

Youth Basketball Drills & Sample Practice Plans

Coordination & Conditioning Drills

Basketball is a sport of constant motion. If a player is not in the proper condition, they will find it difficult to keep up with other players, and the offense and especially defense will suffer. It is essential that your players be in good physical condition. While many younger players can run all day long and seem to never get tired, many children today are out of shape. Conditioning should be part of every practice.

1. Circle Basketball Around Waist

Players stand facing the coach while holding their basketball with both hands, waist high. On the coach's command, the player circles the basketball around their waist. After a few times, have the players stop and then circle the ball in the opposite direction. This drill may seem very easy, but you will be surprised how difficult yet fun it is for small players.

2. Circle Basketball Around Legs

This is a variation of the "Circle Basketball Around Waist Drill". Once again, the players stand facing the coach. On the coach's command, the player circles the basketball in and out of their legs in a figure 8 pattern. Have the players stop and then circle the ball in the opposite direction.

3. Throw ball in air & catch

In this drill the players stand facing the coach, holding their basketball with both hands, waist high. On the coach's command the players throw the ball up in the air and then catch it. Have the players start by throwing the ball up only a foot or two into the air. Once they master this, have the players increase the height of the throw.
