You Too Can Have A Body Like Mine A Novel:

You Too Can Have a Body Like Mine Alexandra Kleeman, 2015-08-25 A powerful allegory of our civilization's many maladies artfully and elegantly articulated by one of the young wise women of our generation New York Times Book Review An intelligent and madly entertaining debut novel reminiscent of *The Crying of Lot 49*, *White Noise* and *City of Glass* that is at once a missing person mystery an exorcism of modern culture and a wholly singular vision of contemporary womanhood from a terrifying and often funny voice of a new generation A woman known only by the letter A lives in an unnamed American city with her roommate B and boyfriend C who wants her to join him on a reality show called *That's My Partner* A eats or doesn't the right things watches endless amounts of television often just for the commercials particularly the recurring cartoon escapades of Kandy Kat the mascot for an entirely chemical dessert and models herself on a standard of beauty that only exists in such advertising She fixates on the fifteen minutes of fame a news celebrity named Michael has earned after buying up his local Wally Supermarket's entire and increasingly ample supply of veal Meanwhile B is attempting to make herself a twin of A who hungers for something to give meaning to her life something aside from C's pornography addiction and becomes indoctrinated by a new religion spread throughout a web of corporate franchises which moves her closer to the decoys that populate her television world but no closer to her true nature **You Too Can Have a Body Like Mine**

Vanderhaeghe,2024-03-12 This book tackles a broad swath of contemporary literature currently labeled speculative fiction A blurring of genres that includes science fiction modern fairy tales and avant garde experimental fiction these works are extremely popular but also derive from highly sophisticated philosophical and aesthetic sensibilities ones that call into question and uproot the very foundations of stories and storytelling Because such fictions subvert most conventional narrative devices plot recognizable characters verisimilitude logic legibility they deliberately confound almost any kind of conventional reading and criticism To do such a literature justice the traditional frameworks of literary criticism fail and Dear Incomprehension is more of an extended philosophical essay than it is a traditional work of criticism as oblique and unconventional in its voice tone and methods as the texts it illuminates Body Matters Sue Scott,David Morgan,2004-08-02

Graham,2024-07-19 Postmodernism s end is a complex and contentious topic Yet one overarching consensus emerges the postmodern has been surpassed This book poses a thought experiment challenging this position what if postmodernism persists within the twenty first century Rather than designate a new epoch or coherent movement this book interrogates the fragmented contradictory and counterintuitive endurance of postmodern aesthetics within post Cold War America An alternative use of postmodern aesthetics becomes possible when they are decoupled from their twentieth century historical location Collectively these repetitions posit a postmodern continuum contrasting the widely called for succession of postmodernism via this decoupling When postmodern aesthetics are no longer unconsciously repeated within their cultural moment this emergent shift within a period after postmodernism presents an alternative historical positioning and use After their cultural vanguard postmodern aesthetics become a confrontation of the chaotic realism of an inescapable post Cold War capitalism tapping into this cultural zeitgeist through literature *Truth and Consequences* Mike Miley,2019-12-30

Although nearly every other television form or genre has undergone a massive critical and popular reassessment or resurgence in the past twenty years the game show s reputation has remained both remarkably stagnant and remarkably low Scholarship on game shows concerns itself primarily with the history and aesthetics of the form and few works assess the influence the format has had on American society or how the aesthetics and rhythms of contemporary life model themselves on the aesthetics and rhythms of game shows In *Truth and Consequences Game Shows in Fiction and Film* author Mike Miley seeks to broaden the conversation about game shows by studying how they are represented in fiction and film Writers and filmmakers find the game show to be the ideal metaphor for life in a media saturated era from selfhood to love to family to state power The book is divided into rounds each chapter looking at different themes that books and movies explore via the game show By studying over two dozen works of fiction and film bestsellers blockbusters disasters modern legends forgotten
