Shakespeare, St Paul, and Dramatic Emancipation Randall Martin, 2025-09-04 *Shakespeare, St Paul, and Dramatic Emancipation* Disability Gender Race Ecology breaks new ground by revealing the playwright's dramatic reinvention of early modern Pauline texts and paratexts in a wide range of plays. Their common thread is Pauline allusive characters who resist political, social, and/or physical subjection and aspire with mixed degrees of failure and success to emancipated lives of fulfilled being and belonging. Historically contextualized case studies of *Henry VI Part Three* and *Richard III*, *Twelfth Night*, *The Comedy of Errors*, *Pericles*, *The Winter's Tale*, *The Tempest*, and *King John* explore desires for freedom on authorial and theatrical as well as thematic levels. They seek out new critical directions by bringing post-typological and postsecular Pauline Shakespeare into conversation with contemporary theories of disability, gender, race, and ecocriticism. A further original feature of the book is intertextual attention to parallel critical approaches to St Paul by several early modern women writers. *Shakespeare, St Paul, and Dramatic Emancipation* rediscovers a polyvocal, complex, and emancipatory Paul as a significant career-long resource for the playwright's innovative characterization and dramaturgy.
