the international trade in Oaxacan textiles Charting the Shape of Early Modern Southeast Asia Anthony Reid,2000-08-01 In this volume Anthony Reid positions Southeast Asia on the stage of world history He argues that the region not only had a historical character of its own but that it played a crucial role in shaping the modern world Southeast Asia s interaction with the forces uniting and transforming the world is explored through chapters focusing on Islamization Chinese Siamese Cham and Javanese trade Makasar s modernizing moment and slavery The last three chapters examine from different perspectives how this interaction of relative equality shifted to one of an impoverished third world region exposed to European colonial power **Design in Motion** Laura A. Frahm,2022-07-19 The first comprehensive history in English of film at the Bauhaus exploring practices that experimented with film as an adaptable elastic polymedium With *Design in Motion* Laura Frahm proposes an alternate history of the Bauhaus one in which visual media and film in particular are crucial to the Bauhaus s visionary pursuit of integrating art and technology In the first comprehensive examination in English of film at the Bauhaus Frahm shows that experimentation with film spanned a range of Bauhaus practices from textiles and typography to stage and exhibition design Indeed Bauhausler deployed film as an adaptable elastic polymedium malleable in shape and form unfolding and refracting into multiple material aesthetic and philosophical directions Frahm shows how the encounter with film imbued the Bauhaus of the 1920s and early 1930s with a flexible notion of design infusing painting with temporal concepts sculptures with moving forms photographs with sequential aesthetics architectural designs with a choreography of movement Frahm considers among other things student works that explored light and the transparent features of celluloid and cellophane weaving practices that incorporate cellophane experimental films social documentaries and critical reportage by Bauhaus women and the proliferation of film strips in posters book covers and other typographic work Viewing the Bauhaus s engagement with film through a media theoretic lens Frahm shows how film became a medium for design in motion Movement and process rather than stability and fixity become the defining characteristics of Bauhaus educational aesthetic and philosophical ethos Textiles International Museum of Folk Art,Bobbie Sumberg,2010 *Textiles* explores the cultural meaning and exquisite workmanship found in the Museum of International Folk Art s vast collection that spans centuries and includes pieces from seventy countries around the world Handcrafted work in beautiful vivid colors typifies the clothing hats robes bedding and shoes that represent the lives and passions of the people who created and used them publisher s description *Textiles, Identity and Innovation: Design the Future* Gianni Montagna,Cristina Carvalho,2018-10-03 *D_TEX* presents itself as a starting point at a crossroads of ideas and debates around the complex universe of Textile Design in all its forms manifestations and dimensions The textile universe allied to mankind since its beginnings is increasingly far from being an area of exhausted possibilities each moment proposing important innovations that need a presentation discussion and maturation space that is comprehensive and above all inter and transdisciplinary Presently the disciplinary areas where the textile area is present are increasing and important such as fashion home textiles

technical clothing and accessories but also construction and health among others and can provide new possibilities and different disciplinary areas and allowing the production of new knowledge D_TEX proposes to join the thinking of design with technologies tradition techniques and related areas in a single space where ideas are combined with the technique and with the projectual and research capacity thus providing for the creation of concepts opinions associations of ideas links and connections that allow the conception of ideas products and services The interdisciplinary nature of design is a reality that fully reaches the textile material in its essence and its practical application through the synergy and contamination by the different interventions that make up the multidisciplinary teams of research The generic theme of D_TEX Textile Design Conference 2017 held at Lisbon School of Architecture of the University of Lisbon Portugal on November 2 4 2017 is Design the Future starting from the crossroads of ideas and debates a new starting point for the exploration of textile materials their identities and innovations in all their dimensions *Basic Condition Reporting* Southeastern Registrars

Association, 2015-03-06 The fourth edition of Basic Condition Reporting A Handbook proffers a standard vocabulary for all of the individuals in a museum that may be conducting condition reports In an ideal world everyone who does a condition report for an item would be trained in the exact same standards use the same terminology and use the exact same form etc

However the reality is that even if every registrar collections manager and curator in your institution does condition reports each report will be slightly different Then you throw in every intern volunteer or student that may assist and you will find a variety of methods and terminologies that appear This volume provides a baseline that all of these people can work from so that any person who opens the condition report can understand what the problems on a particular piece include NEP

The Shape of Craft Ezra Shales, 2017-10-15 Today when we hear the word craft a whole host of things come immediately to mind microbreweries artisanal cheeses and an array of handmade objects Craft has become so overused that it can grate on our ears as pretentious and strain our credulity But its overuse also reveals just how compelling craft has become in modern life In *The Shape of Craft* Ezra Shales explores some of the key questions of craft who makes it what do we mean when we think about a crafted object where and when crafted objects are made and what this all means to our understanding of craft He argues that beyond the cliché s craft still adds texture to sterile modern homes and it provides many people with a livelihood not just a hobby Along the way Shales upends our definition of

what is handcrafted or authentic revealing the contradictions in our expectations of craft Craft is and isn't what we think
