Threshold The Progressive Plan To Pull America Back From The Brink:

Threshold Thom Hartmann, 2009-07-23 From America's 1 progressive radio host the ideological heir to his influential The Last Hours of Ancient Sunlight More than three million listeners tune in every weekday to hear what Thom Hartmann has to say about the state of our world Now as the first decade of the twenty first century closes amid economic collapse and the seeming ruin of the American Dream America's 1 rated progressive radio host sounds an urgent call to arms for building a better more sustainable world while there's still time Offering not just an indictment of the failures that have courted economic demographic and environmental ruin Hartmann also outlines five critical personal and policy solutions to bring us back from the brink Threshold like Jared Diamond's Collapse is radical but rooted in common sense illuminating the necessary next steps in the evolution of mainstream thinking

Threshold Thom Hartmann, 2010-06-29 From America's 1 progressive radio host the ideological heir to his influential The Last Hours of Ancient Sunlight More than three million listeners tune in every weekday to hear what Thom Hartmann has to say about the state of our world Now as the first decade of the twenty first century closes amid economic collapse and the seeming ruin of the American Dream America's 1 rated progressive radio host sounds an urgent call to arms for building a better more sustainable world while there's still time Offering not just an indictment of the failures that have courted economic demographic and environmental ruin Hartmann also outlines five critical personal and policy solutions to bring us back from the brink Threshold like Jared Diamond's Collapse is radical but rooted in common sense illuminating the necessary next steps in the evolution of mainstream thinking

The Hidden History of American Oligarchy Thom Hartmann, 2021-02-01 The New York Times bestselling author looks at the real history of the corrupting influence of oligarchy in America and how we can fight back Billionaire oligarchs want to own our republic and they're nearly there thanks to legislation and Supreme Court decisions that they have essentially bought They put Trump and his political allies into office and support a vast network of think tanks publications and social media that every day push our nation closer and closer to police state tyranny The United States was born in a struggle against the oligarchs of the British aristocracy and ever since then the history of America has been one of dynamic tension between democracy and oligarchy And much like the shock of the 1929 crash woke America up to glaring inequality and the ongoing theft of democracy by that generation's oligarchs the coronavirus pandemic of 2020 has laid bare how extensively oligarchs have looted our nation's economic system gutted governmental institutions and stolen the wealth of the former middle class Thom Hartmann the most popular progressive radio host in America and a bestselling author traces the history of this struggle against oligarchy from America's founding to the United States war with the feudal Confederacy to President Franklin Roosevelt's struggle against economic royalists who wanted to block the New Deal In each of those cases the oligarchs lost the battle But with increasing right wing control of the media unlimited campaign contributions and a conservative takeover of the judicial system we're at a crisis point Now is the time for action before we flip into tyranny We

ve beaten the oligarchs before and we can do it again Hartmann lays out practical measures we can take to break up media monopolies limit the influence of money in politics reclaim the wealth stolen over decades by the oligarchy and build a movement that will return control of America to We the People Praise for The Hidden History of American Oligarchy For every American interested in protecting our democracy everyone puzzled about how America came to the brink of authoritarian rule and for all who enjoy a being educated and entertained by enthralling eye opening riveting journey in U S history The Hidden History of Oligarchy is a must read Don Siegelman former Governor of Alabama author of Stealing Our Democracy Thom Hartmann is America s history teacher a national treasure laying it out scary and clear tyranny can happen here Oligarchy s choking democracy Mimi Kennedy actress board member Progressive Democrats of America

