Hosking, 1993 The First Socialist Society is the compelling and often tragic history of what Soviet citizens have lived through from 1917 to the present told with great sympathy and perception It ranges over the changing lives of peasants urban workers and professionals the interaction of Soviet autocrats with the people the character and role of religion law education and literature within Soviet society and the significance and fate of various national groups As the story unfolds we come to understand how the ideas of Marxism have been changed taking on almost unrecognizable forms by unique political and economic circumstances Hosking's analysis of this vast and complex country begins by asking how it was that the first socialist revolution took place in backward autocratic Russia Why were the Bolsheviks able to seize power and hold on to it The core of the book lies in the years of Stalin's rule how did he exercise such unlimited power and how did the various strata of society survive and come to terms with his tyranny The later chapters recount Khrushchev's efforts to reform the worst features of Stalinism and the unpredictable effects of his attempts within the East European satellite countries bringing out elements of socialism that had been obscured or overlaid in the Soviet Union itself And in the aftermath of the long Brezhnev years of stagnation and corruption the question is posed can Soviet society find a way to modify the rigidities inherited from the Stalinist past *Manichaeism* Conrad Riker, The Eternal Battle for Your Soul Has Begun Which Side Will You Choose Do you feel trapped in a world that demonizes strength and rewards weakness Are you tired of being told masculinity is toxic while society crumbles without it What if the secret to reclaiming your divine purpose lies in a 1 700 year old prophecy Discover why every modern crisis from collapsing birth rates to gender chaos was foreshadowed by ancient heresies Uncover the hidden link between Marxist revolutions and Satanic inversions of sacred hierarchy Learn how to weaponize daily

Gelfant,1995-01-27 Blanche H Gelfant's book *Cross Cultural Reckonings* both demonstrates and questions the applicability of postmodern cultural and literary theories to realistic texts to fiction and autobiographies valued for their truth Drawing together an unusual combination of Russian American and Canadian writers the various essays of this book provide new and original perspectives upon the puzzling issues of national identity of historical change and continuity of gender and the integrity of literary genres the boundaries between text and context and the underlying if overlooked conflicts between the postmodern critic's skepticism and a writer's belief in the transcendence of art and truth To avoid the contingencies inherent in binary comparisons the essays in this book seek a triadic form analogous to the triptych or polyptych of the visual arts Multi faceted non linear and open ended such a form might allow the academic essay to recover a waywardness that traces back to Montaigne cited in prefatory notes and to the etymological meaning of the essay as an exagium or weighing as an act of reckoning A study at once elegant erudite and personal *Cross Cultural Reckonings* reckons with writers of different backgrounds and reputation in whom Gelfant discovers surprising affinities among them the Russian writers Lydia Chukovskaya Natalya Baranskaya and Alexander Solzhenitsyn Ethel Wilson a highly reputed Canadian writer the famous cross cultural figure Emma Goldman and established as well as new or rediscovered American writers such as Willa Cather Saul Bellow Arlene Heyman and Meridel Le Sueur These writers are discussed singly and in comparative essays each of which is discrete and self contained while all interconnect and reflect upon each other as exemplary demonstrations of cross cultural literary criticism and the deferred final judgment that results from a weighing and reweighing of books **Rulers and Victims** Geoffrey Hosking,2006-01-01 Many westerners used to call the Soviet Union Russia Russians too regarded it as their country but that did not mean they were entirely happy with it In the end in fact Russia actually destroyed the Soviet Union How did this happen and what kind of Russia emerged In this illuminating book Geoffrey Hosking explores what the Soviet experience meant for Russians One of the keys lies in messianism the idea rooted in Russian Orthodoxy that the Russians were a chosen people The communists reshaped this notion into messianic socialism in which the Soviet order would lead the world in a new direction Neither vision however fit the community spirit of the Russian people and the resulting clash defined the Soviet world Hosking analyzes how the Soviet state molded Russian identity beginning with the

impact of the Bolshevik Revolution and civil war He discusses the severe dislocations resulting from collectivization and industrialization the relationship between ethnic Russians and other Soviet peoples the dramatic effects of World War II on ideas of homeland and patriotism the separation of Russian and Soviet culture leadership and the cult of personality and the importance of technology in the Soviet world view At the heart of this penetrating work is the fundamental question of what happens to a people who place their nationhood at the service of empire There is no surer guide than Geoffrey Hosking to reveal the historical forces forging Russian identity in the post communist world Research Reporting Series ,1980

Venosa,1979 EPA-600/9 ,1979-06 **Fragments of Lives** Jacques Rossi,2019-04-01 In *Fragmented Lives* Gulag survivor Jacques Rossi opens a window onto everyday life inside the notorious Soviet prison camp through a series of portraits of inmates and camp personnel across all walks of life from workers to peasants soldiers civil servants and party apparatchiks Featuring Rossi s original illustrations and written in a sharp and dry tone Rossi s vignettes are also filled with surprising humor A former agent in the Spanish Civil War and a lifelong Communist Rossi never considered himself a victim Instead in the manner of Primo Levi Solzhenitsyn and Margaret Buber Neumann he sought to share and transmute his experience within the living hell of the Gulag In so doing he gives voice to the inmates whose lives were shattered by one of the most corrupt and repressive regimes of the twentieth century An impassioned reminder to always question one s beliefs to have the courage to give up one s illusions at the risk of one s life *Fragmented Lives* lays bare with acute observations and biting wit the falsity of the Soviet utopia that transformed Rossi s home into a huge Potemkin village a farcical sham dissimulating oceans of mud and blood Electronic Ceramics B.C.
