Til Faith Do Us Part Til Faith Do Us Part:

'Til Faith Do Us Part Naomi Schaefer Riley,2013-04-11 Naomi Schaefer Riley offers a compelling look at the struggles of interfaith marriages in the United States *'Til Faith Do Us Part* Naomi Schaefer Riley,2013-03-04 *Til Faith Do Us Part* is a fascinating exploration of the promise and peril of interfaith marriage today It will be required reading not only for interfaith couples or anyone considering interfaith marriage but for all those interested in learning more about this significant yet understudied phenomenon and the impact it is having on America **Interfaith Marriage** Bonni-Belle

Pickard,2022-05-05 As societies across the globe rethink and often discard the institutions of marriage and religion interfaith marriages continue to grow in number These unions usually committed to seeing past the traditional sectarian labels often struggle when the traditional sources of support for marital life faith community family support are not available Still the determination of interfaith couples to negotiate and cross boundaries gives hope to a fractured world Bonni Belle Pickard draws from her personal and professional experience to suggest ways of addressing the challenges of interfaith couples and their families **Teaching for Reconciliation** Ronald Habermas,Ronald T. Habermas,Klaus Dieter Issler,1992 Ronald Habermas and Klaus Issler have written a textbook on Christian education that reflects their conviction that the educational function of the church is central to Christ s mission of reconciliation They succeed in balancing both theory and practice

Got Religion? Naomi Schaefer Riley,2014-05-20 Why are young people dropping out of religious institutions Can anything be done to reverse the trend In *Got Religion* Naomi Schaefer Riley examines the reasons for the defection why we should care and how some communities are successfully addressing the problem The traditional markers of growing up are getting married and becoming financially independent But young adults are delaying these milestones sometimes for a full decade longer than their parents and grandparents This new phase of emerging adulthood is diminishing the involvement of young people in religious institutions sapping the strength and vitality of faith communities and creating a more barren religious landscape for the young adults who do eventually decide to return to it Yet clearly there are some churches synagogues and mosques that are making strides in bringing young people back to religion *Got Religion* offers in depth on the ground reporting about the most successful of these institutions and shows how many of the structural solutions for one religious group can be adapted to work for another The faith communities young people attach themselves to are not necessarily the biggest or the most flashy They are not the wealthiest or the ones employing the latest technology Rather they are the ones that create stability for young people that give them real responsibility in a community and that help them form the habits of believers that will last a lifetime **Immovable Laws, Irresistible Rights** Christine Pierce,2000 Same sex partnerships Pregnancy through in vitro fertilization Ending one s own life in dignity All are deemed inherently wrong by the standards of natural law ethics but for many people they represent legitimate life choices that are morally right Now a leading feminist critic of the natural law tradition explores the ongoing confrontation between natural law and moral rights to argue that

rights constitute a more solid grounding for ethics in human affairs and for feminist thought In this volume Christine Pierce s important essays including the celebrated Natural Law Language and Women expand reflect and refine this central controversy Reaching back to Aristotle and Aquinas and drawing on modern papal encyclicals and Supreme Court cases Pierce demonstrates that the natural law tradition with its doctrine of a supposed hierarchy of natural purpose has served to mystify women s nature and thereby justify restricting women to a predetermined social stratum Addressing issues that concern not only feminism but legal theory as well she defends her views on equality and universalization against a growing postmodern critique and presents rights theory as an alternative to an ethics of responsibility based on Aristotelian notions of friendship and trust Through tightly constructed arguments presented in engaging prose Pierce conveys her deep knowledge of legal philosophy and her passion for rights as she takes on such issues as AIDS gay marriage animal liberation and feminist separatism She combats the prevailing view of Plato as sexist and explores Sartre s views of holes and slime She also examines the work of contemporary authors in ecology biology sociobiology and religion to reveal their reliance on nature for ethical conclusions and she criticizes recent efforts to root a feminist natural law in Thomism With natural law concepts now in fashion with many conservatives and even some Supreme Court justices Pierce s essays offer a necessary perspective on where current legal and ethical thinking is headed Immovable Laws Irresistible Rights is invigorating reading for all scholars students and interested readers who seek a better understanding of these arguments and the issues affected by them

