Kasinitz, Xiangming Chen, 2015-07-16 *Global Cities Local Streets Everyday Diversity* from New York to Shanghai a cutting edge text ethnography reports on the rapidly expanding field of global urban studies through a unique pairing of six teams of urban researchers from around the world The authors present shopping streets from each city New York Shanghai Amsterdam Berlin Toronto and Tokyo how they have changed over the years and how they illustrate globalization embedded in local communities This is an ideal addition to courses in urbanization consumption and globalization The book's companion website [www.globalcitieslocalstreets.org](http://www.globalcitieslocalstreets.org) has additional videos images and maps alongside a forum where students and instructors can post their own shopping street experiences

**The New Yorker** Harold Wallace Ross, William Shawn, Tina Brown, Katharine Sergeant Angell White, David Remnick, Rea Irvin, Roger Angell, 1981 **Beyond Marginality?** Rik van Berkel, Harry Coenen, Ruud Vlek, 2018-12-14 First published in 1998 this volume describes and analyses organizations of social security claimants and their position in the field of force of the national welfare state in six European countries representing a diversity of welfare state regimes The authors analyse these organizations and their strengths and weaknesses from a variety of theoretical perspectives such as the opportunity structures of welfare states and national political relations the fragmentation of the social movements of social security claimants along ideological and categorical lines the impossibilities of organizing socially highly marginalized groups etc The volume also contains an introduction and an epilogue as well as a chapter dealing with the relations between collective and individual forms of social resistance

*Critical Social Issues in American Education* H. Svi Shapiro, David E. Purpel, 2004-09-22 This text reader brings together powerful readings that critically situate issues of education in the context of the major cultural moral political economic ecological and spiritual crises that confront us as a nation and a global community It provides a focus and a conceptual framework for thinking about education in light of these issues Readers are exposed to the thinking of some of the best and most insightful social and educational commentators *Critical Social Issues in American Education* Democracy and Meaning in a Globalizing World Third Edition is intended to work on two levels First it helps readers to develop an awareness of how education is connected to the wider social structures of cultural political and economic life Second it encourages not only a critical examination of our present social reality but also a serious discussion of alternatives of what a transformed society and educational process might look like The editors goal is to deliberately engage readers in connecting the work of teachers to an ethically committed politically charged pedagogy The assumption on which they base the text is that educators must see their work as inextricably linked to the broader conflicts stresses and crises of the social world it is not otherwise possible to make sense of what is happening educationally What happens in school or as part of the educational experience reflects expresses and mediates profound questions about the direction and nature of the society we inhabit The text is organized thematically into five sections which address respectively social justice and democracy consumerism culture and public education marginality and difference moral and spiritual perspectives on education and globalization and education

Each section is preceded by a brief essay that introduces the readings This Third Edition includes many new readings and addresses issues that have more recently emerged as especially significant such as concerns about the implications of globalization and the post 9 11 world commercialism violence and the ever increasing influence of high stakes testing This compelling text is relevant for a wide range of courses in educational foundations educational policy curriculum studies and multicultural education that address the social context of education cultural and political change and public policy

**Racist America** Joe R. Feagin, 2001-07-12 Racist America is a bold thoughtful exploration of the ubiquity of race in contemporary life It develops an antiracist theory rooted not only in the latest empirical data but also in the current reality of racism in the U S

*Who Killed Shakespeare* Patrick Brantlinger, 2013-09-13 Who killed Shakespeare asks the world outside the university convinced that something is rotten in the state of academia Have English professors really tossed out the Bard to take up theory instead After public relations disasters surrounding political correctness deconstruction and the Social Text hoax it seems that everyone politicians parents and the press has something to say about what is wrong with the university Patrick Brantlinger argues that critiques of the university in ruins are misdirected Shakespeare English and the humanities in general are all being marginalized not by professors but by an increasingly corporatized and career oriented direction in higher education This provocative look inside the ivory tower is required reading for anyone who thinks he or she knows what is at stake in the modern university
