Katz, 2000-12-15 A prominent and prolific Italian writer Natalia Ginzburg 1916 1991 is known for her novels plays short stories and essays This collection brings together for an English speaking audience a variety of critical perspectives on Ginzburg's work The essays all by North American scholars examine the author's entire production The topics examined include Ginzburg's struggle to define herself as a woman a writer and an intellectual her interpretation of the relationship between historical events and private lives her reflections on the women's movement and the changing nature of the family and her mastery of a distinctly personal writing style What emerges here is a nuanced and complex portrait of Ginzburg and her work The reader is given a sense of the importance of her contribution not only as a writer but as a witness to the events of the twentieth century The volume also includes a chronology a bibliography and translations of some of Ginzburg's lesser known writings including three articles a poem and a one act play      *Twentieth-century Italian Literature in English Translation* Robin Healey, 1998-01-01 This bibliography lists English language translations of twentieth century Italian literature published chiefly in book form between 1929 and 1997 encompassing fiction poetry plays screenplays librettos journals and diaries and correspondence      Encyclopedia of Italian Literary Studies: A-J Gaetana Marrone, 2007 Publisher description      **Ti ho sposato per allegria e altre commedie**, 1977      Jewish Theatre: A Global View Edna Nahshon, 2009-07-30 While a frequently used term Jewish Theatre has become a contested concept that defies precise definition Is it theatre by Jews For Jews About Jews Though there are no easy answers for these questions Jewish Theatre A Global View contributes greatly to the conversation by offering an impressive collection of original essays written by an international cadre of noted scholars from Europe the United States and Israel The essays discuss historical and current texts and performance practices covering a wide gamut of genres and traditions      **Cassell Dictionary Italian Literature** Peter Bondanella, Julia Conway Bondanella, Jody Robin Shiffman, 2001-01-01      *The Routledge Encyclopedia of Jewish Writers of the Twentieth Century* Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading      *A History of Italian Theatre* Joseph Farrell, Paolo Puppa, 2006-11-16 A history of Italian theatre from its origins to the time of this book's publication in

Natalia Ginzburg Alan Bullock, 1992 Described by Enzo Siciliano as a writer one either loves or hates Natalia Ginzburg has for many years been a figure whose work has provoked critical debate among the Italian establishment while her books have likewise been both sought out and dismissively rejected by the general public Anatomy at the university her move to the other end of the country three years later following Levi's appointment to a Chair in Turin is typical of the radical changes that have characterized her in a period and a context where the social and political pressures determining how Europeans should live their lives have been especially rigorous Natalia sought relief in fantasy soon transferring her flights of fancy from her imagination to the pages of an exercise book In due course graduating from childish scribbles to a more adult examination of the world around her both inside and outside the family circle she revealed an increasingly acute perception of the complex and contradictory nature of human behaviour difficulties facing women in an essentially masculine society Ginzburg exposes and analyzes problems inherent in emotional relationships which transcend their immediate context and become instantly recognizable exposing the ambiguous feelings which motivate actions and which frequently ensure that individuals are at greatest risk in their instinctive search for happiness from those closest to them and most anxious they should achieve it perception that the concept of male superiority especially prevalent in Latin society is in reality a myth dependent for its survival on women's willingness to accept traditionally subordinate roles while also appreciating that in these circumstances men are ultimately just as vulnerable as the so called weaker sex and thus equally deserving of sympathy a disinterested view of sexual politics that has inevitably alienated both male chauvinists and militant feminists

The Semantics of Grammar Anna

Wierzbicka,1988-01-01 The semantics of grammar presents a radically semantic approach to syntax and morphology It offers a methodology which makes it possible to demonstrate on an empirical basis that syntax is neither autonomous nor arbitrary but that it follows from semantics It is shown that every grammatical construction encodes a certain semantic structure which can be revealed and rigorously stated so that the meanings encoded in grammar can be compared in a precise and illuminating way within one language and across language boundaries The author develops a semantic metalanguage based on lexical universals or near universals and ultimately on a system of universal semantic primitives and shows that the same semantic metalanguage can be used for explicating lexical grammatical and pragmatic aspects of language and thus offers a

method for an integrated linguistic description based on semantic foundations Analyzing data from a number of different languages including English Russian and Japanese the author explores the notion of ethnosyntax and via semantics links syntax and morphology with culture She attempts to demonstrate that the use of a semantic metalanguage based on lexical universals makes it possible to rephrase the Humboldt Sapir Whorf hypothesis in such a way that it can be tested and treated as a program for empirical research
