The Historical Reliability of the New Testament Craig L. Blomberg,2016-11 This book is a fully stocked toolbox for anyone interested in whether we can still trust the New Testament in the twenty first century

Revelation Mwaniki Karura,2024-10-24 This commentary helps the reader of the book of Revelation to navigate through the challenges that have so far complicated interpretation of the book It walks the reader into the four vision halls Patmos symbolic heaven symbolic wilderness and the symbolic high mountain Like a trained tour guide it illuminates the nature and purpose of every symbol and simulation of the things that are and the things that are to come It identifies strategic acts embedded in the visionary simulations as the major communicative devices that the divine author used to evoke the intended reader responses

The Seven Cities of the Apocalypse and Roman Culture Roland H. Worth Jr.,2019-05-07 To understand the immediate cultural and societal background of the cities to which John wrote in Revelation 1 and 2 we must first understand the broader background of Roman civilization and its impact upon Asian province writes Roland H Worth in the introduction to this fascinating information packed work It is an in depth study of the history culture society economics and environment of early Christians living in Roman Asia Drawing on a multitude of resources from diverse disciplines Worth surveys Roman life and attitudes in general and demonstrates how Roman power developed and was exercised in Asia He describes life in Roman Asia what it was like to live in that province how the imperial cult grew and prospered there as well as the nature of official governmental persecution in the first century A second book *The Seven Cities of the Apocalypse and Greco Asian Culture* will fill in the details of the local background of the Christians for whom the mini epistles in the book of Revelation were written

The Seven Cities of the Apocalypse and Greco-Asian Culture Roland H. Worth,2019-05-07 The companion to *The Seven Cities of the Apocalypse and Roman Culture* this study explores the social world in which early Christians functioned in Asia providing a comprehensive picture of life in this eastern province of the Roman Empire and focusing on how the local environment affects the interpretation of the book of Revelation The history population local culture economies and cults of each city are examined in detail Including data from hundreds of sources this volume should prove useful to students of both the Bible and Roman history as it bridges the gap between the two specialties and provides many details that enable the reader to imagine what life would really have been like in those ancient cities As such this study provides a

valuable supplement to the broader question of Rome's general impact upon the region traced in the Roman Culture volume. Although there are many works on the subject this is the only place where all the information is pulled together. It is a useful resource for Scripture scholars, nonprofessionals with an interest in Bible study, professors and students of Scripture and historians specializing in the first century CE.

Parody and Counterimaging in the Apocalypse Joe E. Luncford, 2009-10-01. As numerous scholars have noted, The Revelation was first received orally. Directed not merely to the intellect, its author deliberately employed different literary schemes and devices to evoke the imagination of his audience. In this new study, Joe Luncford examines the specific use of parody and counterimaging in The Revelation, arguing that this often overlooked device was an essential means by which its author engaged the imagination of his readers and hearers. In light of the best of recent scholarship on The Revelation, Luncford examines over thirty uses of this device, most notably the contrasting images of the evil trinity of dragon, beast from the sea, and beast from the earth, and the Holy Trinity.

The Descent of the New Jerusalem Andreas Hock, 2003. This study applies discourse analysis to the book of Revelation and offers thus a novel approach to an important biblical text. The object of examination is the last of John's visions in his Apocalypse, Rev 21:1-22:5, a text famous for its biblical, theological density and for the great problems of literary and exegetical quality revealed by the history of exegesis. The author accurately defines his text, concept, explains what he means by discourse analysis of the text, and states its phases of application. He evaluates recognized exegetes of the Apocalypse and then moves on to his analysis of the pericope 21:1-22:5. Seven macro sentences are marked out and explained. The novelty of the method applied yields a fresh and invigorating exegesis through a distinctive adherence to the literary data of the text while observing unusual alertness toward verb tenses.

The Book of Revelation Robert H. Mounce, 1998. This contribution to The New International Commentary on the New Testament is a revision of Robert Mounce's original entry on the book of Revelation and reflects more than twenty additional years of mature thought and the latest in scholarship.

