Yuri Bezmenov:

Yuri Bezmenov Charles River,2020-12-12 Includes pictures Includes a bibliography for further reading The main emphasis of the KGB is not in the area of intelligence at all Only about 15% of time money and manpower is spent on espionage and such The other 85% is a slow process which we call either ideological subversion or active measures or psychological warfare Yuri Bezmenov The KGB is one of the most famous abbreviations of the 20th century and it has become synonymous with the shadowy and often violent actions of the Soviet Union s secret police and internal security agencies In fact it is often used to refer to the Soviet state security agencies throughout its history from the inception of the inception of the Cheka Extraordinary Commission in 1917 to the official elimination of the KGB in 1992 Whether it s associated with the Russian Civil War s excesses Stalin s purges and even Vladimir Putin the KGB has long been viewed as the West s biggest bogeyman during the second half of the 20th century Inevitably some of the Cold War s most shadowy actions involved trying to turn Soviet assets whether for propaganda or intelligence purposes but the Soviet system constantly had to worry about defections as evidenced by the construction of the Berlin Wall in the early 1960s That said while the whistleblowers may be celebrated if they damage the public relations of an adversary they can be controversial if they damage one s own country as evidenced by the polarizing reputations of individuals like Edward Snowden and Julian Assange Yuri Bezmenov was among the first Soviet whistleblowers to attract attention on a global scale and interest in his story has recently been revived thanks to his surprising cameo in the teaser trailer for Call of Duty Black Ops Cold War in August 2020 This came despite the fact he was far from the first ex KGB agent or Russian to pull back the curtains on the Russian government and reveal the harrowing truths they were once sworn to harbor as well as the disconcerting covert operations of which they once allegedly partook In fact the history of Russian defectors who later emerged as informants in the name of public interest stretches back to the 16th century when Andrey Kurbsky a former boyar high ranking military commander and trusted adviser to Tsar Ivan the Terrible decamped to Lithuania on April 30 1564 Nonetheless Bezmenov remains known for his works after becoming disillusioned with the Soviet system in middle age his interest in India and his ultimate defection to Canada which led to him railing against Soviet communism in various lectures and works throughout the 1980s Yuri Bezmenov The Life and Legacy of the Influential KGB Informant Who Defected to the West chronicles how Bezmenov went from the KGB to a thunderous anti Soviet activist in America in the 1980s Along with pictures of important people and places you will learn about Bezmenov like never before *Love Letter To America* Tomas Schuman,2021-04-12 Yuri Alexandrovich Bezmenov was a former KGB officer and journalist who worked for the Novosti Press Agency and who ultimately defected from the Soviet Union to Canada Yuri chose freedom Writing as Tomas Schuman in *Love Letter to America* Yuri describes Soviet genocidal Communism and explains how good it is to be free [Don't Believe the Hype!! \(First Revision\)](#) C. Brian Madden,2017-05-11 Ever ask the question Why today s Millennials in America s Black Community seem so mad at the world and don t care whether they live

or die these days There is a reason for it and it is being done on purpose to destroy this country It s called Communism And it is Real Don t Believe the Hype First Revision is an explosive book which investigates how and why Communist Subversion Perversion has taken over the African American Community with the sole intent to use and destroy them while simultaneously destroying the rest of United States of America from within Using Historical Facts from the Mid 19th Century to the present era Don t Believe the Hype will surely spark Geo political conversations between people of all races genders and back grounds

