True To Form:

Picturing the True Form Shih-shan Susan Huang, 2020-03-17 Picturing the True Form investigates the long neglected visual culture of Daoism China's primary indigenous religion from the tenth through thirteenth centuries with references to both earlier and later times In this richly illustrated book Shih-shan Susan Huang provides a comprehensive mapping of Daoist images in various media including Dunhuang manuscripts funerary artifacts and paintings as well as other charts illustrations and talismans preserved in the fifteenth century Daoist Canon True form zhenxing the key concept behind Daoist visuality is not static but entails an active journey of seeing underlying and secret phenomena This book's structure mirrors the two part Daoist journey from inner to outer Part I focuses on inner images associated with meditation and visualization practices for self cultivation and longevity Part II investigates the visual and material dimensions of Daoist ritual Interwoven through these discussions is the idea that the inner and outer mirror each other and the boundary demarcating the two is fluid Huang also reveals three central modes of Daoist symbolism aniconic immaterial and ephemeral and shows how Daoist image making goes beyond the traditional dichotomy of text and image to incorporate writings in image design It is these particular features that distinguish Daoist visual culture from its Buddhist counterpart
