We Are The Weather Makers The History Of Climate Change:

We are the Weather Makers Tim Flannery, Sally M. Walker, 2009 Based on the author's best seller *The Weather Makers* this accessible new edition speaks directly to young adults offering a clear look at the history of climate change how it will unfold over the next century and what we can do to prevent a cataclysmic future **We are the Weather Makers** :-- Tim

Flannery, 2010-03-09 *The Weather Makers* Tim Fridtjof Flannery, 2006 A history of climate change how it will unfold over the next century and what can be done to prevent a cataclysmic future includes specific suggestions for both lawmakers and individuals **The Weather Makers** Tim Fridtjof Flannery, 2006 Sometime this century the day will arrive when the human

influence on the climate will overwhelm all other natural factors Over the past decade the world has seen the most powerful El Nino ever recorded the most devastating hurricane in two hundred years the hottest European summer on record and one of the worst storm seasons ever experienced in Florida With one out of every five living things on this planet committed to extinction by the levels of greenhouse gases that will accumulate in the next few decades we are reaching a global climatic tipping point This book is both an urgent warning and a call to arms outlining the history of climate change how it will unfold over the next century and what we can do to prevent a cataclysmic future Along with a riveting history of climate change the author offers specific suggestions for action for both lawmakers and individuals from investing in renewable power sources like wind solar and geothermal energy to offering an action plan with steps each and every one of us can take right now to reduce deadly CO2 emissions by as much as 70 percent Dust jacket *We are the Weather Makers* Tim

Flannery, 2006-07-31 Tim Flannery dedicated the first edition of *The Weather Makers* to children to all of their generation who will have to live with the consequences of our decisions Seventy percent of the people who are alive now will be alive in 2050 This is the date many scientists agree by which we have to cut our carbon emissions by 70% Since its publication in September 2005 *The Weather Makers* has had a huge impact on our consciousness of climate change It has changed minds and hearts This book now demands a younger audience the school children who will inherit the new climate which their parents and grandparents have helped to create These new readers will have a chance to act on Tim Flannery's advice about the dangers of profligate use of fossil fuels and to find the solutions to save our planet Today's teenagers are the vital audience for a book about the most urgent issue of our time and of their future This revised and updated Young Adult edition is written in a style that is accessible and engaging *Booktalking Nonfiction* Jennifer Bromann-Bender, 2013-12-20