What the Hell Is Going On? The Web of Fraud That Is Enslaving Everyone and How We Can Escape to Freedom Donald Lee,2022-10-20 Why does nothing make sense How can there be a climate emergency when the climate has not changed noticeably during my lifetime How can we fight a War on Drugs for fifty years and the drug problem gets worse How can we fight a War on Terror for two decades yet there s more terror than ever How could there be a worldwide pandemic when there were no excess deaths anywhere in 2020 Why is the answer to every problem more power and control for governments yet they never solve the problems Why is it that the real power doesn t seem to be in elected governments at all Every government in the world seems to be taking its marching orders from the World Economic Forum What the Hell Is Going On What s the connection between all these things Is it all just an accident These events seem to be planned but even if they aren t it doesn t matter Like pregnancy planned or unplanned the result is the same Whether by accident or conspiracy we are on the road to totalitarian slavery It s not hard to understand But it s hard to believe It is unbelievable You have to see the evidence to believe it That what this book is about evidence Donald Lee pulls together evidence from a dozen disciplines to connect the dots on a web of fraud that is leading inexorably to a one world totalitarian tyranny That s the path we re on But we can still get on a different path We re in World War III It s a 5th generation war so it doesn t even seem like war At its root it is a spiritual war and spiritual wars are fought within My favorite line from the book is In this spiritual war our strategy is love our tactic is forgiveness our weapon is non violent non cooperation I couldn t agree more Karen Kan M D In What the Hell Is Going On spiritual author Donald Lee takes you on a journey of unfolding enlightenment He shows you how To perceive differently so you can perceive what is really going on The Marxist Philosophy of Death has slowly marched through the institutions and culture of the Western world The tactics of communist subversion have overwhelmed our society and nobody noticed Mass formation psychosis has blinded people to reality making them immune to reason and common sense in every fraud We still have the structure of democracy in the Western world but all governance is really functioning as a dictatorship the Policy Hierarchy The central bank digital currencies about to be unleashed on the world will trap everyone in the iron grip of a greater slavery than the world has ever known and from which there will be no escape The time to escape is NOW It is already late If we delay much longer all hope will be lost YOU must act NOW To turn back the totalitarianism and bring a new rebirth of freedom Turning back to democracy means turning back to God means exposing the lies and uncovering the truth particularly the truth of who you really are an eternal child of God a

The Truth about Neo-Marxism, Cultural Maoism, and Anarchy

Jerome R. Corsi,2023-10-24 This book exposes the dark evil ideology that has descended over America The arch of the Hegelian dialectic culminates only in negation with millions annihilated in the nightmare apocalypse of post modernist Democratic Socialism The Truth about Neo Marxism Cultural Maoism and Anarchy Exposing Woke Insanity in an Age of Disinformation reveals how Communist ideology has evolved into its present day woke madness that began with Immanuel Kant and Georg Wilhelm Friedrich Hegel continued through Antonio Gramsci and the Frankfurt School and concluded with post modern thinkers like Jean Baudrillard Want to understand why the neo Marxists cultural Maoists and anarchists of the woke critical theory radical Left live in a fundamentally different view of reality operating with a set of values that redefines truth to be subjective Read The Truth about Neo Marxism Cultural Maoism and Anarchy but be prepared to be shocked Jerome R Corsi has conducted a tour de force examination of philosophical texts modern critical theory treatises and the murderous history of Communism under Stalin and Mao that exposes the neo Marxists behind today s anti capitalist woke schizophrenia

Cultural Marxism: The War On Consciousness

Dr. Niranjana B. Poojar,2025-01-24 In this book Dr Niranjana B Poojar critically examines the evolution of Marxist ideology into cultural domains and its impact on societal structures values and traditions The book traces historical narrative warfare against Bharat highlighting invasions colonial manipulations and the ideological subversion that infiltrated cultural institutions like family education and media It explores movements like cancel culture and wokeism analysing their role in destabilising social cohesion and eroding indigenous values Calling for a reinvigoration of Bharatiya philosophy the book emphasises the need to counter these forces and reclaim cultural resilience for a harmonious and empowered future

Foreign Disinformation in America and the U.S.

Government's Ethical Obligations to Respond Brian Murphy,2023-04-18 The U S no longer has a free marketplace of ideas Instead the marketplace is saturated with covert foreign backed disinformation And despite the ethical obligations to act successive administrations have done nothing Additionally the decline in trust has left the door open for populism and illiberalism to enter Some believe the very fabric of American liberalism is at stake So what are the ethical responsibilities of the executive branch to counter covert campaigns such as the one coming from Russian backed disinformation circulating within the US Why has the government failed to act So far the practical challenges are daunting if the executive branch addresses the threat to the homeland The process to limit this problem is wrought with profound political implications By its very nature social media based disinformation is inextricably linked with existing complex societal cleavages the First Amendment and politics But the failure to do anything is a serious abdication of the government s ethical responsibilities This raises the question of where the line is for government intervention This work provides answers

