**The Ili Rebellion** Linda K. Benson, 2020-10-28 In 1944 Moslem forces in China's westernmost province of Xinjiang rose against the Chinese authorities and succeeded in establishing a small independent Islamic state the East Turkestan Republic Based on newly available archival material this book describes the Moslem challenge to Chinese rule and documents the Nationalist government's response to newly awakened Turkic Moslem nationalism on China's most remote and politically sensitive north western frontier With this book Linda Benson aims to break new ground in the study of Sino Soviet relations and especially of the policies of Chinese governments toward their national minorities

**The Failure of Environmental Education (And How We Can Fix It)** Charles Saylan, Daniel Blumstein, 2011-05-25 At a time when wild places everywhere are vanishing before our eyes Charles Saylan and Daniel T Blumstein offer this passionate indictment of environmental education along with a new vision for the future Writing for general readers and educators alike Saylan and Blumstein boldly argue that education today has failed to reach its potential in fighting climate change biodiversity loss and environmental degradation In this forward looking book they assess the current political climate including the No Child Left Behind Act a disaster for environmental education and discuss how education can stimulate action including decreasing consumption and demand developing sustainable food and energy sources and addressing poverty Their multidisciplinary perspective encompasses such approaches as school gardens using school buildings as teaching tools and the greening of schoolyards Arguing for a paradigm shift in the way we view education as a whole The Failure of Environmental Education demonstrates how our education system can create new levels of awareness and work toward a sustainable future

**Bridges** Franklin Sherman, 2011 *The Ili Rebellion* Linda Benson, 1990 In 1944 Moslem forces in China's westernmost province of Xinjiang rose against the Chinese authorities and succeeded in establishing a small independent Islamic state the East Turkestan Republic Based on newly available archival material this book describes the Moslem challenge to Chinese rule and documents the Nationalist government's response to newly awakened Turkic Moslem nationalism on China's most remote and politically sensitive north western frontier With this book Linda Benson aims to break new ground in the study of Sino Soviet relations and especially of the policies of Chinese governments toward their national minorities

**The Benefit**

**of Inter-religious Co-operation** Affolderbach, Martin,2020-05-27 Many societies shaped by culture religion and tradition that have grown over centuries are transforming into multi cultural and multi religious societies Logically religious communities are also strongly affected by these demographic and cultural developments Co operation between different religions and confessions becomes increasingly important The articles in this volume take a closer look at a number of developments in inter religious co operation What challenges and opportunities do such collaborations offer What are the benefits of interfaith dialogues and common actions This collection of four essays addresses those questions using different scales of analysis and specific examples of inter religious initiatives and dialogue The articles are intended to provide an overview for interested readers and for those who are already involved in this field as well as information contacts and opportunities to connect *Twelve members' court battle with the Dutch Reformed Church* Laurie Gaum,Chris

Jones,2021-08-12 At the beginning of 2017 the backlash cycle was in full swing in church denominations in South Africa as far as embracing sexual diversity was concerned In 2015 a momentous decision by the General Synod of the Dutch Reformed Church DRC embracing inclusivity in allowing LGBTIQA ministers to not be celibate and its ministers to officiate same sex marriages surprised friend and foe But this was reversed a year later in an Extraordinary General Synod of the church The disappointing outcome of the De Lange v Methodist Church of Southern Africa case had just been handed down by the Constitutional Court and the Anglican Church s stalling on fully affirming sexual diversity continued [The Causes of War](#)

Alexander Gillespie,2023-12-14 This is the fifth volume in a series charting the causes of war from 3000 BCE to the present day written by a leading international lawyer While contextualised in the conflicts and patterns of the period this work as drawn directly from the treaties and the negotiations which led up to them shows what made both war and peace The period covered in this volume 1800 to 1850 brings this series into the start of the modern world From the Napoleonic Wars through to the international mechanisms that followed the first efforts at global cooperation to maintain peace between the major powers were unique So too the spread of colonialism the expansion of the United States the weakening of the Ottoman Empire and the disintegration and reforming of South America Each of these external actions that were often linked to war were mirrored by changes within societies as the values each society fought for often became just as contentious within countries as they were between them

*1848* Mike Rapport,2009-02-03 A lively panoramic history of a revolutionary year New York Times In 1848 a violent storm of revolutions ripped through Europe The torrent all but swept away the conservative order that had kept peace on the continent since Napoleon s defeat at Waterloo in 1815 but which in many countries had also suppressed dreams of national freedom Political events so dramatic had not been seen in Europe since the French Revolution and they would not be witnessed again until 1989 with the revolutions in Eastern and Central Europe In 1848 historian Mike Rapport examines the roots of the ferment and then with breathtaking pace chronicles the explosive spread of violence across Europe A vivid narrative of a complex chain of interconnected revolutions 1848 tells the

exhilarating story of Europe's violent Spring of Nations and traces its reverberations to the present day **Religion and Politics in the United States** Kenneth D. Wald, Allison Calhoun-Brown, 2018-01-23 Using an evidenced based social scientific approach to religion Kenneth D Wald and Allison Calhoun Brown challenge the perception that religious influence in American politics is a problem to be solved Instead they contend that religion is a form of social identification that not only shapes our ideas about politics but it also shapes the behavior of political elites and ordinary citizens the interpretation of public laws and the development of government programs Ultimately the authors show how religion plays a fascinating and crucial role in our nation's political process and in our culture at large The eighth edition of Religion and Politics in the United States has been fully updated to include the latest scholarship and coverage of the 2016 presidential election It also features a new discussion of the religious right center and left as well as the impact of religion on the fight for equality based on gender and sexual orientation Additional student resources include all new discussion questions and further readings at the end of each chapter as well as a companion website featuring self quizzes
