British Leyland James Taylor, 2018-03-26 In 1968 British Leyland brought together many of Britain's motor
manufacturers with the intention of creating a robust unified group that could equal the strength of the big European
conglomerates But this was not to be There have been many books about the politics and the business activities of British
Leyland but British Leyland The Cars 1968 1986 looks exclusively at the cars that came from the company both the models it
inherited and those it created The eighteen years of the corporation's existence saw a confusing multitude of different car
types but this book resolves these confusions clarifying who built what and when The book takes 1986 as its cut off point
because this was the year that the old British Leyland ceased to exist and what was left of the car and light commercial
business was renamed the Rover Group The book includes Production histories and technical specifications of every major
model The special overseas models Appendices on engines code names and factories Buying guidance on the models built in
Britain This is the most comprehensive book so far to focus on the cars from British Leyland between 1968 1986 and it
provides an overview of each model's production history together with essential specification details It is profusely illustrated
