Wells H G Wells,2020-11-20 The Time Machine is a true classic Originally published in 1895 H G Wells short novel of time travel is one of the most beloved works in all of science fiction Back when I was a twelve year old I vividly recall watching the 1960 film with Mom and Dad at the local movie house Traveling through time with the turn of the century scientist as he encounters first the Eloi and then the Morlocks proved to be among my most powerful childhood experiences

The Time Machine: H.G. Wells' Groundbreaking Time Travel Tale, Classic Science Fiction H. G. [The Time Machine \(AD Classic Illustrated\)](#) H. G. Wells,2014-06-11 Testing his time machine for the first time a Victorian scientist finds himself in the year 802 701 ad Encountering a childlike people called the Eloi who live in futuristic buildings and have no need of work the Time Traveller speculates that the human race has evolved to live in a peaceful utopian society But when his time machine is stolen by a brutish subterranean people called the Morlock the Time Traveller must enter their realm in order to continue his journey through time H G Wells is credited with the popularisation of time travel and introduced the idea of time being the fourth dimension a decade before the publication of Einstein's first Relativity papers The Time Machine also reflects on Wells' views on the antagonism between social classes resulting from different economic and social interests and the evolution of the human condition Included is The Grey Man which was originally written as chapter 11 to The Time Machine but was removed before publication and later published as a short story

The Time Machine H.G. Wells,2017-09-19 A Victorian scientist and inventor creates a machine for propelling himself through time and voyages to the year AD 802701 where he discovers a race of humanoids called the Eloi Their gently indolent way of life set in a decaying cityscape leads the scientist to believe that they are the remnants of a once great civilization He is forced to revise this assessment when he comes across the cave dwellings of threatening ape like creatures known as Morlocks whose dark underground world he must explore to discover the terrible secrets of this fractured society and the means of getting back to his own time A biting critique of class and social equality as well as an innovative and much imitated piece of science fiction which introduced the idea of time travel into the

popular consciousness The Time Machine is a profound and extraordinarily prescient novel
