This fascinating recollection of the early days of the Anthroposophical Society offers a unique perspective on Rudolf Steiner's work and his relationship to his students Of particular interest to our readers will be the chapters on the Christmas Conference of 1923 for the foundation of the Anthroposophical Society Hiebel attended the meeting and his lively descriptions and warm style let those solemn events rise up again in our souls He recreates the solemn sacred mood of the laying of the Foundation Stone and provides insights into the structure and meaning of the Foundation Stone verses The Appearance of Christ in the Etheric Sergei O. Prokofieff, 2012 Dedicated to the centenary of Rudolf Steiner's first proclamation of Christ's appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ's Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time *Encountering Rudolf Steiner* Christopher Bamford, 2022-04-12 The deep aim or intention of an introduction understood esoterically is a living understanding or as the poet William Blake put it the ability to catch the bird in flight and fly with it If successful this makes it possible for any reader to hear or translate into his or her own understanding what Rudolf Steiner is offering within and beyond his words in these texts of The Collected Works Christopher Bamford Rudolf Steiner's writings and lectures comprise a collection of more than 350 volumes which can overwhelm anyone hoping to gain an understanding of the vast range of their content Beginning in the 1990s as editor in chief of Anthroposophic Press SteinerBooks Christopher Bamford wrote introductions to more than fifty books in the English translations each one offering readers significant context and keys to open up many areas of Steiner's works This volume presents fifteen of those introductions to some of Steiner's most essential books and lectures on anthroposophic practices Western esoteric streams religious renewal and inner development as well as practical applications of anthroposophic

principles for a threefold society and contributions to modern holistic medicine Taken together these introductions provide one of the best possible means of encountering Rudolf Steiner by revealing the background significance and relevance of his philosophy and insights for humanity today and in the future This book is for anyone seeking a way into Steiner's worldview as well as for those who are already familiar with the work of Rudolf Steiner and wish to delve more deeply into the many aspects of the anthroposophic path of knowledge

The Mystery of the Resurrection in the Light of Anthroposophy Sergei O. Prokofieff, 2010 We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically and came about through the establishing of a path accessible to all human beings which leads to a union with the forces of the Resurrection body Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time the Christ event through Rudolf Steiner's spiritual research At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event as well as Ascension and Pentecost present both for the individual and humanity The final chapter considers the mystery of Easter Saturday through which the two polar aspects of the Mystery of Golgotha death and resurrection interconnect also explaining the relationship between the Earth Spirit and the interior of the Earth An appendix tackles the phenomenon of stigmatization from a spiritual scientific perspective

Rhythms of Learning Rudolf Steiner, 1998-03 The primary task of a Waldorf teacher is to understand the human being in body soul and spirit From this understanding will grow the approach the curriculum and the methods of an education capable of addressing the whole child Roberto Trostli Waldorf education an established and growing independent school movement continues to be shaped and inspired by Rudolf Steiner's numerous lectures on education In Rhythms of Learning key lectures on children and education have been thoughtfully chosen from the vast amount of material by Steiner and presented in a context that makes them approachable and accessible In his many discussions and lectures Steiner shared his vision of an education that considers the spirit soul and physiology in children as they grow Roberto Trostli an experienced Waldorf teacher has selected the works that best illustrate the fundamentals of this unique approach In each chapter Trostli explains Steiner's concepts and describes how they work in the contemporary Waldorf classroom We learn how the teacher child relationship and the Waldorf school curriculum changes as the students progress from kindergarten through high school This book will serve as an excellent resource for parents who want to understand how their child is learning Parents will be better prepared to discuss their child's education with teachers and teachers will find it a valuable reference source and communication tool

D.N. Dunlop, A Man of Our Time T. H. Meyer, 2014-11-10 D N Dunlop 1868 1935 combined remarkable practical and organizational abilities in industry and commerce with gifted spiritual and esoteric capacities A personal friend of W B Yeats and Rudolf Steiner Dunlop was responsible for founding the World Power

