Christina Burrus,2008-04 My painting carries within it the message of pain Frida Kahlo born in 1907 near Mexico City learned about pain at a very early age She contracted polio at six and then at eighteen suffered serious and permanent injury to her right leg and pelvis in a terrible bus accident Young and undaunted she went on to fall in love with the great mural painter Diego Rivera at a time when their native Mexico was going through a period of thrilling political and cultural upheaval Rivera and Kahlo were a legendary couple both were impassioned lifelong communists while fervently attached to traditional Mexican Indian culture and both were driven by a relentless artistic ambition that surmounted all the dramas that plagued their marriage Later Frida became the friend and lover of Leon Trotsky She was greatly admired by the Surrealists and sat for some of the greatest photographers of her day Her art largely consisted of self portraits like the famous paintings The Two Fridas and The Broken Column though she also left many striking still lives In Frida Kahlo Painting Her Own Reality Christina Burrus assesses Frida Kahlo s extraordinary work a maelstrom of cruelty humor candor and insolence reflecting the essence of a free beautiful courageous woman who concealed her physical pain behind peals of infectious laughter The Dawn of Tibet John Vincent Bellezza,2014-08-29 This unique book reveals the existence of an advanced civilization where none was known before presenting an entirely new perspective on the culture and history of Tibet In his groundbreaking study of an epic period in Tibet few people even knew existed John Vincent Bellezza details the discovery of an ancient people on the most desolate reaches of the Tibetan plateau revolutionizing our ideas about who Tibetans really are While many associate Tibet with Buddhism it was also once a land of warriors and chariots whose burials included megalithic arrays and golden masks This first Tibetan civilization known as Zhang Zhung was a cosmopolitan one with links extending across Eurasia bringing it in line with many of the major cultural innovations of the Late Bronze Age and Iron Age Based on decades of research The Dawn of Tibet draws on a rich trove of archaeological textual and ethnographic materials collected and analyzed by the author Bellezza describes the vast network of castles temples megaliths necropolises and rock art established on the highest and now depopulated part of the Tibetan plateau He relates literary tales of priests and priestesses horned deities and the celestial afterlife to the actual archaeological evidence providing a fascinating perspective on the origins and development of civilization The story builds to the present by following the colorful culture of the herders of Upper Tibet an ancient people whose way of life is endangered by modern development Tracing Bellezza s epic journeys

across lands where few Westerners have ventured this book provides a compelling window into the most inaccessible reaches of Tibet and a civilization that flourished long before Buddhism took root Antiquities of Northern Tibet John Vincent Bellezza, 2001 *Sorcerers of Tibet, The Mystery & Magic* M.G.
