Schmidt-Wulffen, 2012 Harmless and funny or racist In children's books we all remember the catchy melody and the controversy around insulting terms such as Negro and others terms What was the purpose of this To promote colonialism and exploitation or to serve as a means of education Where does such a thinking come from that downgrades Africans and Blacks Are these questions outdated Not at all In an immigration society we cannot avoid addressing such issues in everyday life as well as in education This book examines the issue in the form of children's literature Series Cultural Studies Kulturwissenschaft Estudios Culturales Etudes Culturelles Vol 41      ***Zo goed als klassiek*** Helma van Lierop-Debrauwer, 1995 Bundel met 21 teksten van beschouwende inleidingen      *Tien kleine negertjes en nog meer* Agatha Christie, Lita Maria Anna Vuerhard, 1974      *Blacks in the Dutch World* Allison Blakely, 1993 Blacks in the Dutch World examines the interaction between Black history and Dutch history to gain an understanding of the historical development of racial attitudes Allison Blakely reveals cracks in the self image and reputation of Dutch society as a haven for those escaping intolerance Pervasive images of the Moor and the noble savage in Dutch art and popular culture Black Pete servant to Santa Claus in Dutch Christmas tradition these and many other cultural artifacts reflect the racial stereotyping of Blacks that existed in the Dutch world through slavery servitude and freedom Blakely weighs the proposition that factors unique to the modern period have contributed to the creation of this racial imagery in Dutch folklore art literature and religion By viewing evolving images of Blacks against the backdrop of Western expansion the agricultural scientific and industrial revolutions and the advent of modern secular doctrines Blakely discovers that humanism and liberalism hallmarks of Dutch society since medieval times have been imperfect against race bias Blacks in the Dutch World confirms that the existence of color prejudice in a predominantly white society does not depend on the presence of racial conflict or even a significant colored population The origins are related to the complex interaction of evolving social cultural and economic phenomena      *Zwart op wit* Elisabeth Koning, Wilfred Takken, 2024-04-13 Zwarte Piet is het bekendste voorbeeld van blackface in Nederland maar zeker niet het enige Sinds de negentiende eeuw hebben honderden witte artiesten zich geschminkt om Zwarte mensen te spelen Deze traditie loopt van de minstrelshows via de revue en het toneel naar hedendaagse sketchshows op televisie De nauwelijks onderzochte Nederlandse blackfacetraditie geboren in koloniale tijden heeft bijgedragen aan een stereotype beeld van Zwarte mensen en daarmee aan racisme Historica Elisabeth Koning en NRC journalist Wilfred Takken leggen samen voor het eerst deze geschiedenis bloot in een rijk geïllustreerd journalistiek historisch boek gebaseerd op eigen bronnenonderzoek      ***Irregular Migrants in Belgium and the Netherlands*** Masja Meeteren, 2025-10-01 In *Irregular*

Migrants in Belgium and the Netherlands Masja van Meeteren studies the different ways in which irregular migrants live in Belgium and the Netherlands The book offers an empirically grounded theoretical critique of the dominant research practice that focuses on survival strategies relies on comparisons of migrant communities and overemphasizes structural explanations Instead Irregular Migrants takes irregular migrants aspirations as a starting point of analysis Based on this innovative research approach key questions are answered regarding the lives of irregular migrants How can we understand their patterns of economic and social incorporation the transnational activities they engage in and the significance of different forms of capital Drawing on intensive participant observation as well as more than two hundred in depth interviews with irregular migrants and representatives of organizations that are involved with them Irregular Migrants develops much needed contextualized insights As such it sheds new light on previous research findings and various deadlocked scholarly debates on irregular migrants in Western societies

*Agatha Christie's The Mysterious Affair at Styles in German and Dutch Translation* Marjolijn Storm, 2016-01-12 Agatha Christie is one of the most popular and most translated authors of all time Yet there is little academic work on her writing This book sets out to rectify this No matter where in the world you are Hercule Poirot is a name that conjures up certain associations The detailed analysis of the original text three German and two Dutch translations of *The Mysterious Affair at Styles* however shows that his depiction differs immensely between the individual texts In the course of this book reasons for these differences are found via the analysis of the shifts of status of Agatha Christie as an author of detective fiction and of translations from English in Germany and the Netherlands During this exploration the discovery will be made that when translated escapist literature such as Christie's detective fiction actually becomes a highly political affair
