Through A Speculum That Shines:

Through a Speculum That Shines Elliot R. Wolfson, 2020-06-30 A comprehensive treatment of visionary experience in some of the main texts of Jewish mysticism this book reveals the overwhelmingly visual nature of religious experience in Jewish spirituality from antiquity through the late Middle Ages Using phenomenological and critical historical tools Wolfson examines Jewish mystical texts from late antiquity pre kabbalistic sources from the tenth to the twelfth centuries and twelfth and thirteenth century kabbalistic literature His work demonstrates that the sense of sight assumes an epistemic priority in these writings reflecting and building upon those scriptural passages that affirm the visual nature of revelatory experience Moreover the author reveals an androcentric eroticism in the scopic mentality of Jewish mystics which placed the externalized and representable form the phallus at the center of the visual encounter In the visionary experience as Wolfson describes it imagination serves a primary function transmuting sensory data and rational concepts into symbols of those things beyond sense and reason In this view the experience of a vision is inseparable from the process of interpretation Fundamentally challenging the conventional distinction between experience and exegesis revelation and interpretation Wolfson argues that for the mystics themselves the study of texts occasioned a visual experience of the divine located in the imagination of the mystical interpreter Thus he shows how Jewish mystics preserved the invisible transcendence of God without doing away with the visual dimension of belief **New Paths in Jewish and Religious Studies** Glenn

Dynner, Susannah Heschel, Shaul Magid, 2024-06-15 The work of Elliot R Wolfson has profoundly influenced the fields of Jewish studies as well as philosophy and religion more broadly His radically new approaches have created pioneering ways of analyzing texts and thinking about religion through the lens of gender sexuality and feminist theory The contributors to **New Paths in Jewish and Religious Studies** Essays in Honor of Professor Elliot R Wolfson many of whom are internationally renowned scholars hearken from diverse fields Each has learned from and collaborated with Wolfson as student or colleague and each has expanded the new scholarly directions initiated by Wolfson's groundbreaking work Wolfson's scholarship gives us innovative ways to think about Judaism and a fresh understanding of religion Not only a scholar Wolfson is one of the most important Jewish thinkers of our day Chapters are grouped according to the categories of religion Jewish thought and philosophy and a focused section on Kabbalah Wolfson's primary specialization The volume concludes with a bibliography of Wolfson's published work and a selection of his poetry The Zohar Daniel Chanan Matt, 2007 Sefer ha Zohar The Book of Radiance has amazed and overwhelmed readers ever since it emerged mysteriously in medieval Spain toward the end of the thirteenth century Written in a unique lyrical Aramaic this masterpiece of Kabbalah exceeds the dimensions of a normal book it is virtually a body of literature comprising over twenty discrete sections The bulk of the Zohar consists of a running commentary on the Torah from Genesis through Deuteronomy This fourth volume of The Zohar Pritzker Edition covers the first half of Exodus Here we find mystical explorations of Pharaoh's enslavement of the Israelites the birth of Moses the

deliverance from Egypt the crossing of the Red Sea and the Revelation at Mount Sinai Throughout the Zohar probes the biblical text and seeks deeper meaning for example the nature of evil and its relation to the divine realm the romance of Moses and Shekhinah and the inner meaning of the Ten Commandments In the context of the miraculous splitting of the Red Sea Rabbi Shim'on reveals the mysterious Name of 72 a complex divine name consisting of 216 letters 72 triads formed out of three verses in Exodus 14 These mystical interpretations are interwoven with tales of the Companions rabbis wandering through the hills of Galilee sharing their insights coming upon wisdom in the most astonishing ways from a colorful cast of characters they meet on the road

