Church Growth and the Whole Gospel C. Peter Wagner,1998-12-15 Has the church growth movement failed to stress the social dimensions of the Christian faith Dr Peter Wagner a leading exponent of church growth argues that Christians can evangelize and churches can grow strongly while at the same time participating in the global struggle on behalf of the poor and oppressed for justice and peace for brotherhood and liberation and for the alleviation of human suffering *Exploring Church Growth* Wilbert R. Shenk,2010-08-01 During the past twenty years the phenomenon of church growth especially as it has been known under the dynamic leadership of Donald McGavran and the School of World Mission Fuller Theological Seminary has resulted in an impressive array of books articles reports and theses While freely acknowledging their debut to the church growth school the contributors to this volume wish to explore further the premises principles and goals of church growth Firmly convinced that church growth is more than empirical data and effective methods and that there is nothing approaching a complete book of church growth they aim not simply to offer definitive answers but rather to open up fresh lines of inquiry historical experiential methodological and theological Thus while interacting with previous studies the authors view their work as a constructive contribution to the search for a more adequate understanding of church growth patterns Contributors to this volume include Alfred C Krass Harvie M Conn Orlando E Costas John H Yoder Harry R Boer and C Ren Padilla Get Ready-- Get Set-- Grow! Gary W. Exman,1987 A practical handbook that shows how you can achieve results like that in your congregation as well Exman identifies the unique problems facing small town and rural churches and in this book he offers proven strategies for conquering the cancer of declining membership and building stronger congregations **The Challenge of Church Growth** Wilbert R. Introducing Church Growth Tetsunao Yamamori,E. LeRoy Lawson,1975 Understanding the Principles of Church Growth Professor Isaac O. Ojutalayo,2019-04-06 The author of this work Isaac Ojutalayo has done his research on the subject

of leadership and church growth The contents of this book are the written evidence The eleven chapters embrace some of the most important and necessary things that leaders should learn and practise whether they are ordained ministers or lay workers in the church The principles he has written about can also be applied in circular organisation This book reveals Dr Isaac Ojutalayo s academic achievement and experimental development He has divided each chapter into readable sections that can be easily discussed and studied The book is suitable for individuals and groups who are called by God to lead His people Dr Isaac Ojutalayo is passionate that leaders be men and women of excellence whether the congregation they lead is large or small He stresses communication generosity honesty and continuing education with the highest level of trust all essential elements of church growth He points out repeatedly that the church and the world community are suffering from a crisis of leadership that bold and honest leaders are needed in the church and in the marketplace as well as in the home In my analysis he has called for transformational leaders to rise up and effect change It is very clear that he is saying that many leaders work within situations Transformational leaders change what can be talked about whereas many other leaders talk about pay offs Transformational leaders talk about goals Many leaders bargain whereas transformational leaders appeal to a common vision Dr Isaac Ojutalayo argues that desperately needed Christians and transformational leadership will not emerge until we have a model of a transforming leader I believe that Jesus Christ was and is the most effective leader the world has ever known It is with unreserved joy that I recommend this publication to those who are interested in church leadership Professor Clinton L Ryan ThD **A Manual for Evangelism/church Growth** Vergil Gerber,1973 *Evaluating the Church Growth Movement* Elmer L. Towns,2004 This careful five view analysis helps evangelicals understand the Church Growth Movement s strengths and weaknesses and arrive at their own conclusions on issues that affect the future direction of the church Balanced Church Growth Ebbie C.
