A Casebook of Transformational and Transactional Leadership Fil Arenas, 2019-01-28 Featuring more than twenty five case studies of leaders throughout history A Casebook of Transformational and Transactional Leadership supplements existing texts on transformational leadership and the full range model to promote higher levels of understanding of transformational and transactional leadership behaviors Beginning with an overview of transformational and transactional behavior components Arenas describes the original tenets of leadership researchers demonstrating how practicing the principles of full range leadership can aid those who guide or manage others The subsequent chapters examine influential figures from various organizational environments to provide readers with examples that connect with core full range leadership concepts Finally each chapter ends with a discussion question helping to engage students with the material and encouraging further reflection and study A Casebook of Transformational and Transactional Leadership is essential reading for both graduate and undergraduate students of leadership development as well as military and non military professionals in leadership leadership development business and management and education ANGELINA JOLIE: The Word's Most Powerful Celebrity? Pradeep Thakur, **Focus On: 100 Most Popular Fox Network Shows** Wikipedia contributors,

Focus On: 100 Most Popular Television Series by 20th Century Fox Television Wikipedia contributors, **A Shot in the Dark: A History of the U.S. Army Asymmetric Warfare Group** Paul J. Cook, 2024-05-14 This book presents the U S Army Asymmetric Warfare Group AWG as an example of successful change by the Army in wartime It argues that creating the AWG required senior leaders to create a vision differing from the Army's self conceptualization change bureaucratic processes to turn the vision into an actual unit and then place the new unit in the hands of uniquely qualified leaders to build and sustain it In doing this it considers the forces influencing change within the Army and argues the two most significant are its self conceptualization and institutional bureaucracy The work explores three major subject areas that provide historical context The first is the Army's institutional history from the early 1950s through 2001 This period begins with the Army seeking to validate its place in America's national security strategy and ends with the Army trying to chart a path into the post Cold War future The Army's history is largely one of asymmetric warfare The work thus examines several campaigns that offered lessons for subsequent wars Some lessons the Army took to heart others it ignored As the AWG was a direct outgrowth of the failures and frustrations the Army experienced in Afghanistan and Iraq the book examines these campaigns and identifies the specific problems that led senior Army leaders to create the AWG Finally the work chronicles the AWG's creation in 2006 growth and re assignment from the Army staff to a fully fledged organization subordinate to the U S Army Training and Doctrine Command in 2011 to its deactivation This action resulted not from the unit's failure to adapt to a post insurgency Army focusing on modernization Rather it resulted from the Army failing to realize that while the AWG was a product of counterinsurgency it provided the capability to support the Army during a period of great strategic and

The Great Fashion Designers Brenda Polan, Roger Tredre, 2020-01-09 Over the last 180 years designers have propelled fashion from an elite craft into a cornerstone of popular culture. This brilliantly written guide to the lives and collections of 55 iconic fashion designers draws on the latest academic research and the best of fashion journalism including the authors own interviews with designers. Beginning with 19th century couturier Charles Frederick Worth and concluding with the star names of the 2010s Polan and Tredre detail each designer's working methods and career highlights to capture the spirit of their times. This beautifully illustrated revised edition features five new designer profiles: Hedi Slimane, Raf Simons, Phoebe Philo, Alessandro Michele and Demna Gvasalia. It's also been updated throughout to reflect a fashion world in constant ferment with designers swapping jobs and fashion houses at unprecedented speed. The industry has expanded into a global phenomenon and designers have emerged as true celebrities. The Great Fashion Designers explores their passion and flair to show us fashion at its most inspirational.

Age of Icons Gavin Fridell, Martijn Konings, 2013-01-01 This volume assesses the growing role of popular icons in the construction of a culture that appears to incorporate a critical attitude towards the capitalist experience while in fact legitimizing the neoliberal character of the modern world. **It's Your Attitude** Chris Thurman, 2021-06-07 Your attitude makes or breaks you in life. We all have attitudes that are toxic and damaging to our lives and we all have healthy attitudes that help us to experience life in full. Have you ever wondered what the worst most toxic attitudes are? Have you ever wondered what the best most life enhancing attitudes are? Wonder no more. This book will help you better understand the good and the bad when it comes to the attitude you carry into each day. Far too often we focus on changing our circumstances as the best way to improve our lives. While that's all well and good, changing your attitude for the better is far more important than changing your circumstance in life. We don't need an attitude adjustment, we need an attitude overhaul. Read this book, it will help you do just that.

The History and Politics of Motor Racing Damion Sturm, Stephen Wagg, David L. Andrews, 2023-06-09 This book explores the history and politics of motor racing, one of the most popular and lucrative elements in the international sport industry. Written by a group of international scholars and motor racing specialists, it discusses the sport's origins, the relationship of motor racing to nation building and modernity, noting its links to fascism and dictatorship, the links between motor racing and the automobile industry, motor racing and the politics, both of gender and of race, motor racing, the media, and postmodernity, and motor racing, the spatial and globalization.
