Voice Of An Exile Reflections On Islam:

Voice of an Exile Nasr Abu Zaid, Esther Ruth Nelson, 2004-03-30 In 1995 Ayman al Zawahiri a prominent terrorist figure recently associated with Al Queda and al Jihad issued a bounty against Dr Nasr Abu Zaid a respected Islamic scholar at Cairo University What was Zaid s offense Arguing that Islam s holy texts should be interpreted in the historical and linguistic context of their time and that new interpretations should account for social change His controversial claim that the Qur an be interpreted metaphorically rather than literally further enraged fundamentalists Labeled an apostate by the Cairo court of appeals his life was threatened and he was forced to flee to the Netherlands with his wife A professor of Arabic and Islamic studies at Leiden University in his adopted country this progressive Islamic scholar insists that change is still possible and that new understandings of Islam can be accepted and advanced Forgoing claims that Islam is a violent religion Zaid shows us that above all justice and obedience lies at the heart of the Qur an At the outset of this book we find Zaid growing up in Quhafa a village in northern Egypt Islam gives meaning and definition to his life As he matures we see him sorting through Egypt s various political developments and upheavals Zaid carefully weaves such developments into the events of his own life his father s death raising his younger siblings attending Cairo University his study abroad his marriages the events leading to his exile and his visit to Egypt after a seven year absence Through it all we see him advancing in his academic career and applying new skills to his study and interpretation of the Qur an He wrestles with subjects such as polygamy wife beating inheritance and the practice of usury in Islamic cultures He asserts and illustrates that Islam must be separate from the State in order to protect the religion from political manipulation Zaid s personal story and academic pursuits reflecting the social reality of the broader culture offer new perspectives on Islam and provide hope to Muslims who feel their religion has been misrepresented and misunderstood Islamic Doctrines and Political Liberalism Gozde Hussain, 2024-11-13 This book delves into the compatibility of Islam with liberal values engaging in a comparative analysis of Islamic moral language and John Rawls s liberal democratic ideas Rawls a prominent modern liberal political philosopher posits that diverse moral and religious doctrines in a pluralistic society should align with the principles of a liberal democratic political culture The author shares Rawls s assumptions and maps out a spectrum of Islamic orthodoxy positions to assess the plausibility of reconciling Islamic doctrines with a liberal political order While acknowledging that such compatibility is not the mainstream outlook the book argues that it s feasible through reasonable interpretations of Islamic sources The central question addressed is the realism of observant Muslims endorsing a liberal democratic state from within their doctrinal tradition By examining a range of Islamic orthodoxy positions the book demonstrates that Muslims can theoretically find Islamic reasons rooted in acceptable interpretations of divine sources to justify their commitment to a liberal state Furthermore it provides moral reasons and strategies for the liberal state to address incompatible Islamic doctrines ensuring Muslims can maintain religious practices without an Islamic political authority This theoretical framework offers insights for future empirical and

theoretical studies on Muslims navigating pluralistic liberal societies making it a vital contribution to the discourse on Islam and liberalism

Muslims in Modern Turkey Sena Karasipahi, 2008-12-18 Modern Turkey is the site of a powerful Islamic revival with a strong intellectual elite dedicated to the overthrow of secular modernism Why have modern Muslim intellectuals turned against the ideals of Kemalism on which the modern Turkish nation state is founded What does this reveal about the future of Turkey And how are Islamic intellectuals in Turkey affected by developments in the Middle East Muslims in Modern Turkey is the first book to analyse this phenomenon tracing the evolution of Muslim intellectual thought from the 1980s to the present day It focuses on six leading Muslim thinkers Ali Bula Rasim zden ren smet zel lhan Kutluer Ersin Nazif G rdo an and Abdurrahman Dilipak who belong to a single school and share a novel understanding of Islam They act as public intellectuals who aim to reform and enlighten society by educating them and raising their awareness of Islamic values arguing not for the compatibility of Islam and European values but the fundamental superiority of Islam over secular democracy Sena Karasipahi places the Turkish experience in its broader international context and shows how Turkish Islamic intellectuals are affected by the earlier Muslim intellectuals and revivalists in the Arab world and in Turkey This important study makes connections with the Islamic revival process throughout the contemporary Middle East as well as with comparable movements in Turkey s own past making this a crucial contribution to an understanding of contemporary Islamic political thinking

Reflections on Islam George Jonas,2007 The 9 11 attacks shattered modern illusions about Islam as a wholly peaceful

faith They raised the possibility that this seemingly new struggle between East and West between secular democracy and Islamist theocracy is just the latest variant of a much older contest between Islam and the non Islamic world that has been now simmering now flaring up for the last 1 400 years If we have failed to see the skirmishes along Islam s perimeters in Kashmir and Kosovo in India and Pakistan in Chechnya and Xinjiang it is simply because we have refused to look In Reflections on Islam award winning author and columnist George Jonas explores a range of issues that have come to occupy our daily attention Is there a difference between Islam and Islamism and does it matter if there is Are we in the midst of a clash of civilizations How is the confrontation between theocracy and democracy manifesting itself outside of the Middle East Was it a mistake to invade Iraq or simply a mistake to stay At what point do liberal impulses on matters such as multiculturalism and immigration become short sighted and dangerous Witty provocative and eloquent this collection of essays written between early 2001 and late 2006 showcases Jonas at his best Reflections on Islam should be required reading for anyone grappling with the defining issues of our age Book jacket **Si-Z** ,2006 The Encyclopaedia of the Qur n online contains the complete articles of the printed volumes 1 to 5 the indices will be added as they become available The British National Bibliography Arthur James Wells,2009 Encyclopaedia of the Qur ān: Si-Z Jane Dammen McAuliffe,2001 The Encyclopaedia of the Qur n online contains the complete articles of the printed volumes 1 to 5 the indices will be added as they become available **Britannica Book of the Year** ,2011 *Quran and Reform* Katharina Völker,2017 Introduction Quran Prophecy and Revelation Reform Exegesis and hermeneutics Conclusion **Library Journal** ,2004
