Ullman Semantics An Introduction To The Science Of Meaning:

Semantics Stephen Ullmann,1962 **Semantics** Stephen Ullmann,1967 **Understanding Statutes** V.C.R.A.C Crabbe,2012-09-10 This book seeks to explain to the beginner how to understand and interpret statutes The book starts with an explanation of the nature and purpose of an Act of Parliament including the policy considerations that may lie behind the Act *Semantics. An Introduction to the Science of Meaning* István Ullmann,1962 **Explanation from Physics to Theology** Philip Clayton,Dean of Claremont School of Theology Philip Clayton,1989-01-01 A valuable exposition of the thesis that the explanatory work of theology possesses formal similarities with that of the physical sciences the social sciences and philosophy Clayton exhibits an impressive command of a broad area of scholarship and his reflections are balanced and carefully argued Michael J Buckley S J Jesuit Theological Seminary Understanding Statutes Crabbe,,Crabbe,1994-12 This book seeks to explain to the beginner how to understand and interpret statutes The book starts with an explanation of the nature and purpose of an Act of Parliament including the policy considerations that may lie behind the Act **National Defense Resources Conference** Industrial College of the Armed Forces (U.S.),1962 **Western Apache Language and Culture** Keith H. Basso,1990-03-01 Seven essays collected here for the first time define some of the central concerns of linguistic anthropology through the close study of Western Apache a language of astonishing complexity All of the essays have been revised for this anthology Basso a major authority in the field of linguistic anthropology has drawn on fieldwork at the village of Cibecue whose residents speak a dialect of Western Apache that is spoken nowhere else He shows how intricacies of language place names metaphor uses of silence help a people define their very existence so that in the words of one Apache woman If we lose our language we will lose our breath then we will die and blow away like leaves His essays amply demonstrate that while Apache language and culture are changing in response to modernization they remain intricate vital and unique These essays illustrate not only the complexity of a particular cultural world as it has emerged to one observer over a protracted period of intensive fieldwork but also the natural movement from the study of grammatical categories to that of language use and on to the study of the conceptual system underlying it Each essay addresses a significant theoretical problem taken together they constitute a microcosm of the anthropological understanding of language CONTENTS The Western Apache Classificatory Verb System A Semantic Analysis Semantic Aspects of Linguistic Acculturation A Western Apache Writing System The Symbols of Silas John Wise Words of the Western Apache Metaphor and Semantic Theory To Give Up on Words Silence in Western Apache Culture Stalking With Stories Names Places and Moral Narratives among the Western Apache Speaking with Names Language and Landscapes among the Western Apache **A Woman's Place** Shirley Morahan,1981-06-30 A truly liberated rhetoric and reader has at last become available to courses in composition with the publication of A Woman s Place This unique textbook explores the notion of writing as self definition and as a consequence the relationship between gender and writing Convinced that writing is a meaningful process performed

with commitment Dr Morahan has created a course that simultaneously sharpens writing and thinking skills and contributes to the consciousness raising of women and men in today's world Her pedagogy for liberation creates a student centered classroom in which a spirit of collaboration replaces one of competition by means of peer editing tutorial approaches and small group activities The literary passages of A Woman's Place are both stylistically and thematically tied in with the lessons directly At the same time they function as a compact women's studies course Research and writing are organized around a cluster of shared themes problems that all students are addressing in their lives power vs powerlessness passivity vs action identity oppression vs freedom and the nurturance of creativity Taken from the works of professional writers including such well known individuals as Adrienne Rich Tillie Olsen Joan Didion Virginia Woolf Margaret Mead Mary Wollstonecraft Jonathan Swift and Sylvia Plath they are often accompanied by short excerpts from student essays Useful bibliographical notes suggest further readings

Twenty Years of Learner Corpus Research. Looking Back, Moving Ahead Sylviane Granger, Gaëtanelle Gilquin, Fanny Meunier, 2013-06-21 This proceedings volume covers issues of learner corpus design collection and annotation and contains reports on various aspects of written and spoken learner interlanguage as well as design of learner corpus informed tools

Linguistic Mitigation in English and Spanish Nydia Flores, 2020-02-05 This volume offers a comprehensive examination of mitigation in speech in English and Spanish exploring how it is defined and theorized and the various linguistic features employed to soften or downgrade the impact of a particular message across a range of settings Building on the body of work done on mitigation in English the book begins by discussing how it has been conceptualized in the literature drawing on politeness theory among other perspectives from pragmatics and highlighting increasing research on these topics in native and bilingual Spanish speakers and learners of Spanish The volume explores examples from a variety of discursive contexts including institutions courts and classrooms to unpack mitigation as it occurs

in spontaneous speech through different lenses looking both at the actual units of discourse but also taking a broader view by examining differences across dialects as well The book also looks at the ways in which conclusions drawn from this research might be applied pedagogically in language learning classrooms This volume will serve as a jumping off point for broader discussion in the field of mitigation and will be of particular interest to graduate students and researchers in pragmatics sociolinguistics and discourse analysis in addition to learners and pre service teachers of Spanish

