The Word for Sorrow Josephine Balmer, 2009 Working on Ovid's extraordinary but often much neglected exile poetry with an old second hand Latin dictionary one stormy spring morning Josephine Balmer noticed a school boy's faded name inked on its fly leaf and a date January 1st 1900 *The Word for Sorrow* explores the story of this dictionary and its owner who as a subsequent Google search uncovered later fought with the British yeomanry in the ill fated Gallipoli campaign of World War I near Ovid's own Black Sea exile Alongside versions and interpretations of Ovid's *Tristia* the text the dictionary translates soldiers original diaries and letters from Gallipoli provide another rich vein of source material for the original poems of the volume which also follows Balmer's own journey as she excavates these entwined narratives underscoring how the emotional charge of the past still resonates down through the centuries Like *Chasing Catullus* Balmer's acclaimed first collection *The Word for Sorrow* explores an interplay between translation and original text and translator past and present giving new resonance to ancient grief An engaging detective story in verse the work traces the invisible lines that connect us to often surprising points in history finding common ground in unexpected places forging often unexpected links between past and present From Ovid's Rome to the blood soaked trenches of Gallipoli its powerful and engaging poems give voice to the universal suffering of exile war and grief celebrating the enduring common humanity that binds us across countries and over centuries whether we live at the beginning of the first the twentieth or the twenty first century
