said A wall is better than a war and even confessing to Secretary of State Dean Rusk We don't care about East Berlin JFK approved unprecedented maneuvers to quash both documentaries testing the limits of a free press in an era of escalating nuclear tensions As Greg Mitchell's riveting narrative unfolds we meet extraordinary characters the legendary cyclist who became East Germany's top target for arrest the Stasi informer who betrays the CBS tunnel the American student who aided the escapes an engineer who would later help build the tunnel under the English channel and the young East Berliner who fled with her baby then married one of the tunnelers The Tunnels captures the chilling reach of the Stasi secret police as U.S. networks prepared to pay for play but were willing to cave to official pressure the White House was eager to suppress historic coverage and ordinary people in dire circumstances became subversive The Tunnels is breaking history a propulsive read whose themes still reverberate