The Zohar: Reception and Impact Boaz Huss, 2016-05-12 National Jewish Book Awards Finalist for the Nahum N Sarna Memorial Award for Scholarship 2016 From its first appearance the Zohar has been one of the most sacred authoritative and influential books in Jewish culture Many scholarly works have been dedicated to its mystical content its literary style and the question of its authorship This book focuses on different issues it examines the various ways in which the Zohar has been received by its readers and the impact it has had on Jewish culture including the fluctuations in its status and value and the various cultural practices linked to these changes This dynamic and multi layered history throws important new light on many aspects of Jewish cultural history over the last seven centuries Boaz Huss has broken new ground with this study which examines of the reception and canonization of the Zohar as well as its criticism and rejection from its inception to the present day His underlying assumption is that the different values attributed to the Zohar are not inherent qualities of the zoharic texts but rather represent the way it has been perceived by its readers in different cultural contexts He therefore considers not only the attribution of different qualities to the Zohar through time but also the people who were engaged in attributing such qualities and the social and cultural functions associated with their creation re creation and rejection For each historical period from the beginning of Zohar scholarship to the present Huss considers the social conditions that stimulated the veneration of the Zohar as well as the factors that contributed to its rejection alongside the cultural functions and consequences of each approach Because the multiple modes of the reception of the Zohar have had a decisive influence on the history of Jewish culture this highly innovative and wide ranging approach to Zohar scholarship will have important repercussions for many areas of Jewish studies

Emmanuel Nathan,Any

Topolski,2016-03-21 The term Judeo Christian in reference to a tradition heritage ethic civilization faith etc has been used in a wide variety of contexts with widely diverging meanings Contrary to popular belief the term was not coined in the United States in the middle of the 20th century but in 1831 in Germany by Ferdinand Christian Baur By acknowledging and returning to this European perspective and context the volume engages the historical theological philosophical and political dimensions of the term s development Scholars of European intellectual history will find this volume timely and relevant

Elliot R. Wolfson: Poetic Thinking Hava Tirosh-Samuels, Aaron W. Hughes,2015-03-20 Elliot R Wolfson is Professor of Religious Studies and the Marsha and Jay Glazer Chair of Jewish Studies at the University of California Santa Barbara A scholar of Jewish mysticism and philosophy he uses the textual sources of Judaism to examine universal philosophical topics such as the function and processes of the imagination the paradoxes of temporality and the mystery of poetic language Working at the intersection of disciplines and refusing to reduce texts to their simple historical contexts Wolfson puts texts spanning diverse temporal cultural and religious periods in creative counterpoint His sensitivity to language reveals its fragility as it simultaneously points to the uncertainty of meaning The result is a creative reading of both Judaism and philosophy that informs and is informed by poetic sensibility and philosophical hermeneutics *Circle in the Square* Elliot R.

Wolfson,2012-02-01 This book deals with aspects of the gender imaging of God in a variety of medieval kabbalistic sources It provides the key to understanding the phenomenological structures of mystical experience as well as the thematic correlation of esotericism and eroticism that is central to the kabbalah The author examines the role of gender utilizing current feminist studies and cultural anthropology He explores the themes of the feminization of the Torah the correlation of circumcision and vision of God the phallogocentric understanding of divine creation as a process of inscription mythologized as an act of sexual self gratification and the phenomenon of gender crossing in kabbalistic myth and ritual Collectively the studies explore in great depth the androcentric phallogocentrism that is characteristic of medieval Jewish mysticism *The Contemplative Soul*

Adena Tanenbaum,2002-11-01 During the eleventh and twelfth centuries Jewish poets in Islamic Spain introduced philosophical themes into their devotional verse Drawn to Neoplatonic thought they made liberal use of its myth of the soul to explore the human relationship with the Divine This novel merger reflected a conviction that ideas borrowed from Greco Arabic philosophy meshed comfortably with traditional Jewish approaches to prayer and spirituality This study focuses on Solomon Ibn Gabirol Moses Ibn Ezra Abraham Ibn Ezra and Judah Halevi polymath poets who also wrote philosophically informed prose works It probes the contemplative motifs in their religious verse uncovering new and at times unorthodox layers of meaning The book includes the Hebrew texts of representative poems accompanied by original English translations and detailed analyses **As Light Before Dawn** Eitan P. Fishbane,2009-06-29