Mind, Metaphor and Language Teaching R. Holme, 2003-12-16 Understanding metaphor raises key questions about the relationship between language and meaning and between language and mind This book explores how this understanding can impact upon the theory and practice of language teaching After summarising the cognitive basis of metaphor and other figures of speech it looks at how this knowledge can inform classroom practice Finally it sets out how we can use these insights to re appraise language learning theory in a way that treats it as consonant with the cognitive nature of language

The Language of Food in Japanese Kiyoko Toratani, 2022-02-09 Many studies on the language of food examine English or adopt discourse analysis This volume makes a fresh attempt to analyze Japanese focusing on non discursive units It offers state of the art data oriented studies including methods of analysis in line with Cognitive Linguistics It orchestrates relatable and intriguing topics from sound symbolism in rice cracker naming to meanings of aesthetic sake taste terms The chapters show that the language of food in Japanese is multifaceted for instance expressivity is enhanced by ideophones as sensory words iconically depicting perceptual experiences and as nuanced words flexibly participating in neologization context sensitivity is exemplified by words deeply imbued with socio cultural constructs creativity is portrayed by imaginative expressions grounded in embodied experience The volume will be a valuable resource for students and researchers not only in linguistics but also in neighboring disciplines who seek deeper insights into how language interacts with food in Japanese or any other language

The Oxford Handbook of the Word John R. Taylor, 2015-06-25 This handbook addresses words in all their multifarious aspects and brings together scholars from every relevant discipline to do so The many subjects covered include word frequencies sounds and sound symbolism the structure of words taboo words lexical borrowing words in dictionaries and thesauri word origins and change place and personal names nicknames taxonomies word acquisition and bilingualism words in the mind word disorders and word games puns and puzzles Words are the most basic of all linguistic units the aspect of language of which everyone is likely to be most conscious A new word that makes it into the OED is prime news when baby says its first word its parents reckon it has started to speak knowing a language is often taken to mean knowing its words and languages are seen to be related by the similarities between their words Up to the twentieth century linguistic description was mainly an account of words and all the current subdivisions of linguistics have something to say about them A notable feature of human languages is the sheer vastness of their word inventories and scholars and writers have sometimes deliberately increased the richness of their languages by coining or importing new items into their word hoards

The book presents scholarship and research in a manner that meets the interests of students and professionals and satisfies the curiosity of the educated reader **Monograph Series** Statens etnografiska museum (Sweden),1953 **Propaganda**

in the Helping Professions Eileen Gambrill,2012-02-20 This incisive look at how propaganda has infiltrated the helping professions is essential reading for social workers psychologists and other helping professionals and is an excellent supplement to courses on critical thinking and introduction to practice Signs, Dialogue, and Ideology Augusto

Ponzio,1993 Signs Dialogue and Ideology illustrates and critically examines both historically and theoretically the current state of semiotic discourse from Peirce to Bakhtin through Saussure Levinas Schaff and Rossi Landi to modern semioticians such as Umberto Eco Ponzio is in search of a method to construct an appropriate language to talk about signs and ideology in this end of ideology era Ponzio aims at an orientation in semiotics based on dialogism and interpretation by calling attention to the widespread transition from the semiotics of decodification to the semiotics of interpretations of signs which are not constrained by the dominant process of social reproduction To this end the author draws on the literature on dialogue otherness linguistic work critique of sign fetishism and interpretative dynamics Critique of identity and critique of the subject reaffirm the objective the material the signifiant the interpreted sign the opus i e the Otherness as opposed to the expectation of exhaustiveness in the creation and interpretation of sign products Sign Studies and Semioethics Susan

Petrilli,2014-10-09 This book examines the issues surrounding the problematic perpetuation of dominant sign systems through the framework of semioethics Semioethics is concerned with using semiotics as a powerful tool to critique the status quo and move beyond the reproduction of the dominant order of communication The aim is to present semioethics as a method to engage semiotics in an active rethink of our ability as humans to affect change **Basics of Translation**

Mahmoud Altarabin,2019-08-09 This text is an essential coursebook for all Arab learners studying translation Featuring a bottom up approach to translation issues it is informative interesting and self explanatory The examples used in the book cover a wide range of topics and are tuned to suit the level of beginner translation students The unique combination of discussion and practical exercises following each topic makes this book ideal for Arab undergraduate students