Dialectical Leftism's

Assault on Canada Mavros Whissell, 2024-09-16 Canada is battleground to a Western culture war The seeds for that contest were sown after Karl Marx published the Manifesto of the Communist Party in 1848 It took just thirty years for that radicalism to cross the Atlantic and invade the New World Dialectical leftism's assault on Canada spread like a slow but deadly virus Before it could be successfully treated it mutated under subsequent waves of radical ideology Under its increasing influence the Canadian state began to realign during the Pierre Elliot Trudeau years This ideological trajectory was forcefully reinvigorated through Pierre's eldest son Justin Dialectical leftism's current targets face Neo Marxist postmodern accusations of systemic racism and White supremacy This woke ideology the most recent iteration of dialectical leftism threatens to tear the West apart How exactly did Canada get to this point What can we do about it Find out in the very book you hold

Russian Active Measures Olga Bertelsen, 2021-03-30 The contributions gathered in this fascinating collection in which scholars from a diverse range of disciplines share their perspectives on Russian covert activities known as Russian active measures help readers observe the profound influence of Russian covert action on foreign states policies cultures people's mentality and social institutions past and present Disinformation forgeries major show trials cooptation of Western academia memory and cyber wars and changes in national and regional security doctrines of states targeted by Russia constitute an incomplete list of topics discussed in this volume Most importantly through a nexus of perspectives and through the prism of new documents discovered in the former KGB archives the texts highlight the enormous scale and the legacies of Soviet Russian covert action Because of Russia's annexation of Crimea in 2014 and its on going war in Ukraine's Donbas Ukraine lately gained international recognition as the epicenter of Russian disinformation campaigns invigorating popular and scholarly interest in conventional and non conventional warfare The studies included in this collection illuminate the objectives and implications of Russia's attempts to ideologically subvert Ukraine as well as other nations Examining them through historical lenses reveals a cultural clash between Russia and the West in general

The Plot to Hack America Malcolm Nance, 2016-09-20 The Plot to Hack America reads like a spy thriller but it's all too real US Daily Review Over 600 Amazon FIVE STAR Reviews Nance states that by their choices actions and statements Trump and Pence chose Russia's values over America's Michael Lipkin New York Journal of Books Published a full month prior to the divisive Trump vs Clinton 2016 presidential election this book exposed the Russian hacking while the CIA was drafting their own report In April 2016 computer technicians at the Democratic National Committee discovered that someone had accessed the organization's computer servers and conducted a theft that is best described as Watergate 2.0 In the weeks that followed the nation's top computer security experts discovered that the cyber thieves had helped themselves to everything sensitive documents emails donor information even voice mails Soon after the remainder of the Democratic Party machine the congressional campaign the Clinton campaign and their friends and allies in the media were also hacked Credit cards numbers phone numbers and contacts were stolen In short order the FBI found that more than twenty five state election offices had their voter registration

