The Book of Hiram Christopher Knight, Robert Lomas, 2005-12 It started as a personal quest to unearth the origins of their order s ancient rituals but 14 years after they began their search Freemasons Christopher Knight and Robert Lomas have discovered much more The Book of Hiram brings their mission to an amazing close as it painstakingly rebuilds the long forgotten story contained in the scattered rites and ceremonies of Freemasonry and puts forth explosive evidence drawn from the latest archeological discoveries the Bible and early versions of Masonic rituals What it reveals is The Masonic Testament a parallel narrative to the Bible with events that go unmentioned or unnoticed in those sacred pages including a secret science of astronomy that they find encoded in the Bible The study concludes with the startling revelation that a lost science that changed the world before could change it once again

The Lost Key Robert Lomas, 2011-06-09 Robert Lomas is the bestselling co author of The Hiram Key and other international bestsellers on Freemasonic mysteries Many say he is the model for Dan Brown s hero Robert Langdon The Lost

Key contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make Here is the truth behind the hints in Dan Brown s The Lost Symbol that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved when the next stage of initiation has been achieved Dramatic episodes include the re enacting of an ancient murder from 3 000 years ago in full gory detail lowering the candidate on the end of a rope into a dark vault under the floor of the temple holding a dagger to the candidates naked breast and making the candidate attend his own funeral In the secret teachings revealed to some high level initiates there is a type of instruction which seems curiously similar to religious and mystical teachings Astrology angels chakras and the powers of the mind to operate independently of the body such as in remote viewing are all a part of Freemasonic lore Robert Lomas is both a physicist he teaches physics at Bradford University and a Freemason Here he reveals to a wider public and also explains these secret teachings for the first time He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins they are very much part of the strange paradoxical world opened up by the latest thinking in quantum physics This is why he prefers to call them Supranatural The Secret Science of Masonic Initiation Robert Lomas,2016-02-21 Freemasonry has a deep purpose which can be overlooked in the rush of the modern world Its ritual says it is a high and serious subject But how can an individual discover the truths it outlines How do you become an Initiate and a Master A new spiritually aware generation is asking this question and demanding answers This book responds in an unexpectedly visual way Using words and images it leads you through the spiritual stages of Masonic knowledge The Craft teaches that each new apprentice shall find a teacher to gain instruction The open Lodge is not the place for instruction but a place for living out truths which should be taught privately by contemplation of symbols Robert Lomas has spent thirty years as a University teacher and twenty years studying Freemasonry and its ritual In this book he shares his personal insight into the Craft explains his understanding of its ritual and outlines the steps a Mason must take to find self knowledge His words are illuminated by the unique symbolic drawings of two masters of Masonic Tracing board design The purpose of Freemasonry is to help its members become Initiates in the science of Life If you want to know yourself then Freemasonry offers a path to that knowledge It is a spiritual adventure fit for the athletic and adventurous mind The Secret Science of Masonic Initiation reveals that path *Turning the Hiram Key* R. Lomas,2007-10-01 **The Hiram Key** Christopher Knight,Robert Lomas,2011-10-31 Was Jesus a Freemason The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4 000 years of history This astonishing bestseller raises questions that have challenged some of Western civilisation s most cherished beliefs Were scrolls bearing the secret teachings of Jesus buried beneath Herod s Temple shortly before the destruction of Jerusalem

by the Romans Did the Knights Templar the forerunners of modern Freemasonry excavate these scrolls in the twelfth century And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple Roslyn Chapel in Scotland where they are now awaiting excavation The authors discoveries shed a new light on Masonic ceremony and overturn our understanding of history **The Second Messiah** Christopher Knight, Robert Lomas, 2001-08-01 For almost seven and a half centuries a piece of cloth was venerated because it bore the image of the crucified Christ However but results of carbon dating have shown that the fabric could not have predated 1260 Now new evidence conclusively proves that it is not a face yet neither is it the image of Jesus Christ In the follow up to their groundbreaking first book The Hiram Key Christopher Knight and Robert Lomas continue their research into the mysteries of Freemasonry and the true historical Jesus and uncover the precise time and place of the shroud's creation The answer to the great mystery of the Shroud of Turin will surprise and astonish as the authors unlock the secrets of abandoned Freemason rituals and the man who would be called the Second Messiah