The Hidden History of Monopolies Thom Hartmann, 2020-08-25 This is the most important dynamic book on the cancers of monopoly by giant corporations written in our generation Ralph Nader from the foreword American monopolies dominate control and consume most of the energy of our entire economic system they function the same as cancer does in a body and like cancer they weaken our systems while threatening to crash the entire body economic American monopolies have also seized massive political power and use it to maintain their obscene profits and CEO salaries while crushing small competitors But Thom Hartmann America s 1 progressive radio host shows we ve broken the control of behemoths like these before and we can do it again Hartmann takes us from the birth of America as a revolt against monopoly remember the Boston Tea Party to the largely successful efforts of both Presidents Theodore and Franklin Roosevelt and other like minded leaders to restrain corporations monopolistic urges to the massive changes in the rules of business starting during the Reagan Revolution that have brought us to the cancer stage of capitalism He shows the damage monopolies have done to so many industries agriculture healthcare the media and more Individuals have taken a hit as well the average American family pays a 5 000 a year monopoly tax in the form of higher prices for everything from pharmaceuticals to airfare to household goods and food But Hartmann also describes commonsense historically rooted measures we can take such as revitalizing antitrust regulation taxing great wealth and getting money out of politics to pry control of our country from the tentacles of the monopolists

The Hidden History of American Healthcare Thom Hartmann, 2021-09-07 The New York Times bestselling author explores the history of American healthcare system what went wrong and how it can be remedied Popular progressive radio host and bestselling author Thom Hartmann reveals how and why attempts to implement affordable universal healthcare in the United States have been thwarted and what we can do to finally make it a reality For profit health insurance is the largest con job ever perpetrated on the American people one that has cost trillions of dollars and millions of lives since the 1940s says Thom Hartmann Other countries have shown us that affordable universal healthcare is not only possible but also effective and efficient Taiwan s single payer system saved the country a fortune as well as saving lives during the coronavirus pandemic enabling the country to implement a nationwide coronavirus test and contact trace program without shutting down

the economy This resulted in just ten deaths while more than 500 000 people have died in the United States Hartmann offers a deep dive into the shameful history of American healthcare showing how greed racism and oligarchic corruption led to the current sickness for profit system Modern attempts to create versions of government healthcare have been hobbled at every turn including Obamacare There is a simple solution Medicare for all Hartmann outlines the extraordinary benefits this system would provide the American people and economy and the steps we need to take to make it a reality It s time for America to join every industrialized country in the world and make health a right not a privilege

The Hidden History of Guns and the Second Amendment Thom Hartmann,2019-06-04 The New York Times bestselling author explores the real history of guns in America and how to limit both their lethal impact and the gun lobby s power Taking his typically in depth historically informed view Thom Hartmann the most popular progressive radio host in America examines the brutal role guns have played in American history from the genocide of the Native Americans to the enforcement of slavery Slave Patrols are in fact the Second Amendment s well regulated militias and the racist post Civil War social order He shows how the NRA and conservative Supreme Court justices used specious logic to invent a virtually unlimited individual right to own guns which has enabled the ever growing number of mass shootings in the United States But Hartmann also identifies a handful of powerful commonsense solutions that would break the power of the gun lobby and restore the understanding of the Second Amendment that the Framers of the Constitution intended This is the kind of brief brilliant analysis for which Hartmann is justly renowned Praise for *The Hidden History of Guns and the Second Amendment* In this precise primer on firearms practices and policies progressive talk show host Hartmann examines the history of routine gun usage and extreme gun violence and assesses the influence of gun ownership on contemporary political economic and social norms A brief but powerful analysis of a searing national crisis Booklist 34 000 REASONS TO READ THIS BOOK That s the number of gun related deaths annually in America Norman Lear When Thom Hartmann talks I listen What Thom Hartmann writes I read This book about the history of guns in America and most importantly what should be the future of guns in America is important mind opening and profoundly helpful Marianne Williamson

The Hidden History of Neoliberalism Thom Hartmann,2022-09-13 A progressive radio host and author reveals how neoliberalism became so prevalent in the United States and why it s time for us to turn our backs to it With four decades of neoliberal rule coming to an end America is at a crossroads In this powerful and accessible book Thom Hartmann demystifies neoliberalism and explains how we can use this pivotal point in time to create a more positive future This book traces the history of neoliberalism a set of capitalistic philosophies favoring free trade low taxes on the rich financial austerity and deregulation of big business up to the present day Hartmann explains how neoliberalism was sold as a cure for wars and the Great Depression He outlines the destructive impact that it has had on America looking at how it has increased poverty damaged the middle class and corrupted our nation s politics America is standing on the edge of a new progressive era We can continue down the road to a neoliberal