As Light Before Dawn explores the mystical thought of Isaac ben Samuel of Akko a major medieval kabbalist whose work has until now received relatively little attention Through consideration of an extensive literary corpus including much that still remains in manuscript this study examines an

array of themes and questions that have great applicability to the comparative study of mysticism and the broader study of religion These include prayer and the nature of mystical experience meditative concentration directed to God and the power of mental intention authority creativity and the transmission of wisdom *Jewish Mysticism and Kabbalah* Frederick E. Greenspahn,2011-11-01 Over the past generation scholars have devoted increasing attention to the diverse forms that Jewish mysticism has taken both in the past and today what was once called nonsense by Jewish scholars has generated important research and attention both within the academy and beyond as demonstrated by the popular fascination with figures such as Madonna and Demi Moore and the growing interest in spirituality In *Jewish Mysticism and Kabbalah* leading experts introduce the history of this scholarship as well as the most recent insights and debates that currently animate the field in a way that is accessible to a broad audience From mystical outpourings in ancient Palestine to the Kabbalah Centre and from attitudes towards gender to mystical contributions to Jewish messianic movements this volume explores the various expressions of Jewish mysticism from antiquity to the present day in an engaging style appropriate for students and non specialists alike

Ferdinand Christian Baur: A Reader David Lincicum,Johannes Zachhuber,2022-04-21 This reader of texts from the influential 19th century theologian Ferdinand Christian Baur 1792 1860 brings together a selection of texts in English translation from across Baur s wide range of exegetical historical philosophical and theological expertise In these excerpts including many translated for the first time readers gain a comprehensive overview of Baur s output and his remarkable role in the shaping of modern scholarly discourse in his fields Beginning with a full scholarly introduction and extensively annotated texts readers are introduced to Baur s bold and controversial historical hypotheses and encounter the variety of intellectual and stylistic registers he used from the purely scholarly to the sharply polemical The editors also explore the ways in which Baur was instrumental in some of the most fundamental intellectual paradigm shifts of the 19th century including the radical historicization of Christian theology and its interaction with Schelling Hegel and the German Idealist tradition

Judaism and the Visual Image Melissa Raphael,2009-02-19 The widespread assumption that Jewish religious tradition is mediated through words not pictures has left Jewish art with no significant role to play in Jewish theology and ethics *Judaism and the Visual Image* argues for a Jewish theology of image that among other things helps us re read the creation story in Genesis 1 and to question why images of Jewish women as religious subjects appear to be doubly suppressed by the Second Commandment when images of observant male Jews have become legitimate even iconic representations of Jewish holiness Raphael further suggests that devout beholding of images of the Holocaust is a corrective to post Holocaust theologies of divine absence from suffering that are infused by a sub theological aesthetic of the sublime Raphael concludes by proposing that the relationship between God and Israel composes itself into a unitary dance or moving image by which each generation participates in a processive revelation that is itself the ultimate work of Jewish art

Ultimate Intimacy Mortimer Ostow,2018-04-17 This book introduces the psychoanalytic study of the Kabbalah as a

serious discipline It illustrates the applicability of psychodynamic concepts to Jewish mysticism and the apocalyptic complex and essays on specific incidents in the Bible and the Kabbalah **Roads of Excess, Palaces of Wisdom** Jeffrey J. Kripal, 2001-12 William Blake once wrote that The road of excess leads to the palace of wisdom Inspired by these poetic terms Jeffrey J Kripal reveals how the works of scholars of mysticism are often rooted in their own mystical experiences roads of excess which can both lead to important insights into these scholars works and point us to our own palaces of wisdom In his new book Kripal addresses the twentieth century study of mysticism as a kind of mystical tradition in its own right with its own unique histories discourses sociological dynamics and rhetorics of secrecy Fluidly combining autobiography and biography with scholarly exploration Kripal takes us on a tour of comparative mystical thought by examining the lives and works of five major historians of mysticism Evelyn Underhill Louis Massignon R C Zaehner Agehananda Bharati and Elliot Wolfson as well as relating his own mystical experiences The result Kripal finds is seven palaces of wisdom the religious power of excess the necessity of distance in the study of mysticism the relationship between the mystical and art the dilemmas of male subjectivity and modern heterosexuality a call for ethical criticism the paradox of the insider outsider problem in the study of religion and the magical power of texts and their interpretation An original and penetrating analysis of modern scholarship and scholars of mysticism Roads of Excess Palaces of Wisdom is also a persuasive demonstration of the way this scholarly activity is itself a mystical phenomenon The Art of Mystical Narrative Eitan P. Fishbane, 2018-11-22 In the study of Judaism the Zohar has captivated the minds of interpreters for over seven centuries and continues to entrance readers in the modern day Yet despite these centuries of study very little attention has been devoted to the literary dimensions of the text The Art of Mystical Narrative argues that the Zohar story must be understood first and foremost as a work of the fictional imagination
