

REFLECTIONS ON
PERSONAL IDENTITY
IN EARLY AMERICA

Through a Glass Darkly

Edited by Ronald Hoifman, Michael Schell, and Fredrika J. Teute

Through A Glass Darkly Reflections On Personal Identity In Early America

Matthew H. Pangborn

Through A Glass Darkly Reflections On Personal Identity In Early America:

Through a Glass Darkly Ronald Hoffman, 1997 Through a Glass Darkly Ronald Hoffman, Mechal Sobel, Fredrika J. Teute, 2012-12-01 These thirteen original essays are provocative explorations in the construction and representation of self in America's colonial and early republican eras Highlighting the increasing importance of interdisciplinary research for the field of early American history these leading scholars in the field extend their reach to literary criticism anthropology psychology and material culture The collection is organized into three parts Histories of Self Texts of Self and Reflections on Defining Self Individual essays examine the significance of dreams diaries and carved chests murder and suicide Indian kinship and the experiences of African American sailors Gathered in celebration of the Institute of Early American History and Culture's fiftieth anniversary these imaginative inquiries will stimulate critical thinking and open new avenues of investigation on the forging of self identity in early America The contributors are W Jeffrey Bolster T H Breen Elaine Forman Crane Greg Denning Philip Greven Rhys Isaac Kenneth A Lockridge James H Merrell Donna Merwick Mary Beth Norton Mechal Sobel Alan Taylor Laurel Thatcher Ulrich and Richard White *A Companion to American Cultural History* Karen Halttunen, 2014-01-28 A Companion to American Cultural History offers a historiographic overview of the scholarship with special attention to the major studies and debates that have shaped the field and an assessment of where it is currently headed 30 essays explore the history of American culture at all analytic levels Written by scholarly experts well versed in the questions and controversies that have activated interest in this burgeoning field Part of the authoritative Blackwell Companions to American History series Provides both a chronological and thematic approach topics range from British America in the Eighteenth Century to the modern day globalization of American Culture thematic approaches include gender and sexuality and popular culture

Inequality in Early America Carla Gardina Pestana, 2015-03-24 This book was designed as a collaborative effort to satisfy a long felt need to pull together many important but separate inquiries into the nature and impact of inequality in colonial and revolutionary America It also honors the scholarship of Gary Nash who has contributed much of the leading work in this field The 15 contributors who constitute a Who's Who of those who have made important discoveries and reinterpretations of this issue include Mary Beth Norton on women's legal inequality in early America Neal Salisbury on Puritan missionaries and Native Americans Laurel Thatcher Ulrich on elite and poor women's work in early Boston Peter Wood and Philip Morgan on early American slavery as well as Gary Nash himself writing on Indian white history This book is a vital contribution to American self understanding and to historical analysis Enlightenment Orientalism in the American Mind, 1770-1807 Matthew H. Pangborn, 2018-09-07 This study engages with the emerging field of energy humanities to provide close readings of several early American oriental observer tales The popular genre of orientalism offered Americans a means to critique new ideas of identity history and nationality accompanying protoindustrialization and a growing consumerism The tales thus express a complex self reflection during a time when America's exploitation of its energy

resources and its engagement in a Franco British world system was transforming the daily life of its citizens The genre of the oriental observer this study argues offers intriguing glimpses of a nation becoming strange in the eyes of its own inhabitants

The Work of the Heart Martha Tomhave Blauvelt,2007 Showing work where none seemed to exist The Work of the Heart suggests emotion work as a key measure of women s status whether for the twenty first century or the eighteenth and offers an analytical tool for historians exploring the self

Creole Gentlemen Trevor Burnard,2013-10-08 Examining the lives of 460 of the wealthiest men who lived in colonial Maryland Burnard traces the development of this elite from a hard living profit driven merchant planter class in the seventeenth century to a more genteel class of plantation owners in the eighteenth century This study innovatively compares these men to their counterparts elsewhere in the British Empire including absentee Caribbean landowners and East Indian nabobs illustrating their place in the Atlantic economic network

Law and Sexual Misconduct in New England, 1650-1750 Abby Chandler,2016-04-15 Having arriving in the Province of Maine in 1641 with a brief to create both government and law for the fledgling colony Thomas Gorges later recorded his policy as having steered as neere as we could to the course of Ingland Over the course of the next century the various colonial administrations all consciously measured their laws against that of England whether their intention was imitation of or conscious opposition to established English legal system In order to trace the shifting and contested relationships between colonial laws and English laws this book focuses on the prosecution of sexual misconduct All crimes can threaten orderly society but no other crime posed quite the same long term implications as illicit sex resulting in the birth of illegitimate children who became their own social challenges Sexual misconduct was consequently a major concern for early modern leaders making it a particularly fruitful subject for studying the complex relationship between laws in England and laws in the English colonies Political and ecclesiastical leaders create laws to coerce people to behave in a certain fashion and to convey wider messages about the societies they govern When those same laws are broken lawbreakers must be tried and punished by a means intended to serve as a warning to other would be lawbreakers In this book the two part analysis of changing sexual misconduct laws and the resulting trial depositions highlights the ways in which ordinary New England colonists across New England both interacted with and responded to the growing Anglicization of their legal systems and makes the argument that these men and women saw themselves as taking part in a much larger process

The Challenge of American History Louis P. Masur,1999-05-20 In *The Challenge of American History* Louis Masur brings together a sampling of recent scholarship to determine the key issues preoccupying historians of American history and to contemplate the discipline s direction for the future The fifteen summary essays included in this volume allow professional historians history teachers and students to grasp in a convenient and accessible form what historians have been writing about

Revolutionary America, 1763-1815 Francis D. Cogliano,2003-09-02 The American Revolution describes and explains the crucial events in the history of the United States between 1763 and 1815 when settlers in North America rebelled against

British authority won their independence in a long and bloody struggle and created an enduring republic Placing the political revolution at the core of the story this book considers the deterioration of the relationship between Britain and the American colonists the Wars of Independence the creation of the republican government and the ratification of the United States Constitution the trials and tribulations of the first years of the new republic The American Revolution also examines those who paradoxically were excluded from the political life of the new republic and the American claim to uphold the principle that all men are created equal In particular this book describes the experiences of women who were often denied the rights of citizens Native Americans and African Americans The American Revolution is an important book for all students of the American past

Unveiling the Energy of Verbal Art: An Mental Sojourn through **Through A Glass Darkly Reflections On Personal Identity In Early America**

In a global inundated with displays and the cacophony of instantaneous conversation, the profound energy and psychological resonance of verbal beauty frequently diminish into obscurity, eclipsed by the continuous assault of noise and distractions. Yet, set within the lyrical pages of **Through A Glass Darkly Reflections On Personal Identity In Early America**, a captivating function of literary elegance that impulses with organic thoughts, lies an unique journey waiting to be embarked upon. Penned with a virtuoso wordsmith, that interesting opus courses viewers on a mental odyssey, gently revealing the latent potential and profound affect embedded within the complex web of language. Within the heart-wrenching expanse with this evocative analysis, we can embark upon an introspective exploration of the book is main subjects, dissect its interesting publishing style, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
