Missionarischer Islam auf YouTube Selam Bruk, 2015-06-17 Missionarische Muslime haben durch YouTube Videos im Internet bereits viele Jugendliche für den salafistischen Islam gewonnen Was kennzeichnet das salafistische Glaubenssystem und wie können Christen dem missionarischen Islam im Internet begegnen Um diese Frage zu beantworten werden Erfolgsfaktoren verschiedener Prediger auf YouTube untersucht und häufig genannte Argumente muslimischer Prediger hinterfragt Besondere Aufmerksamkeit gilt dabei den Videos des Konvertiten Pierre Vogel dessen

Behauptungen z B dass Mohammed bereits in der Bibel erw hnt sei oder dass Jesus nur ein Prophet gewesen sei in diesem Buch exegetisch widerlegt werden Die Resultate dieses Buches helfen Christen die Hintergr nde der Argumentationsweise missionarischer Muslime zu verstehen um ihnen angemessen begegnen zu k nnen **Scientific and Political Freedom in Islam** Uriya Shavit,2017-02-24 This book critically explores the modernist apologetic Islamic approach to the relation between revelation and science and politics which for over a century has been a central part of Arab discourses on the future of Muslim societies The main thesis of the book is that the modernist apologetic approach has great potential to be a force for liberalization but also possesses inherent limitations that render its theory on the relation between revelation and freedom self contradictory *What Is Jesus?* Daniel Lee,2014-02-03 It has always been said There are two things to never discuss if you want to avoid an argument Religion and Politics Guaranteed to provoke emotion WHAT IS JESUS is a straight forward and blunt summary of the Philosophical differences of the major Religious beliefs of our world **The Quran Speaks** Bahis Sedq,2018-02-14 Even those who dispute the Quran do not question that it is in its original form This enables one to travel back in time to take a closer look at the Prophet Muhammad who is amongst the most towering personalities in history This book avails that priceless chance to reconstruct his life based on evidence as well preserved as the Quran It also explores the Quran s message on issues ranging from justice and women to the treatment of other religions to see if the disconnect between certain Islamic practices and the modern world is based on misreading of the Quran Among other topics the book assesses the claims that the Quran is a scientific miracle contains no inconsistencies and is a masterpiece of literature and also discusses the controversial incident of the Satanic verses in light of disclosures in the Quran The effort is to gain a holistic understanding of possibly the most influential book of all time The author has chosen to write under a penname Seeker of the Truth but remains optimistic of disclosing his identity in the future He does not doubt that a vast majority of Muslims would allow him to express the views noted in this book which are founded on the Quran Sedq uses many different translations of the Quran to present the material as clearly and sensibly as possible Bottom line This is an intriguing engaging look at a religion still misunderstood by many in the West It is bound to provoke heated debate Blueink Review A searching look at the teachings of the Quran Sedq takes up several common assertions about the Quran and subjects them to a scholarly thorough and often refreshingly cant free contemporary analysis that takes modern social norms and literary scholarship into account Sedq offers an interpretative look at the Quran that curious minds of all faiths will find fascinating Kirkus Reviews What s the most interesting or important book to come out recently about the Islamic world The Quran Speaks by Bahis Sedq a hugely important book by a scholar of Islam who is to my mind the most sophisticated of all the dissidents in the Muslim world He could be the Muslim Luther if there were only a way to keep him safe Ayaan Hirsi Ali in The New York Times **Asian Religious Responses to Darwinism** C. Mackenzie Brown,2020-12-17 This volume brings together diverse Asian religious perspectives to address critical issues in the encounter between tradition and modern

western evolutionary thought Such thought encompasses the biological theories of Charles Darwin Jean Baptiste Lamarck Earnest Haeckel Thomas Huxley and later neo Darwinians as well as the more sociological evolutionary theories of thinkers such as Herbert Spencer Pyotr Kropotkin and Henri Bergson The essays in this volume cover responses from Hindu Jain Buddhist Chinese Japanese and Indo Tibetan Confucian Daoist and Muslim traditions These responses come from the decades immediately after publication of The Origin of Species up to the present with attention being paid to earlier perspectives and teachings within a tradition that have affected responses to Darwinism and western evolutionary thought in general The book focuses on three critical issues the struggle for survival and the moral implications read into it genetic variation and its seeming randomness as related to the problems of meaning and purpose and the nature of humankind and human exceptionalism Each essay deals with one or more of the three issues within the context of a specific tradition

Anders Breivik and the Rise of Islamophobia Sindre Bangstad, 2014-06-12. In late July 2011 Norway was struck by the worst terror attacks in its history. In a fertilizer bomb attack on Government Headquarters in Oslo and a one hour long shooting spree at the Labour Party Youth Camp at Utøya seventy seven people mostly teenagers were killed by Anders Behring Breivik. By targeting young future social democratic leaders his actions were meant to lead to the downfall of Europe's purportedly multiculturalist elites thus removing an obstacle to his plans for an ethnic cleansing of Muslims from Europe. In this highly original work leading Norwegian social anthropologist Sindre Bangstad reveals how Breivik's beliefs were not simply the result of a deranged mind but rather they are the result of the political mainstreaming of pernicious racist and Islamophobic discourses. These ideas currently gaining common currency threaten equal rights to dignity citizenship and democratic participation for minorities throughout contemporary Europe. An authoritative account of the Norwegian terror attacks and the neo racist discourse that motivated them.