The Battles of Armageddon Eric H. Cline, 2002. One site, thirty battles over four thousand years: Egyptians, Crusaders, Mongols, Israelis.

1 & 2 Corinthians MacArthur New Testament Commentary Set John MacArthur, 2003-11-01. This package contains the complete two-volume set of First Corinthians and Second Corinthians from the MacArthur New Testament Commentary series. The MacArthur New Testament Commentary series continues to be one of today's top-selling commentary series. In First Corinthians and Second Corinthians, respected preacher and Bible teacher John MacArthur demonstrates how the Corinthian church required Paul's repeated care as the apostle sought to correct errors of unchristian practice, worship, and doctrine. Concerned with false apostles who were leading the church astray, Paul defended his own authority as God's apostle and sought reconciliation within the church. MacArthur explores these issues by giving a verse-by-verse analysis in context and providing points of application for passages illuminating the biblical text in practical and relevant ways. Both volumes form yet another set of comprehensive and compelling commentaries in his New Testament series and are a must-have for every pastor's library.

Michielin, 2016-03-16 First published in 1959 Karl Barth's A Shorter Commentary on Romans originated as the manuscript for a course of extramural lectures held in Basle during the winter of 1940 41 During this time Barth continued to resist the Nazi regime and its influence on the Reformed Church as he did when he was in Bonn This reissue of Barth's A Shorter Commentary on Romans links to the renewed interest today in a theological interpretation of Scripture In response to the modern preoccupation with what lies behind the text the author's context and to a postmodern preoccupation with what lies in front of the text the reader's context both theologians and biblical scholars are asking the following questions What is the relationship between the biblical text interpreter and God Can the Bible be read both as an historical document and as a text that speaks to us today and if so how can it do so Barth's commentarial practice as exemplified in A Shorter Commentary on Romans answers these questions This book is presented in two parts first an introduction by Maico Michielin helping readers understand Barth's theological exegetical approach to interpreting Scripture and showing readers how to let Scripture address theological and ethical concerns for today the main body of the book then follows the republication of the original English translation by D H van Daalen of Barth's A Shorter Commentary on Romans **ESV® Standard Lesson Commentary® 2017-2018** Standard Publishing, 2017-06-01 As the nation's most popular annual Bible commentary for more than 2 decades the Standard Lesson Commentary provides 52 weeks of study in a single volume and combines thorough Bible study with relevant examples and questions The ESV SLC Paperback Edition is perfect as the primary resource for an adult Sunday school class and personal study or as a supplemental resource for any curriculum that follows the ISSL Uniform Series Nearly 2 dozen ministers teachers and Christian education specialists provide the Bible commentary lesson plans discussion questions and other features that make the Standard Lesson Commentary the most popular annual Bible commentary available The Standard Lesson Commentary is based on the popular Uniform Series also called the International Sunday School Lessons This series developed by scholars from several church fellowships provides an orderly study of the Bible in a 6 year period **1 Corinthians MacArthur New Testament Commentary** John MacArthur, 1984-11-08 The church at

Instead of life over, under, from, or even for God, what leads us into freedom and restoration is life with God. Why are American Christians, who have more access to biblical teaching than any other people in history, failing to experience the freedom of the Christian life? Why are pastors, those closest to the work and ministry, burning out at an alarming rate? Why do many church members, who give large amounts of their time and wealth to Christ and his kingdom, secretly question the legitimacy of their efforts? And why are spiritual seekers dismissing the validity of the Christian message? Is it possible we've misunderstood the call of the Christian life? **With** explores the narrative of the Bible from Genesis to Revelation and the stories of faithful women and men throughout history to show that we were created to be with God and that restoring this connection is his mission. When we neglect this calling in favor of a life over, under, or even for God, we will not know the freedom Christ intended. But a life lived in rich communion with God cultivates faith, hope, and love in a way that transforms both us and the broken world we inhabit.
