Chicago when she turned back to face the killer chasing them through the smoky corridors of the World's Fair Hotel. Kate placed the CHRONOS key around his neck and made his eight year old self promise to wear it always and that's a promise Kiernan has never broken. When Kate suddenly vanishes after a Cyrist engineered time shift that hidden medallion is Kiernan's only hope for finding her. He returns to the Cyrist fold to look for clues but his search will lead him back to the question that has haunted him for years: what really happened after he left Kate at the World's Fair Hotel.

Time's Twisted Arrow C.
Walniuk, Rysa Walker, 2012-10-01

In the year 2307 historians are born with a genetic license to time travel and are sent out with strict orders to observe everything and change nothing. But when a violent act of sabotage strands twenty three CHRONOS historians at various points in time it triggers a chain of events that will alter history and potentially erase more than half of the human population. In *TIME'S TWISTED ARROW* the first book of *The CHRONOS Files* seventeen year old Kate learns that she has inherited designer DNA when her grandmother arrives with a strange medallion that she claims only Kate and a few other descendants of the CHRONOS historians can operate. Kate soon finds herself in an alternate reality. Leaders of a previously unknown religion now hold great power and her grandmother has been murdered somewhere in the past. Her mother never existed, her father doesn't know her and she has rather inconveniently managed to fall in love. In order to restore the time line Kate must travel back to 1893 and keep herself and her grandmother clear of the serial killer H. H. Holmes who is stalking young women at the Chicago World's Fair. Unfortunately other descendants of CHRONOS have a very different agenda.
