F-20 TIGERSHARK

ABOUT THE MODEL

Congratulations! Thank you for purchasing the most realistic propeller driven jet-like model, the **F-20 TIGERSHARK**, from Direct Connection R/C.

The **F-20 TIGERSHARK** is a high performance jet-like sport scale airplane that is propeller driven instead of ducted fan. This means that no complicated building is required in routing and plumbing a ducted fan unit. Instead, the kit uses standard building procedures. Remember, this is not a beginner's kit and assumes the builder has built at least three kits before this one.

The **F-20 TIGERSHARK** was designed to use today's .40-.46 engines. If a non-schneurle ported engine is used then performance may be marginal. Standard schneurle engines work fine and acrobatic maneuvers are performed effortlessly. Speed is in the 70-85 mph range with these engines. For those of you who want maximum performance, hot schneurle motors with tuned pipes and retracts will push the **F-20 TIGERSHARK** over the 100 mph barrier and produce out-of-sight vertical performance. The kit, however, only has the materials to build the fixed gear version as will be built by the majority of fliers. Any additional materials needed for retracts or tuned pipe installation are not supplied. The plans and instructions show what is needed and required for retract installation. Please remember that whichever route you decide to take, the **F-20 TIGERSHARK** is able to slow down for realistic nose high landings.

The kit uses standard balsa and ply construction. The balsa is standard AAA grade with the exception of two places. *By design the F-20 TIGERSHARK uses C-grade or hard balsa for the fin/rudder and stabilizer.* Don't worry about having a heavy model as it will come out to its advertised weight.

When you receive the kit, inspect all the parts, read the instructions carefully and study the plans before starting to build. If there are any pieces damaged, broken or missing, or if you have a question concerning the kit, please give us a call and we will be glad to help.