Conference today the World Energy Council and played leading roles in the Theosophical Society and later the Anthroposophical Society In his business life he pioneered a cooperative approach towards the emerging global economy Meyer s compelling narrative of Dunlop s life begins on the Isle of Arran where the motherless boy is brought up by his grandfather In a landscape rich with prehistoric standing stones the young Dunlop has formative spiritual experiences When his grandfather dies he struggles for material survival but devotedly studies occult literature The scene moves to Dublin where Dunlop becomes a friend of W B Yeats and the poet seer A E and develops an active interest in Madame Blavatsky s Theosophy Arriving in London via New York Dunlop is now a lecturer writer and the editor of a monthly journal but alongside his esoteric interests he rises to a foremost position in the British electrical industry masterminding the first World Power Conference Dunlop s life is to change forever through his meeting with Rudolf Steiner which brought instant recognition He was immediately convinced that Steiner was the Knower the Initiate the bearer of the Spirit to his age Dunlop s close involvement with anthroposophy leading to his eventual position as Chair of the British Society is described in detail from the momentous conferences in Penmaenmawr and Torquay to his transformative relationships with Eleanor Merry W J Stein Ita Wegman and Ludwig Polzer Hoditz Meyer features important material on the Anthroposophical Society s tragic split that allows for a true evaluation of this difficult period in the organization s history This second enlarged edition features substantial additions of new material and an Afterword by Owen Barfield May Human Beings Hear It! Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923 4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff s anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity s evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of May Human Beings Hear It are complete in themselves and can therefore be studied independently of each other Kaspar Hauser Peter Tradowsky, 2012-03-09 In 1828 a teenage boy was discovered on the streets of Nuremberg Barely able to walk he clutched a letter in his hand This youth Kaspar Hauser who couldn t properly speak or write was soon to become an international phenomenon known as the Child of Europe The story of Kaspar Hauser

presents many mysteries According to his account the young boy spent most of his life confined in a darkened space Unable to stand up and with no knowledge of his captors he was fed a diet of bread and water Eventually released from this macabre prison he survived an assassination attempt only to be stabbed to death in 1833 Why was a child kept in such squalid circumstances Who were his parents Who was responsible for such a cruel attack on childhood Who murdered him In this seminal work Peter Tradowsky addresses these questions through the insights of Anthroposophy His analysis reveals some of the secrets of Kaspar Hauser's short life and the occult significance of his incarnation spiritual nature and individuality

Sleep and Dreams Rudolf Steiner, 2003 What are Dreams Every age every culture perhaps every person have different answers We can at least agree on one thing however dreams are other Their presence in our lives demonstrates that we are not limited to a single mode of consciousness The world of sleep is largely a blank for us an abyss of non consciousness yawning between one day and the next but the very fact that we can dream announces our potential for awareness within that abyss We spend a third of our life asleep a fact that dream theorists rarely consider This startling collection of lectures by Rudolf Steiner selected and introduced by the psychologist Michael Lipson provides a truly unique way of approaching dreams based on an understanding of the spiritual nature of human beings A radically new view of dreams as the threshold to spiritual reality arises once we acknowledge that physical existence is only the tip of an iceberg hidden largely in the spiritual world Sleep death and meditation are the three realms in which consciousness has the opportunity to deepen its immersion in the divine flow of existence In principle we can become infinitely more self aware in each of them since human consciousness is not fixed neither in contents nor in terms of alertness All day long the contents of our consciousness change and during the night the level changes These lectures permit readers to glimpse the fantastic depths of experience we normally sleep through and to contemplate Steiner's astounding program to maintain self aware consciousness through sleep through death through all being Contents The Secrets of Sleep Sleep and the Three Part Soul Sleep and the World of the Stars Understanding Sleep through Imagination Inspiration and Intuition An Active Spirit Dreams and the Spiritual Researcher Our inner Undercurrent A Continual Dreaming Preparing for a New Birth Dreaming and the Etheric Body Inspiration Bringing the Unconscious to Consciousness Confronting the Totality of Our Lives through Dreams The Logic and Illogic of Dreams Dreams and Human Development Interpreting Dreams Dreams The Human Essence in Spiritual Connection
