

"In the vast wasteland that most assume the blogosphere to be, Becker and Posner's work is a gem. Authentic, responsive, and enormously fun, it should be read both in real time, and in the reflection of a published work."

LAWRENCE LESSIG

"If Becker has a single guiding principle, it is that the economic way of looking at behaviour applies more broadly than originally thought, and people make rational choices about crime, marriage, parenthood, education, even drug addiction. . . . After initial fierce resistance within the profession, and equally fierce support from Chicago school giants such as Milton Friedman, Becker is now regarded as one of the most influential economists of the 20th century—arguably, the most influential of all."

TIM HARFORD, FINANCIAL TIMES

"For sheer intimidating cerebral megahertz, Posner has few rivals on the bench—or anywhere else, for that matter. . . . His books and writings make him, by a wide margin, the most frequently cited legal scholar of the past half-century."

Uncommon Sense Economic Insights From Marriage To Terrorism:

Uncommon Sense Gary S. Becker, Richard A. Posner, 2009-11-15 On December 5 2004 the still developing blogosphere took one of its biggest steps toward mainstream credibility as Nobel Prize winning economist Gary S Becker and renowned jurist and legal scholar Richard A Posner announced the formation of the Becker Posner Blog In no time the blog had established a wide readership and reputation as a reliable source of lively thought provoking commentary on current events its pithy and profound weekly essays highlighting the value of economic reasoning when applied to unexpected topics Uncommon Sense gathers the most important and innovative entries from the blog arranged by topic along with updates and even reconsiderations when subsequent events have shed new light on a question Whether it s Posner making the economic case for the legalization of gay marriage Becker arguing in favor of the sale of human organs for transplant or even the pair of scholars vigorously disagreeing about the utility of collective punishment the writing is always clear the interplay energetic and the resulting discussion deeply informed and intellectually substantial To have a single thinker of the stature of a Becker or Posner addressing questions of this nature would make for fascinating reading to have both writing and responding to each other is an exceptionally rare treat With Uncommon Sense they invite the adventurous reader to join them on a whirlwind intellectual journey All they ask is that you leave your preconceptions behind
