**Twenty-Eight Years with a Heart Gone Bad** Ralph Stump, 2015-12-21 This memoir chronicles a twenty nine year journey from a minor heart attack to a full heart transplant and from a total shutdown of activities to a fulfilling functional lifestyle

*The Open Heart Club* Gabriel Brownstein, 2019-10-22 This absorbing and poignant book is not merely the story of one writer's flawed heart. It is a history of cardiac medicine, a candid personal journey, and a profound reflection on mortality. Born in 1966 with a congenital heart defect known as the tetralogy of Fallot, Gabriel Brownstein entered the world just as doctors were learning to operate on conditions like his. He received a life saving surgery at five years old and since then has ridden wave after wave of medical innovation, a series of interventions that have kept his heart beating. *The Open Heart Club* is both a memoir of a life on the edge of medicine's reach and a history of the remarkable people who have made such a life possible. It begins with the visionary anatomists of the seventeenth century, tells the stories of the doctors, all women who invented pediatric cardiology, and includes the lives of patients and physicians struggling to understand the complexities of the human heart. *The Open Heart Club* is a riveting work of compassionate storytelling, a journey into the dark hinterlands between sickness and health, lit by bright moments of humor and inspiration.

*Land of Opportunity* William M. Adler, 2021-10-11 Part true crime, part work of urban sociology, *Land of Opportunity* is a meticulously researched account of the rise and fall of the Chambers brothers, who ran a multi million dollar crack cocaine operation in Detroit in the 1980s. Descended from Arkansas sharecroppers, BJ Larry and Willie Chambers moved to Detroit seeking economic opportunity and built a successful drug empire by applying strict business principles to their trade; their business grossed an estimated 55 million annually until the brothers were sent to prison in 1989. Reading the Chambers brothers in the context of the fall of the Detroit auto industry and its impact on the city's economy and residents, *Land of Opportunity* demonstrates how, for the Chambers brothers, crack dealing was a rational career choice, and through the Chambers brothers' story, Adler provides bottom up history of late Second Great Migration, deindustrialization, the War on Drugs, and crack era in both Detroit and the United States.

**The Adventures of Inspector Lestrade** M. J. Trow, 2021-03-06 Book four in the Inspector Lestrade series. It is 1891 and London is still reeling from the horror of the unsolved Ripper murders when Inspector Lestrade, that ferret like anti hero so often out detected by the legendary Sherlock Holmes, is sent to the Isle of Wight to investigate a strange corpse found walled up in Shanklin Chine. But this is only the start of the nightmare. It is merely the beginning of a series of killings so brutal, so bizarre, and apparently so random that only a warped genius and a master of disguise could be responsible. Even when Lestrade pieces together the extraordinary pattern behind the crimes from the anonymous poems sent after each murder, he is no closer to knowing the identity of the sinister

self styled Agrippa the great long red legged scissor man It becomes a very personal battle and Lestrade's desperate race to avert the next death in the sequence takes him all over the country from London to the Pennines and back resulting in a portfolio of suspects which covers the entire range of late Victorian society