Rutgers Law Journal ,1994 Defending Same-sex Marriage Traci C. West,Martin Dupuis,William A. Thompson,2007 Places the struggle for marriage rights in the context of other American civil rights movements advocating legal and religious recognition of same sex marriage while educating the public about what gay marriage does and does not mean for the future of the institution of marriage Brigham Young University Law Review ,2001 *Jeff Herman's Guide to Book Publishers, Editors and Literary Agents 2006* Jeff Herman,2005-10 Now updated for 2008 this annual edition of the classic bestselling directory provides everything working writers need to find the most receptive publishers editors and agents for their work

The Challenge of Same-Sex Marriage Mark Strasser,1999-09-30 This text examines the constitutional dimensions of the same sex marriage referenda in Hawaii and Alaska and discusses the limited conditions under which the US constitution allows states to refuse recognition of same sex marriages validly celebrated in a sister state **Cardozo Women's Law Journal** ,1997 *Conflict of Laws* Eugene F. Scoles,2000 *Family Values and the New Society* George P.

Smith,1998-08-30 Beset by socio legal challenges medical and scientific advances in reproduction feminist philosophies and complex questions regarding its contemporary relevance the family together with the core values that have sustained over the years is being tested re evaluated and redesigned This book directs its focus to the current national debate on family values providing a strong and practical framework for decisionmaking in topical problem areas which integrate the social sciences law medicine political science economics ethics philosophy and religion This book analyzes both from a practical

and scholastic perspective nine areas of central focus or challenge to mainstream notions of the family Feminist perspectives on reproductive rights and responsibilities domestic partnerships and same sex relationships and new assisted reproductive technologies such as organ harvesting and child abuse are just some of the issues discussed as they relate to individuals and to the family and the values that have been the backbone of American life The author suggests an ethical ordering that balances traditional strengths of American life with accomodation for new normative standards *Out of Step* Wayne G. Boulton,1992-03-12 Of the many wounds that mark modern families the most significant is the anguish of religious loss Even when it isn t connected with a church or synagogue the family is always a sacred unit and today finds itself in exile increasingly out of step with a desacralized technological world In such a situation families need a dependable interpreter of this secularization or loss of the sacred a role Dr Boulton assigns to the ecumenical Christian Church Contents What Is Happening to the Family The Cults Send A Warning A Family That Hurts Children A Family That Hurts Wives A Family That Hurts Husbands and Grandparents A Family That Hurts the World Family Kingdom and Church The book proposes a new thesis regarding the sources of unease in family life today which distinguishes family more sharply from marriage than is typical in the literature *Conflict of Laws* Maurice Rosenberg,Peter Hay,Russell J. Weintraub,1996 Marriage and Same-Sex Unions Lynn D. Wardle,2003-04-30 This book exemplifies the high quality of thoughtful discussion and debate that is possible on the issue of same sex marriage Authors are paired to address and respond to a particular topic one in favor of state recognition of same sex relationships and one in favor of limiting state recognition to those relationships that have been traditionally recognized as marriages Proposals to legalize same sex marriage evoke strong response from those on both sides of the debate Much has been written about the legal policy issues over the legal recognition of same sex unions in the United States yet there has been little dialogue and exchange between participants in the debate This book attempts to open that dialogue and to exemplify the high quality of thoughtful discussion and debate that is possible Authors are paired to address and respond to a particular topic one in favor of state recognition of same sex relationships and one in favor of limiting state recognition to those relationships that have been traditionally recognized as marriages This ideal introduction is designed to lead the reader through the relevant issues progressing from the general to the particular Debates are contextualized offering comparative historical and family policy perspectives asking fundamental questions such as what is the purpose of a family and what interests if any that state has in promoting a particular type of family over others Issues of jurisprudence and political philosophy are examined addressing the public benefits of marriage and equal treatment before the law among other items The constitutionality of same sex marriage or domestic partnership policies is explored Finally this book covers the broad implications when states such as Vermont legally recognize same sex unions and the impact of international recognition of same sex marriage rights Christian Faith and Life ,1928 **The Pacific** ,1902