systems probed or attacked by the same hackers Western intelligence agencies tracked the hack to Russian spy agencies and dubbed them the Cyber Bears The media was soon flooded with the stolen information channeled through Julian Assange the founder of WikiLeaks It was a massive attack on America but the Russian hacks appeared to have a singular goal elect Donald J Trump as president of the United States New York Times bestselling author of Defeating ISIS Airey Neave Memorial Book Prize finalist for Hacking ISIS career intelligence officer and MSNBC terrorism expert correspondent Malcolm Nance s fast paced real life spy thriller takes you from Vladimir Putin s rise through the KGB from junior officer to spymaster in chief and spells out the story of how he performed the ultimate political manipulation convincing Donald Trump to abandon seventy years of American foreign policy including the destruction of NATO cheering the end of the European Union allowing Russian domination of Eastern Europe and destroying the existing global order with America at its lead The Plot to Hack America is the thrilling true story of how Putin s spy agency run by the Russian billionaire class used the promise of power and influence to cultivate Trump as well as his closest aides the Kremlin Crew to become unwitting assets of the Russian government The goal To put an end to 240 years of free and fair American democratic elections *The Devil and the Revolution* Cristian Derosa, 2025-01-17 The book *The Devil and the Revolution* by Cristian Derosa presents a deep and provocative analysis of historical revolutions and their spiritual and cultural roots From a Christian and traditionalist perspective the author argues that the revolutions that have marked the past centuries are not isolated or spontaneous events but part of a continuous and intentional project This project according to Derosa has the ultimate goal of dismantling divine order and establishing a new era based on anti Christian principles The central thesis of the book is that the revolutionary spirit present since Lucifer s fall manifests itself in human history through heresies cultural movements and political events Derosa connects historical episodes such as the Protestant Reformation the French Revolution and Communism to a spiritual dynamic opposing the Catholic Church and divine hierarchy He views these revolutions as stages in a continuous process driven by the idea of egalitarianism and the rejection of divine laws Derosa s narrative is grounded in a detailed historical analysis that combines cultural social and theological elements He identifies five major historical revolutions each representing a step forward in the revolutionary project The Protestant Reformation considered the first revolution is described as the initial rupture with the unity of the Church and the introduction of the concept of individual spiritual freedom The French Revolution on the other hand is portrayed as the second stage in which egalitarianism and anticlericalism gain momentum culminating in the explicit rejection of Church authority and the adoption of Enlightenment ideals However it is in his analysis of Communism and subsequent revolutions that the book reveals its most alarming dimension Derosa describes Communism as the third great stage marked by the denial of God and the attempt to create a new man in the image of materialist ideologies He argues that cultural Marxism and modern hedonism outcomes of the subsequent stages represent the penetration of the revolutionary spirit into the most intimate structures of society and the

individual forming the basis of what he calls the fourth and fifth revolutions The author extensively uses theological references to support his views such as the biblical prophecy in Genesis 3:15 which announces the eternal conflict between the Woman's offspring and the Serpent's This spiritual battle he argues permeates human actions and is reflected in major revolutionary transformations The book also explores the role of Gnostic ideas as the matrix of revolutions Derosa argues that Gnosticism with its emphasis on knowledge as the path to salvation and its rejection of divine order is the spiritual root of revolutionary thought He draws parallels between ancient heresies and modern movements showing how egalitarianism moral relativism and the cult of individual freedom are rooted in Gnostic principles Derosa offers a striking interpretation of historical events often appealing to the notion of a spiritual conspiracy led by malevolent forces He also emphasizes the role of the Catholic Church as the primary barrier against the advance of the revolutionary project highlighting the importance of spiritual and cultural resistance In summary *The Devil and the Revolution* is a work that invites reflection on the foundations and consequences of major historical transformations By connecting revolutionary events to a spiritual and eschatological perspective Derosa offers a unique and provocative vision intended to challenge both Christian readers and secular critics More than just a historical analysis it is a book that proposes a philosophical and theological interpretation of the course of humanity

Soviet Defectors Soren Earthwalker, AI, 2025-03-21 *Soviet Defectors* explores the gripping stories of Soviet citizens who risked everything to defect to the West focusing on their motivations and the profound impact their actions had on the Cold War Going beyond simple labels of traitor or opportunist the book examines the complex blend of ideological disillusionment fear and personal ambition that drove these individuals to betray their country One intriguing fact is how the information provided by defectors often led to significant shifts in espionage tactics and counterintelligence measures The book analyzes key figures like Oleg Penkovsky whose intelligence on Soviet missile capabilities was invaluable and Svetlana Alliluyeva Stalin's daughter whose defection served as a major propaganda victory Another key aspect involves the Mitrokhin Archive a treasure trove of KGB secrets smuggled to the West By delving into these personal accounts the book offers a nuanced understanding of the human cost of geopolitical conflict and the intelligence battles fought in the shadows The approach taken in *Soviet Defectors* is to first establish the historical context then to present case studies and finally analyze the broader implications of these defections on Cold War intelligence The book offers a fresh perspective by drawing on declassified documents and newly available archival information creating a valuable resource for those interested in Cold War history political science and the intricate world of espionage
