Literature and Social Media Bronwen Thomas, 2020-01-31 From Instapoetry to BookTube contemporary literary cultures and practices are increasingly intertwined with social media In this lively and wide ranging study Bronwen Thomas explores how social media provides new ways of connecting with and rediscovering established literary works and authors while also facilitating the emergence of unique and distinctive forms of creative expression The book takes a 360 approach to the subject combining analysis of current forms and practices with an examination of how social media fosters ongoing collaborative discourse amongst both informal and formal literary networks and demonstrating how the participatory practices of social media have the potential to radically transform how literature is produced shared and circulated The first study of its kind to focus specifically on social media Literature and Social Media provides a timely and engaging account of the state of the art while interrogating the rhetoric that so often accompanies discussion of the new in this context

Enacting Adolescent Literacies across Communities R. Joseph Rodríguez, 2016-11-30 Through an innovative approach of critical ethnography and literacy research via case study methodologies Enacting Adolescent Literacies across Communities Latino a Scribes and Their Rites analyzes Latino a adolescents engagement with the elements of literacy for English language arts learning and understanding How young people enact literacies in their bicultural lives and understand literary traditions today reveals their own interests in democracy equity and opportunity Moreover the rites they perform often recover buried histories mirrors and stories similar to the pre Columbian scribes whose intellectual legacy is relevant in the twenty first century R Joseph Rodr guez illustrates how adolescents experience scribal identities and language pluralism that sustains their cultural knowledge as they make meaning and enact literacies with diverse audiences in civic and schooling communities

How to Study Literature Benjamin A. Heydrick, 2015-07-04 Excerpt from How to Study Literature A Guide to the Intensive Study of Literary Masterpieces This book is intended to aid in the study of literature It is generally conceded that the best method is to take up certain literary masterpieces But how shall a masterpiece be studied A play of Shakespeare s is before the class The text book is provided with an introduction and notes The introduction gives the date and the sources of the play the notes explain difficult words and allusions It is easy to assign lessons on this basis and very easy to set examinations on it Yet a class may know introduction and notes thoroughly and still be far from appreciating or even

understanding the play as a piece of literature For the introduction deals with facts of literary history the notes with philology grammar and manners and customs of the time This information is valuable it is indispensable but it is after all only a means to an end and that end is the appreciation and enjoyment of a literary masterpiece The aim of this manual is to facilitate the systematic careful and appreciative study of literature as literature It concentrates attention upon the text itself not upon editorial explanation or comment About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *I Know My Classics!* Pierre

V. N. Painter,2015-07-14 Excerpt from Introduction to English Literature Including a Number of Classic Works With Notes This work is an attempt to solve the problem of teaching English literature The ordinary manuals it is believed have ceased to give general satisfaction This result was inevitable for the principle upon which they are based is fundamentally at variance with educational science While containing a great deal about English literature these works do not teach English literature itself and it is not unusual for a student to finish them without being acquainted with a single classic work or having acquired the least fondness for sterling literature It is the recognition of these facts that has caused many teachers to desire and seek something better The subject of English literature is of great extent no other nationality has a richer intellectual heritage Its history extends through twelve hundred years and the list of authors and of their productions

is almost endless Some knowledge of this literature is an indispensable part of a liberal education Simply as information this knowledge is of far more importance to us than an acquaintance with any other literature ancient or modern And as an educating instrumentality it possesses great value About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
