needed to live them A Gentle Path Through the 12 Steps and 12 Principles Bundle Patrick J Carnes,2012-07-17 Two book bundle Essential Twelve Step Recovery Guides from renown author Patrick Carnes Ph D It was out of his reverence and respect for the wisdom and therapeutic value of the Twelve Steps that author Patrick Carnes wrote A Gentle Path through the Twelve Steps now a recovery classic and self help staple for anyone looking for guidance for life s hardest challenges Hundreds of thousands of people have found in this book a personal portal to the wisdom of the Twelve Steps With updated and expanded concepts and a focus on the spiritual principles that lead to lifelong growth and fulfillment Carnes new edition invites a fresh generation of readers to the healing and rewarding experience of Twelve Step recovery A Gentle Path through the Twelve Principles outlines twelve guiding principles to help those in recovery These principles have existed among fellowships as a hidden curriculum of fundamental truths about recovery for decade but never before have them been distilled into a succinct set of values that when practiced help each of us to develop an essential skill set for life The principles such universal touchstones for human self realization as acceptance awareness responsibility openness and honesty are concepts that enable a deep inner study and focus to make a new life happen in recovery The Sermon on the Mount, the Twelve Steps, and the Royal Road Daniel Hazelwood,2018-04-13 In The Sermon on the Mount the Twelve Steps and the Royal Road Dan Hazelwood presents a unique blend of early church Christianity and the twelve step recovering program that explains how the Christian experience changed over the last four hundred years and how the twelve step process reconnects a spiritually seeking person to a deeper Christ experience that many mainstream churches cannot duplicate In preparation for this journey into studying the sermon he takes the reader on a historical church odyssey and highlights significant philosophical church and secular events that not only affected Christian thought but also were significant in altering how current Christians view Christ He also demonstrates why early Christians viewed Christ differently By providing this background he prepares the reader to study the sermon in a manner the early church did while simultaneously demonstrating why the twelve steps represent a reconnection to an almost lost and forgotten Christ experience Complementing this journey is an exhaustive examination of biblical Greek so that the reader may gain a deeper understanding of the sermon in its original majestic splendor This challenging and thought provoking book unlocks the deeper meanings of many biblical passages and greatly enhances a spiritual seekers walk **The 12-Step Buddhist** Darren Littlejohn,2009-03-10 The face of addiction and alcoholism is a face that many have seen before it may be a celebrity a colleague or even a family member And though the 12 step program by itself can often bring initial success many addicts find themselves relapsing back into old ways and old patterns or replacing one addiction with another Author Darren Littlejohn has been there and back and presents a complimentary guide for recovery to the traditional twelve step program out of his own struggles and successes through the study of Zen and Tibetan Buddhism Working with the traditional 12 Step philosophy the author first shares his own life path and how he came to find the spiritual solace that has greatly enhanced his

life in recovery Then he details out how his work integrating Buddhism into the traditional twelve step programs validates both aspects of the recovery process While being careful not to present himself as a Tibetan lama or Zen master the author shows how each step such as admitting there is a problem seeking help engaging in a thorough self examination making amends for harm done and helping other drug addicts who want to recover fits into the Bodhisattva path This integration makes Buddhism accessible for addicts and the 12 Steps understandable for Buddhists who may otherwise be at a loss to help those in need The 12 Step Buddhist is designed to be a complimentary practice to the traditional 12 step journey not a replacement While traditional twelve step programs help addicts become sober by removing the drug of choice and providing a spiritual path they rarely delve deep into what causes people to suffer in the first place The integration of Buddhism with the traditional process provides the wisdom and meditations that can help addicts truly find a deep spiritual liberation from all causes and conditions of suffering for good
