles font de ceux qui s'y débattaient des personnages de la 25e heure Victimes et bourreaux n'ont plus de prise sur leur destin Page 4 of cover **Crise, violence, dé-civilisation**

Hamit Bozarslan, 2019 Nécessaire le savoir appliqué la crise et la violence peut s'avérer d'être pourvu de toute capacité explicative et devenir parfaitement frustrant L'exigence scientifique comme l'urgence citoyenne imposent certes le savoir comme un devoir toute société est obligée de comprendre ce qu'elle produit y compris l'irrationnel ou l'horreur Mais comment nier qu'étudier l'horreur c'est déjà reconnaître a posteriori notre impuissance L'analyse critique est elle d'une grande utilité quand elle ne dispose pas de moyens d'action Ce livre synthétise trois notions la crise la violence et la dé-civilisation Elles constituent les trois angles morts de l'histoire du monde tant la connaissance scientifique que l'on peut en avoir ne permet ni de les comprendre pleinement ni de les combattre efficacement Elles ont pourtant une dimension universelle et une histoire longue Il importe de continuer à se pencher sur ces trois notions car la crise ne conduit pas nécessairement au chaos la violence et la destruction et la dé-civilisation ne relèvent d'aucune fatalité Une crise peut aussi présenter une chance inédite pour une société de développer une conscience critique sur son passé et se projeter dans un avenir radicalement différent de son présent En étudiant ces questions politiques historiques et éthiques fondamentales Hamit Bozarslan revient sur l'histoire du monde et s'interroge sur son avenir Quatrième de couverture **Correspondance générale** Madame de Staël (Anne-Louise-Germaine), 2017