oligarchy Or we can choose to return to Keynesian economics and Alexander Hamilton's American Plan by raising taxes on the rich reversing free trade and building a society that works for all The destabilization neoliberalism's policies have wrought have left our generation with the task to rebuild and Hartmann's book shows the way Leila Conners founder and Director Tree Media and Need to Know N2K Thom Hartmann makes it crystal clear how neoliberal free market economics benefits monopolistic big business and the ultrarich while impoverishing our country and everyone else Earl Katz progressive activist and Emmy nominated documentary film producer This compact handbook nimbly recapitulates the political effects of neoliberalism as it percolated through world history George DiCaprio The Hidden History of the War on Voting Thom Hartmann,2020-02-04 The New York Times bestselling author explores America's history with voter disenfranchisement and how to ensure everyone has a voice in this democracy In today's America only a slim majority of people register to vote and a large percentage of registered voters don't bother to show up Donald Trump was elected by only twenty six percent of eligible voters Unfortunately this is not a bug in our system it's a feature America's 1 progressive radio host Thom Hartmann unveils the strategies and tactics that conservative elites in this country have used from the foundation of the Electoral College to the latest voter ID laws to protect their interests by preventing the wrong people such as the poor women and people of color from voting while making it more convenient for the wealthy and white But he also lays out a wide variety of simple commonsense ways that we the people can fight back and reclaim our right to rule through the ballot box Praise for The Hidden History of the War on Voting Hartmann's history of voter suppression in America is necessary information given current news about voter registration purges and redistricting A particularly timely topic for an election year and anyone who is seriously concerned about the survival of American democracy will want to read this book and apply its lessons Booklist An indispensable manual for waging and winning civic warfare Use it David Bender Political Director Progressive Voices Network *Hidden History of American Democracy* Thom Hartmann,2011-01-10 America's most popular progressive radio host and New York Times bestselling author Thom Hartmann paves the way to saving our democracy In this powerful sweeping history and analysis of American democracy Thom Hartmann shows how democracy is the one form of governance most likely to produce peace and happiness among people With the violent exception of the Civil War American democracy resisted the pressure to disintegrate into factionalism for nearly two centuries and now our very system of democratic elections is at stake So how do we save our democracy Hartmann's newest book in the celebrated Hidden History Series offers a clear call to action and a set of solutions with road maps for individuals and communities to follow to create a safer more just society and a more equitable and prosperous economy **ADHD** Thom Hartmann,2019-09-03 A newly revised and updated edition of the classic guide to reframing our view of ADHD and embracing its benefits Explains that people with ADHD are not disordered or dysfunctional but simply hunters in a farmer's world possessing a unique mental skill set that would have allowed them to thrive in a hunter gatherer society Offers concrete non drug methods and practices to help

hunters and their parents teachers and managers embrace their differences nurture creativity and find success in school at work and at home Reveals how some of the world s most successful people can be labeled as ADHD hunters including Benjamin Franklin Thomas Edison and Andrew Carnegie With 10 percent of the Western world s children suspected of having Attention Deficit Disorder or ADHD and a growing number of adults self diagnosing after decades of struggle the question must be raised How could Nature make such a mistake In this updated edition of his groundbreaking classic Thom Hartmann explains that people with ADHD are not abnormal disordered or dysfunctional but simply hunters in a farmer s world Often highly creative and single minded in pursuit of a self chosen goal those with ADHD symptoms possess a unique mental skill set that would have allowed them to thrive in a hunter gatherer society As hunters they would have been constantly scanning their environment looking for food or threats distractibility they d have to act without hesitation impulsivity and they d have to love the high stimulation and risk filled environment of the hunting field With our structured public schools office workplaces and factories those who inherit a surplus of hunter skills are often left frustrated in a world that doesn t understand or support them As Hartmann shows by reframing our view of ADHD we can begin to see it not as a disorder but as simply a difference and in some ways an advantage He reveals how some of the world s most successful people can be labeled as ADHD hunters and offers concrete non drug methods and practices to help hunters and their parents teachers and managers embrace their differences nurture creativity and find success in school at work and at home Providing a supportive survival guide to help fine tune your natural skill set rather than suppress it Hartmann shows that each mind whether hunter farmer or somewhere in between has value and great potential waiting to be tapped Uncivil Liberties Georgia Kelly,2013-02-01 Last year Praxis Peace Institute responded to the libertarian conspiracy film Thrive with a pamphlet titled Uncivil Liberties Deconstructing Libertarianism carefully and concisely laying out the problems inherent in libertarian philosophy and why it is so appealing to today s society Now in a book by the same name six contributors from Praxis have expounded on their arguments to create a compelling case against the radical tenants of libertarianism demonstrating the untruths promoted within libertarian culture and how concerned citizens can avoid and refute common myths spread by extreme right wing ideologies This book is a must read for anyone invested in modern politics and the future of the United States **Liberty Means Freedom for All** Steven H. Propp,2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his sett led view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the

growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism. His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates, survivalists and militia members, anarchists, communists and Democratic Socialists as well as the Occupy Wall Street movement. He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition. But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved.

The Hidden History of the Supreme Court and the Betrayal of America Thom Hartmann, 2019-10-01 The New York Times bestselling author delivers a full-throated indictment of the U.S. Supreme Court in this punchy polemic. Publishers Weekly: In this book Thom Hartmann, the most popular progressive radio host in America, explains how the Supreme Court has spilled beyond its Constitutional powers and how we the people should take that power back. Taking his typically in-depth, historically informed view, Thom Hartmann asks: What if the Supreme Court didn't have the power to strike down laws? According to the Constitution, it doesn't. From the founding of the republic until 1803, the Supreme Court was the final court of appeals as it was always meant to be. So where did the concept of judicial review start? As so much of modern American history, it began with the battle between the Federalists and Anti-Federalists, and with *Marbury v. Madison*. Hartmann argues it is not the role of the Supreme Court to decide what the law is, but rather the duty of the people themselves. He lays out the history of the Supreme Court of the United States from Alexander Hamilton's defense to modern-day debates, with key examples of cases where the Supreme Court overstepped its constitutional powers. The ultimate remedy to the Supreme Court's abuse of power is with the people, the ultimate arbiter of the law, using the ballot box. America does not belong to the kings and queens; it belongs to the people. A meticulously documented strategy for trimming the power of nine ideologically motivated political activists, unaccountable to the will of the people, is important and timely.

The Hidden History of American Democracy Thom Hartmann, 2023-07-18 America's most popular progressive radio host and New York Times bestselling author Thom Hartmann paves the way to saving our democracy. In this powerful, sweeping history and analysis of American democracy, Thom Hartmann shows how democracy is the one form of governance most likely to produce peace and happiness among people. With the violent exception of the Civil War, American democracy resisted the pressure to disintegrate into factionalism for nearly two centuries, and now our very system of democratic elections is at stake. So how do we save our democracy? Hartmann's newest book in the celebrated Hidden History Series offers a clear call to action and a set of solutions with road maps for individuals and communities to follow to create a safer, more just society and a more equitable and prosperous

Threshold The Progressive Plan To Pull America Back From The Brink Introduction

In today's digital age, the availability of Threshold The Progressive Plan To Pull America Back From The Brink books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Threshold The Progressive Plan To Pull America Back From The Brink books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Threshold The Progressive Plan To Pull America Back From The Brink books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Threshold The Progressive Plan To Pull America Back From The Brink versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Threshold The Progressive Plan To Pull America Back From The Brink books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Threshold The Progressive Plan To Pull America Back From The Brink books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Threshold The Progressive Plan To Pull America Back From The Brink books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

Threshold The Progressive Plan To Pull America Back From The Brink

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Threshold The Progressive Plan To Pull America Back From The Brink books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Threshold The Progressive Plan To Pull America Back From The Brink books and manuals for download and embark on your journey of knowledge?
