Get Happy Gerald Clarke, 2009-11-11 She lived at full throttle on stage screen and in real life with highs that made history and lows that finally brought down the curtain at age forty seven Judy Garland died over thirty years ago but no biography has so completely captured her spirit and demons until now From her tumultuous early years as a child performer to her tragic last days Gerald Clarke reveals the authentic Judy in a biography rich in new detail and unprecedented revelations Based on hundreds of interviews and drawing on her own unfinished and unpublished autobiography Get Happy presents the real Judy Garland in all her flawed glory With the same skill style and storytelling flair that made his bestselling Capote a landmark literary biography Gerald Clarke sorts through the secrets and the scandals the legends and the lies to create a portrait of Judy Garland as candid as it is compassionate Here are her early years during which her parents sowed the seeds of heartbreak and self destruction that would plague her for decades the golden age of Hollywood brought into sharp focus with cinematic urgency from the hidden private lives of the movie world s biggest stars to the cold eyed businessmen who controlled the machine and a parade of brilliant and gifted men lovers and artists impresarios and crooks who helped her reach so many creative pinnacles yet left her hopeless and alone after each seemingly inevitable fall Here then is Judy Garland in all her magic and despair the woman the star the legend in a riveting saga of tragedy resurrection and genius

Our Bodies Tell the Story Emily J. Klein, Monica Taylor, 2022-12-29 2024 SPE Outstanding Book Award Honorable Mention Our Bodies Tell the Story Using Feminist Research and Friendship to Reimagine Education and Our Lives asks and answers a number of critical questions that are key to improving our educational system How can we use our embodied stories to navigate and disrupt how schools and society reproduce the patriarchy and heteronormativity within our institutions of learning How do we transgress oppressive boundaries boundaries cultivated by the patriarchy that have been perpetuated at home within school outside of school in university settings and in communities that permit our dehumanization and exclusion As teachers professors and teacher educators how do we navigate our students trauma when we are navigating the re ignition of our own This book sets out to tell the story of how the authors have tried to answer these questions in their lives and work It is the story of a friendship a partnership a narrative retelling of their becoming as girls teenagers women teachers wives daughters scholars and mothers From the earliest memories of their gendered and sexualized childhoods to the present navigation of sexism heteronormativity and trauma in

the context of teaching and schools these stories reside in their bodies They recall construct and reexamine emerging from their dialogues from talking face to face to email to FB messenger poetry and text Our Bodies Tell the Story centers around the co autoethnography of personal narratives stories and a kind of survival testimonies the ways in which the authors bore witness to each other s lives The book extensively uses co autoethnography as a self study feminist research methodology that takes autoethnography a form of self representation that complicates cultural norms by seeing autobiography as implicated in larger cultural processes Taylor Coia 2006 p 278 and moves it beyond the singular to the plural Using this methodology enables the authors to interweave their stories through dialogue so that validity insight and analysis all emerge in the text The book investigates the self within the social context of personal relationships as well as the larger society Creating a co autoethnography is a rich multi layered endeavor because it is not conducted in a vacuum As such it is an important book for faculty and researchers involved in a number of disciplines including auto ethnographic research gender studies women s studies feminist studies qualitative research and many other areas of study Perfect for courses such as Gender and Education Public Purposes of Schooling Introduction to Gender Sexuality and Women s Studies Critical Feminisms in Teacher Education Gender Issues in Teacher Education The Theatre of Kander and Ebb Robert Gordon,2025-07-24 Discover John Kander and Fred Ebb the most artistically and commercially successful musical theatre writing team since Rodgers and Hammerstein in a brand new way Identifying the theatrical approach that renders their musical dramaturgy unique this book explores their importance within and contribution to musical theatre history Through their biggest hits Cabaret 1966 and Chicago 1975 Kander and Ebb have been performed on the stage more times both within and outside of the USA than any other American musical theatre writers Unlike Sondheim whose work from 1964 increasingly aspired towards the avant garde Kander and Ebb located their projects in a nexus between art and commercial entertainment seeking to deconstruct popular forms in order to expose their ideological function This book investigates the full range of Kander and Ebb s collaboration from the pure comic entertainment of 70 Girls 70 1971 and Curtains 2006 to more overtly serious musicals such as Kiss of the Spiderwoman 1992 The Scottsboro Boys 2010 and The Visit 2014 which were less commercially successful precisely because they addressed disturbing subjects It explores how the difficult material inspired beautiful though challenging scores It also probes how the ironic counterpointing of luscious music with witty and demotic lyrics challenges the desire of a Broadway audience for escapist entertainment devoid of critical self reflection in order to create complex yet popular masterpieces of the genre This is the first volume to explicitly analyse the recurrent theatrical tropes and dramaturgical forms in Kander and Ebb s musicals offering an in depth introduction to their oeuvre

Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment Media Industries. On March 15, 2011, Donald Trump changed television forever. The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real-time reactions on Twitter, generating more than 25,000 tweets and making the broadcast the most watched Roast in Comedy Central history. The Trump Roast initiative personified the media and tech industries' utopian vision for a multi-screen and communal live TV experience. In *Social TV: Multi-Screen Content and Ephemeral Culture*, author Cory Barker reveals how the US television industry promised but failed to deliver a social media revolution in the 2010s to combat the imminent threat of on-demand streaming video. Barker examines the rise and fall of Social TV across press coverage, corporate documents, and an array of digital ephemera. He demonstrates that despite the talk of disruption, the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy. Case studies from broadcast networks to tech start-ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period. To trace these unfulfilled promises and flopped ideas, Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing. Yet in placing this now-forgotten material in recent historical context, *Social TV* shows how the era altered how the industry pursues audiences. Multi-screen campaigns

have shifted away from a focus on live TV and toward all day content streams The legacy of Social TV then is the further embedding of media and promotional material onto every screen and into every moment of life
