Tut Application Forms 2015 Academic Year:

Eurasia 2.0 Mark Bassin, Mikhail Suslov, 2016-03-17 This book discusses the return of geopolitical ideas and doctrines to the post Soviet space with special focus on the new phenomenon of digital geopolitics which is an overarching term for different political practices including dissemination of geopolitical ideas online using the internet by political figures and diplomats for legitimization and outreach activity and viral spread of geopolitical memes Different chapters explore the new possibilities and threats associated with this digitalization of geopolitical knowledge and practice Our authors consider new spatial sensibilities and new identities of global as well as local Selves the emergence of which is facilitated by the internet They explore recent reconfigurations of the traditional imperial conundrum of center versus periphery Developing Manuel Castells argument that social activism in the digital era is organized around cultural values the essays discuss new geopolitical ideologies which aim to reinforce Russia's spiritual sovereignty as a unique civilization while at the same time seeking to rebrand Russia as a greater soft power by utilizing the Russian speaking diaspora or employing traditionalist rhetoric Great Power imagery enemy making and visual mappings of Russia's future territorial expansion are traditional means for the manipulation of imperial pleasures and geopolitical fears In the age of new media however this is being done with greater subtlety by mobilizing the grassroots contracting private information channels and de politicizing geopolitics Given the political events of recent years it is logical that the Ukrainian crisis should provide the thematic backdrop for most of the authors

Assessment in Open, Distance, and e-Learning Jessica Evans, Sally Jordan, Freda

Wolfenden, 2020-05-06 Universities across the globe are attempting to change assessment practices to address challenges in student engagement and achievement and to respond to a global employability agenda demanding evidence of a broader range of skills and competencies In the UK this has acquired urgency given the shift of higher education over the last 20 years from the prerogative of an elite minority to mass participation in a highly diversified market system Integral to this interrogation of objectives for assessment is the identified need to develop and improve academics assessment practice Strategies frequently focus on attendance at formal Continuous Professional Development events and or implementation of institutional blueprints This book showcases how scholarship as part of academics practice can be part of an academic toolkit for change that expands awareness and knowledge of the purposes and effects of the pedagogy of assessment The case studies ranging from assessment in Massive Open Online Courses MOOCs to assessment design for students whose first language is not English to the effectiveness of peer learning to support academic integrity and programme level assessment strategies are framed by an introduction that explores a communities of practice approach to the institution wide improvement of assessment It argues through a case study from The Open University OU that academics professional expertise is best deepened through participation in authentic activities of teaching and scholarship The discussion identifies what is involved in such an approach including the role of an enabling principles based framework the constraints on

implementation and the implications for leaders of teaching and learning This book was originally published as a special issue of the Open Learning journal *Peer review in an Era of Evaluation* Eva Forsberg, Lars Geschwind, Sara Levander, Wieland Wermke, 2022-01-03 This open access volume explores peer review in the scientific community and academia While peer review is as old as modern science itself recent changes in the evaluation culture of higher education systems have increased the use of peer review and its purposes forms and functions have become more diversified This book put together a comprehensive set of conceptual and empirical contributions on various peer review practices with relevance for the scientific community and higher education institutions worldwide Consisting of three parts the editors and contributors examine the history problems and developments of peer review as well as the specificities of various peer review practices In doing so this book gives an overview on and examines peer review and asks how it can move forward This is an open access book

Resources in Education, 1998-04 Sport, Statehood and Transition in Europe Ekain Rojo-Labaien, Álvaro Rodríguez Díaz, Joel Rookwood, 2020-05-04 This book examines the political significance of sport and its importance for nation state building and political and economic transition across thirteen post Soviet and post socialist countries primarily located in Eastern Europe Adopting a critical case study approach building on historical and comparative frameworks the book uses sport as a symbolic lens through which to examine the transition of Eastern European countries to the Western capitalist system Covering a wide geographical area from Poland to the Caucasus and Turkmenistan it explores key themes such as nationalism governance power relations political ideology separatism commercialisation and economic development and the symbolic value of mega events Sport Statehood and Transition in Europe is fascinating reading for anybody with an interest in sport policy the politics of sport or political science

Art in Chicago Maggie Taft, Robert Cozzolino, 2018-10-24 For decades now the story of art in America has been dominated by New York It gets the majority of attention the stories of its schools and movements and masterpieces the stuff of pop culture legend Chicago on the other hand well people here just get on with the work of making art Now that art is getting its due Art in Chicago is a magisterial account of the long history of Chicago art from the rupture of the Great Fire in 1871 to the present Manierre Dawson Lszl Moholy Nagy and Ivan Albright to Chris Ware Anne Wilson and Theaster Gates The first single volume history of art and artists in Chicago the book in recognition of the complexity of the story it tells doesn't follow a single continuous trajectory Rather it presents an overlapping sequence of interrelated narratives that together tell a full and nuanced yet wholly accessible history of visual art in the city From the temptingly blank canvas left by the Fire we loop back to the 1830s and on up through the 1860s tracing the beginnings of the city's institutional and professional art world and community From there we travel in chronological order through the decades to the present Familiar developments such as the founding of the Art Institute the Armory Show and the arrival of the Bauhaus are given a fresh look while less well known aspects of the story like the contributions of African American artists dating back to the 1860s or the long history of activist art finally get

suitable recognition The six chapters each written by an expert in the period brilliantly mix narrative and image weaving in oral histories from artists and critics reflecting on their work in the city and setting new movements and key works in historical context The final chapter comprised of interviews and conversations with contemporary artists brings the story up to the present offering a look at the vibrant art being created in the city now and addressing ongoing debates about what it means to identify as or resist identifying as a Chicago artist today The result is an unprecedentedly inclusive and rich tapestry one that reveals Chicago art in all its variety and vigor and one that will surprise and enlighten even the most dedicated fan of the city's artistic heritage Part of the Terra Foundation for American Art's year-long Art Design Chicago initiative which will bring major arts events to venues throughout Chicago in 2018 Art in Chicago is a landmark publication a book that will be the standard account of Chicago art for decades to come No art fan regardless of their city will want to miss it
