

Year 1		Western Adelaide Region - Maths Assessment Tasks Map (Draft –November 2013)				Pedagogical Strands	
Aims	The Australian Curriculum: Mathematics aims to ensure that students are confident, creative users and communicators of mathematics, able to investigate, represent and interpret mathematical problems and work both on their own and with others, develop an increasingly sophisticated understanding of mathematical concepts and fluency with processes, and are able to pose and solve problems and work in further and deeper, abstract and general, and logical and possibly complex contexts between the area of mathematics and other disciplines and appreciate mathematics as an accessible and enjoyable discipline of study.					• Understanding • Fluency • Problem Solving • Reasoning	
Content Strands	Number & Algebra						
Sub Strands	Number & Place Value			Fractions and Decimals	Money and Financial Mathematics	Patterns & Algebra	
Big Idea 1 Concept Key Understanding	Counting the Count		Place Value	Addition & Multiplication Thinking	Partitioning		
	Numbers are said in a particular order and there are patterns in the way we say them The teacher/parent would tell us how many in five each A collection of nine many number what it looks like (ie. 1 apple, 1 pencil, 1 number) We can recognise small collections without counting (jumping) Collections can be measured, compared and classified (ie. as many as 10, equal to 10, or fewer than 10 number, different)	In place value we write (introduced) in 10 ones is 1 ten, 10 tens is 1 hundred, ... In place value there are names for thousands units (multiples of 10) (ie. tens, hundred, thousand)	Numbers can be named in terms of their parts (part-part-whole, 7 is 6 and 1, 3 and 1, 4 and 3, ...) Numbers have properties that help us work fluently with them (eg. 7 is 5 and 2, 5 and 2 is 7, 10 and 1 is 9) Rounding and partitioning numbers is useful for mental and written calculation	The number of parts named (part) (ie. 2 parts = 4 tens, 1 part = whole) Two fractions have equal parts Language is important (ie. 7 then 1 out of 2 apples, then half – how many out of how many)	Currency has different values and can be recognised and sorted according to appearance and value The size of Australian coins and notes do not determine their value Each country has its own currency Currency provides access to food and services	A pattern requires an element of repetition that can be described and generalised with symbols Patterns can be represented in many ways including using combinations of numbers, objects and symbols Patterns are all around us	
Australian Curriculum Content Descriptor	Develop confidence with number sequences to and from 100 by one from any starting point. Skip-count by 2s, 5s and 10s using their ten	Recognise, model, read, write and order numbers to at least 100. Locate these numbers on a number line	Count collections to 100 by partitioning numbers using place value	Represent and solve simple addition and subtraction problems using a range of strategies including counting on, partitioning and jumping parts	Recognise and describe one half as one of two equal parts of a whole	Recognise, describe and order Australian coins according to their value	Investigate and describe number patterns formed by skip counting and counting with objects
Learning Intent Standard	Students describe number sequences resulting from skip counting by 2s, 5s and 10s	Students read to and from 100 and locate numbers on a number line	Students partition numbers using place value	Students carry out simple additions and subtractions using jumping strategies	Students identify representations of one half	Students recognise Australian coins according to their value	Students continue simple patterns making numbers and objects
Curriculum Assessment Task	1.1 Number Chains		1.2 Mystery Number	1.3 On the Bus			1.4 Lucy's Books

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Western Adelaide Region Maths Term Planner eBooks, including some popular titles.

FAQs About Western Adelaide Region Maths Term Planner Books

What is a Western Adelaide Region Maths Term Planner PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Western Adelaide Region Maths Term Planner PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Western Adelaide Region Maths Term Planner PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Western Adelaide Region Maths Term Planner PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Western Adelaide Region Maths Term Planner PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
