Psychology Peter O. Gray,2010-01-04 An introductory text that explores psychology s major theories and the evidence that supports and refutes them This title incorporates research helping students to probe for the purposes and biological origins of behaviour the whys and hows of human psychology **School Library Journal** ,2009 *Bright Magic* Alfred

Doblin, 2016-10-25 Alfred Döblin's many imposing novels above all Berlin Alexanderplatz have established him as one of the titans of modern German literature. This collection of his stories astonishingly the first ever to appear in English shows him to have been a master of short fiction too. Bright Magic includes all of Döblin's first book The Murder of a Buttercup a work of savage brilliance and a landmark of literary expressionism as well as two longer stories composed in the 1940s when he lived in exile in Southern California. The early collection is full of mind bending and sexually charged narratives from the dizzying descent into madness that has made the title story one of the most anthologized of German stories to She Who Helped where mortality roams the streets of nineteenth century Manhattan with a white borzoi and a quiet smile and The Ballerina and the Body which describes a terrible duel to the death. Of the two later stories Materialism A Fable in which news of humanity's soulless doctrines reaches the animals elements and the molecules themselves is especially delightful. **God Must Be**

Sleeping Gregg Tyler Milligan, 2011-10 Gregg Tyler Milligan's story is told in two volumes Book I A Beautiful World and Book II God Must Be Sleeping. Shocking and moving both are rife with gritty realism endurance and hope. More information can be found at godmustbesleeping.com. A Beautiful World describes a child's battle for survival against a depraved alcoholic mother building to a desperate escape that saves the author and his siblings. Subjected to beatings molestations and forced prostitution this visceral book heralds one boy's courage in the face of devastation. God Must Be Sleeping delves into the fight through the next 11 years of Milligan's life. Living with abusive family members in foster homes and on the street battling rage and depression he uses the smallest of opportunities as means to survive. He eventually earns a college scholarship and bachelor's degree. Taking readers along his jagged path to triumph Milligan shows every fall taken to reveal the joy in every hill climbed. Milligan's piercing narrative has the intensity of a freight train diving unabashedly into the pit of adversity and human depravity. From the beginning the straightforward prose recounts the graphic details in the only way the story can be told with raw truth so that readers may truly relate. Bold and emotionally shattering Milligan's story exposes the complex struggle of survival. In A Beautiful World a courageous young boy fights to escape the savagery of the only home he has ever known and his abusive mother. Struggling in his devotion to her and the atrocities done unto him he must choose between love and survival. God Must Be Sleeping continues Milligan's journey into adolescence and young adult years. Some days his will to live is no more than a tiny flicker he struggles to keep lit with any chance afforded. He hangs on to a thread of hope enduring homelessness hunger rage and depression even surviving a nervous breakdown. Never giving up he attains his college degree and looks ahead to future journeys. In a way that no other recovery memoir addresses Milligan draws readers into his personal insights and the path he traveled along the road to healing and deliverance including his use of education as a key. Milligan provides readers resounding proof that no matter what struggles afflict us we can all emerge amazingly strong and drive headlong into the possibilities that await us. He faces his past head on showing the world it is possible to endure and not only survive but keep fighting and help one another best the demons that chase us. More information can be found at
