the written word has fueled humanity's astonishing progress. Thus the ability to write effectively and beautifully has long been revered and rewarded. And yet in the digital age people have begun to believe that this talent is somehow obsolete, that writing is something unworthy of study beyond the basic mechanics of vocabulary and syntax and grammar, that mediocre prose is acceptable in a world crying out for clear and precise communication. Peter Yang believes otherwise. *The Art of Writing* is Yang's highly practical treatise on the four key principles of dazzling effective writing: economy, transparency, variety, and harmony. Far from your garden variety style guide, this book offers principles that apply to everyone, whether you're writing an inauguration speech, a novel, or a letter home to Mom. Great writing is a skill, and this book gives you the tools to make your words shimmer on the page or the screen. Packed with real-world insights and advice, *The Art of Writing* is your ultimate guide to transforming your writing and unleashing your inner artist.
